

Cheap clothing at the Salina Clothing Store.

Thanks to Mr. Short for a huge watermelon.

Salina has the steam and gas light and a wind mill.

There seems to be more fruit in the market this season than ever before.

Notice the new advertisement of Messrs. Bowen & Van Horn, real estate agents.

Water-melons have been selling at three cents apiece here for a week past.

The iron front to Gels & Co's new bank building has been put up this week and looks finely.

The total valuation of all taxable property in Salina county is \$1,867,468.61.

The hum of thrashing machines is the music that we hear now.

Three standard brands of Fine Cut Chewing at Wells' New Cigar and Tobacco store.

We notice that many independent tickets are being brought out in this state.

Every body that wants a good Cigar will find it at Wells' New Cigar and Tobacco store.

A splendid assortment of Fall clothing has lately been received at Heller's, the Salina Clothing Store.

Thanks to Mr. Thatcher for a splendid bottle of ale, and to Mr. Straits for a fine brace of prairie chickens.

W. C. Wells has lately put a sign in front of his tobacco and cigar store not excelled in beauty by any in the city.

A Sheldon, register of deeds of this county, is putting up a fine residence just north of the court house.

Post is receiving car loads of wagons continually. He will furnish you a good bargain on short notice.

Ed. Kolbays made us a piece of wood work, and wouldn't take any pay for it either. Ed. is a good workman.

Rev. J. Boynton has returned from his recent trip to Michigan. His mother died two days after his arrival there.

Heller's name is on every tongue. Why? Because he sells cheaper and better clothing than any one else in Western Kansas.

Lotz & Holland's frame furniture building is being raised and now we conclude the sidewalk will be going in front of it.

James Chase, Esq., has been appointed deputy treasurer of Salina county. His appointment gives good satisfaction.

No better Plug or Smoking Tobacco's to be found than at Wells' New Cigar and Tobacco store.

For Fall and Winter Suits you cannot do better suited anywhere than at Heller's clothing store.

We received a call Tuesday from Hon. James Humphrey of Junction City, who was in town tending to some business in the U. S. Land office.

Quarantine's exorbitant rates are still the subject in commercial circles east, while Durham is selling off rapidly cheap land, and city property in Salina.

Messrs. Bowen & Van Horn, are the agents for the National Land and Emigration Company of Kansas. They have 200,000 acres of land for sale. Here is a chance to invest.

We understand that the U. S. Land Office will be removed from its present position to the Chapman building, south of the Post Office, the first of next month.

We are in receipt of the first number of the Council Grove Chronicle, a thirty-six column paper. Great property we wish for it but see for it rough picking.

When the torrid rays down-shooting, cast their heated breath, from the most popular resort in Whitman's where you can get cool, refreshing and delightful ice cream of his.

J. M. Coombs of Brookville offers to trade a half interest in his livery stable for Texas cattle. He will furnish proof that his business is paying well. Now is a chance for Texas men to make a good bargain.

Councilman Brown is strengthening his building opposite J. W. Berks' land office with braces and otherwise securing the same against the hind winds that once in a while prevail in this country.

A party of ladies and gentlemen living in Salina are contemplating a Buffalo hunt this fall. Tent life for a week or so out west will afford a great deal of pleasure and will be healthful.

Lotz & Holland's new furniture establishment is now comfortably established at their new stand and have everything in "apple pie" order. Without doubt they have the most extensive and neatest furniture store in all Western Kansas.

Thatcher's is the favorite resort for those wishing a good meal. We noticed the place literally full of diners, Tuesday evening, which was, we conclude a supper gotten up for some express occasion.

A great fire is reported in Williamsport Pa. The town is almost entirely built of wood; so is Salina, and this great calamity should remind us that we ought to insure at once in reliable companies at Durham's.

The water power just above the city, if properly improved would make Salina a great manufacturing place. Of course in time capitalists will direct their attention to this important feature and make it conduce to the advantage of our city.

Some one, unknown, had the "brassiness" to send last evening Willis Keeler a brass collar through the mail. "Jack Booner" was engraved on the collar. Jack got the collar. His dog was stolen early last spring but returned a few days after, minus the collar.

Hon. I. S. Killoch, George T. Anthony, of the Kansas Farmer, Senator Pomeroy and Governor Harvey have been invited to be present at our coming fair and have accepted the invitation. Each day there will be an address from one of these gentlemen.

Mr. Jacob Lay, the proprietor of the American House, having made arrangements to go into some other business, announces in an advertisement in this paper that he will sell off at auction on the 4th of September, all of his best furniture.

E. F. Millard, Esq. and Col. Jackson of Texas are erecting another sawing mill at Council Grove. Mr. Millard is a live, energetic, enterprising gentleman, and is doing up, in any undertaking, [Council Grove Chronicle.]

