Beautiful Bust and Shoulders are possible if you will wear a scientifically constructed Bien Jolie Brassiere. The dragging weight of an unconfined bust so stretches the supporting muscles that the contour of the figure is spoiled. put the bust back where it belongs, prevent the full bust from having the appearance of flatness, eliminate the danger of dragging muscles and confine the flesh of the shoulder giving a graceful line to the entire upper body. They are the faintest and most serviceable garments imaginable—come in all materials and styles: Cross Back, Hook Front, Surplice, Bandeau, etc. Bonded with "Walolin," the rustless boning—permitting washing without removal.