Ed Millard represented Salina county in the Kansas legislature in 1867.

LAYING THE CORNER STONE.—The corner stone of the new Methodist Church is to be laid with appropriate ceremonies on Wednesday, Aug. 30th at 5 o'clock, p. m.

All are cordially invited.

J. BOYNTON, Pastor.

We have received many letters of appreciation of THE JOURNAL, but the following, from a business man of a county west of this, is the most enclosed, yet succinct, of them all.

"Enclosed find, I can't do without THE JOURNAL any longer. Truly etc." That is a man that we love.

Col. S. M. Keys, one of the reliable farmers of Gypsum Creek, was in the city Saturday, having driven in in the neatest single wagon we have seen in our state. It was manufactured by one of our mechanics from a photograph obtained by Mr. Keys from New York. Friend Keys was tickled at the workmanship and similarity.

The condition of the sidewalk between Ash street and our office, on Santa Fe avenue, reminds one very forcibly of the boyhood days when he used to jump from log to log in some wide and deep mill pond—first up and then down. Cowhide boots are hardly a protection against broken toe nails and sore shins. One of these days there will be a new sidewalk and then we will feel better.

Messrs. Hamlin & Woolley announce in their advertisement in this paper that they will move their stock into their new building on the 28th of September instead of the 26th of this month as heretofore announced. The delay in the removal is caused by their being unable to get the number of carpenters required to finish the building at the time first proposed.

We are glad to announce that Mr. A. G. Coase, late a resident of Junction City, has finally concluded to make Salina his future home. He has had a large experience in business life, and has proven himself in an eminent degree in qualifications and reliability as a valuable acquisition to the business circles of every place in which he has settled. He has invested largely in real estate here, and proposes to erect several fine brick business houses in this city. We hail with pleasure the coming of such men among us.

M. C. Page, of this city, while digging a well upon his farm a short distance from Salina, came upon the most perfect fossils yet found in this country. He found wonderfully perfect specimens of oak, walnut, maple and pine leaves which would be of great value to a museum.

Mr. Page has also found good indications of petrified corals being made in this section of the State have directed the attention of scientific men hither, and perchance their investigations will open up a chapter in the geological history of our State not hitherto recorded.

The new town of Lake View seems to be looking up into importance. It is near the geographical center of McPherson county and will before long lay its claims to the county seat. Four fine business houses are in course of erection there. Many more houses will be put up this season. This town is twenty miles from the terminus of the Atchison, Topeka & Santa Fe Railroad and will undoubtedly be on the line of that road. Mr. Geary, a resident of that place has already received orders to prepare for the stage line and is now making preparations for building a stable to accommodate the stage horses.

There was a tremendous howl all around because the Salina papers saw fit to give each other a little "Hall Columbia" in the past. But the "omnipotence" here was mild in comparison to what the Paola papers have been indulging in late for down there it is considered a pleasant pastime. They are trying to see which can beat the other in employing epithets, using the word "har," etc. Often in newspaper controversies overseas is permitted to run away with the judgment, and we fear this is the case with the Paolaites. While we like to see any standing for his rights, and resenting wrong of any kind, we decidedly wish to see harmony, and where there is discussion it should be conducted gentlemanly and with courteousness. Let there be "peace in the family," gentlemen.

MAPLE BEES, SALINA CO., KAN. Aug. 21st. Editors of the Salina county Journal.

I inhale in full your views as to the necessity of a bridge over the Solomon River. It is a public necessity. The tax-payers of this county, living north of the Solomon cannot come to the county seat without fording this treacherous river, and immigrants are deterred from this county for the want of a bridge.

Three years ago I voted for a bridge to be built over this river.

I am willing to call an election to vote bonds for said bridge, and at the same time to also vote bonds for a bridge at Brookville. In justice to the people of these sections of the county, I will vote and work for both bridges.

T. D. WICKERSHAM.

A day in Brookville, last week, gave us an opportunity of seeing to advantage, the wonderful improvements that have taken place there within a few months. We visited the round-house built of beautiful white stone, capable of containing eleven locomotives, we believe. It is a fine structure. Brookville is very picturesque as you view it on the approach from the hinter. The bluffs that enclose the beautiful valley of Spring creek to the west give interest to the picture that can be seldom found elsewhere in this country. As you look down on the house-tops from the heights above, in a soft twilight, you can almost fancy as the fans of the wind-mill at the depot are slowly revolving, that distance was being annihilated in short time and that you are about to set down in one of those cozy towns of Holland. There is not that instable look about this place you find so frequent in the new towns of the West. The buildings are substantial, the improvements fixed and the people enthusiastic in the preservation of good order at home and a good name abroad. Brookville has a third class city organization with a Mayor, Council and police force. A highly intelligent and much respected gentleman by the name of Palmer is the Mayor. Our friend, Dr. Stearns a practicing physician and proprietor of a well stocked drug store at that place, is police Judge. Barney Bohan, Esq., is the city Marshal. Under Barney's administration peace and good order prevail. Brookville has a number of good business houses, all doing well, which is the evidence of its present prosperity. The stock yards at this point are not excelled any where on the Kansas Pacific. A vast amount of money has been expended upon them, and they have the capacity of accommodating vast herds of cattle brought there for shipment.

We met many good souls upon our visit. Among them we may mention J. M. Coombs, who is doing well in his "Pioneer Livery Stable," E. Tark, Dr. Stearns, Conductor Wilcox, Joseph Brannon, D. Holligan, Barney Bohan, William McDonald, Henry Liebert, and Thomas Bennett. Brookville will make a good town. It has a good trade from Lincoln, Ellsworth and Salina counties. It will always be a good outlet market for the reason that there is a vast amount of pasture land near by suited for the location of herds. Success to our sister town.

The State Fair takes place at Topeka on the 11th, 12th, 13th, 14th and 15th days of September. We hope to see a large delegation of people from Salina in attendance on this occasion. The railroad fare will be reduced one-half. We acknowledge the receipt of one of the large sheets about printing by mail, from the Commonwealth office. It is beautiful in design and well printed.

I desire the voters of Salina county to remember that I am a candidate for Sheriff, at the coming fall election. I have no time or money to spend in traveling about the county to visit individuals, neither do I like the practice, but whenever desired I will give my views upon politics or any subject of local importance, at any public meeting.

I desire no man to vote for me unless he does so, believing that I am a proper person for the position, for I believe in men voting as they think is right.

H. L. JONES.

The following is the Verdict of the Coroner's Jury, at an inquest holden over the body of August Schuster, deceased.

STATE OF KANSAS, COUNTY OF SALINA.

At an inquest holden in Ohio township, county and state aforesaid, on the 16th day of August, 1871, before John B. Groger, Coroner of said County, on the body of August Schuster, lying dead, by the Jurors whose names are hereto subscribed, the said Jurors on their oaths do say that the said August Schuster came to his death by a gunshot wound through the head; that said gunshot wound was inflicted by himself between the 12th and 14th days of August, 1871. In testimony whereof, we have subscribed our names, day and year above written.

JAMES BEVERLIN, W. H. SUTTON, D. W. AUSTIN, RICHARD POTTS, A. MISSENIETTER, LUTHER LAMAR, JOHN B. GROGER, Coroner, Salina Co., Kansas.

Subscribed before me on Salinity Creek, Salina county, this 16th day of August, 1871. JOHN B. GROGER, Coroner, Salina Co., Kansas.

LIFE ASSOCIATION OF AMERICA.—We are glad to learn that this enterprising first class company, has commenced operations in this county, and also glad that our citizens have shown their appreciation of a good thing by taking policies for large amounts in this most wonderful company. We quote the words of the Hon. Wm. Barnes, who was for many years Commissioner of Insurance, for New York, and is considered the first authority in insurance matters in the United States. Speaking of the Life Association of America, he says: "So far as my knowledge extends, no company in the world, during the same period of time from organization, has ever issued so large an amount of premium income." The association has already extended its operations to most of the states, embracing twenty-eight distinct departments. Its income to January 1st, 1871, was about four million of dollars, and the amount of insurance about forty-six millions. The members of the Board of Trustees for Salina, met at the office of Dr. J. W. Crowley, and the following gentlemen were elected officers of the board:

ROBERT H. BISHOP, President, JAMES M. WILSON, Vice President, Wm. R. GELS, Treasurer, E. E. BOWEN, Secretary, J. W. CROWLEY, Medical Examiner.

The enterprising firm of Bowen & Van Horn are the agents for this district. We also learn that in addition to the many other good features presented to the insuring public by this company, is that seventy per cent of the premiums received, will be loaned at this agency, which will be a great help to our citizens and the farmers who desire to loan money. We obtained these facts from Mr. J. E. C. Cove, Special Agent for Crawford & Wright, State Managers, who will remain some time to assist Messrs. Bowen & Van Horn. In increasing the goodly number of policies already obtained.

LOCAL NOTICES.

"You Know How 'Tis Yourself!"

When a person wants to buy cheap, he goes where they sell cheap and can afford to sell at "low" prices.

"Which is Why"

So many are disposed to call on

FLANDERS & MARLIN.

"Which is the Same I Rise to Explain"

In the first place, they buy and sell for cash, always buy as low as the lowest, and by selling for cash can afford to do business on a much smaller margin than if they sold on time.

"And My Reason is Plain."

For they do not have to charge their good-paying customers extra prices in order to make up what they lose on poor-paying ones.

"And the same I am free to Maintain"

Consequently I think
