Mr. John Rodell, clerk at Ober, Bond & Wilson's, is quite sick. Remember Powers, Goodnow & Co. will not be overbid on grain.

The funding bill has been consigned to a seat among things that were, but are not. On your way home stop in and buy a can of those fine oysters at Lay's.

Everything new and noble in hats and caps, the latest stock in the west. Call and examine. OBER, BOND & WILSON.

Kansas is the center of the United States and Salina is the center of Kansas. Salina is therefore the hub of hubs. The best and cheapest teas in town. Even our competitors admit it.

A very desirable residence in a thriving town in Central Illinois to trade for either city or county property. Enquire at the store of Sargent & Williams'. Several fellows who hold tickets in the Louisville Lottery, which takes place next Saturday, are already telling what they will do if they get a lump of the capital prize. If their chances of getting into it better after drawing duets at Louisville, they had better invest in a protracted meeting at once.

Messrs. Whitehead & Seaman are ready to supply newspaper men of this section with envelopes of all kinds, about as cheap as they can buy them at St. Louis or Chicago. They also think of keeping on hand a full assortment of stationery for printers, and selling it at such figures as to command the trade of Central and Western Kansas. Should they embark in this business they will undoubtedly do a large trade. It will greatly benefit Western newspaper men to have a stationery depot so near home.

Now that some of our leading merchants are selling off some of their fall and winter goods at actual cost, we would call the attention of all parties concerned to the fact that Litowich & Wittman are selling all their winter Dress-coats, Caps, Collars, Dry Goods of all kinds, Clothing, &c., at actual cost. Their saleroom is crowded each and every day with anxious purchasers, and if you wish to get a bargain now is your time, as there is some of the best bargains ever before offered in this market. Be sure to give them a call at your earliest convenience.

It is our pleasant duty to record a little affair which happened at Solomon City, on Tuesday last, at 6 o'clock P. M. It runs in about this wise: MARRIED—At the Baptist Church in Solomon City, by the Rev. Mr. Malison, pastor of the M. E. church, to Miss L. Jennie Smith, of Solomon City. The church was filled with friends of the "parties in interest," and the ceremony was very fine. In the evening a supper was given at the residence of the bride's father—Mr. Isaac Smith—which was elegant and heartily enjoyed. We cannot find language to express our satisfaction at this union. The Captain who has spent "in this many years" in solitude in the quiet banks of the 70th meridian met as Cruise did when the ship of rescue love in sight. May the lives of this couple pass happily and tranquilly, is the benediction of the JOURNAL OFFICE.

Washington's birthday came on Monday and not on Tuesday, as one irreverent newspaper has made it out. As it is an essential part of the citizenship of Salina did nothing to prevent the patriotic ghost of George going about just as he wanted to. There was no tea thrown in the Smokey, no going back on straps, no disperse-re-bell rumpuses, nor anything else to remind our folks that a few years ago the revolution business took up a great portion of the time of our distant relatives, and that George finally came out at the top of the heap. But there was a calico ball on Tuesday night, and Salina was gathered there—her beauty and her chivalry. Salinians were there—some with gags, some with bags and some in calico gowns. All who attended speak of having had a grand time. Supper was served at Thacher's and Lay's restaurants. Many persons came from the country and several couples came from the towns about. During Monday afternoon our band called attention to the evening's performance by playing some of their best music. Mr. R. K. Jeffries was the "boss of the ball."

Many of our citizens will remember Mr. Walter Bates who spent many months in this county and whose son lived on a farm near Bavaria. From the Norwalk (Ohio) Reflector we take the following painful news of his untimely death: On Saturday last the sad particulars were brought to Norwalk of the sudden death of Walter Bates, of this place, at Milan, under the following harrowing circumstances: Mr. Bates, who was a miller by trade, and one of our best known and most highly respected citizens, a short time before his death was engaged in hauling and repairing, preparatory to opening for business. Last Saturday afternoon at about 3 o'clock they undertook to place in position the shaft or heater to the miller, when one of the supports gave way, precipitating the immense mass of iron upon Mr. Bates, of course killing him instantly. The men present were unable to lift the heavy cylinder from his body, and it was probably half an hour before help could be brought from town for the purpose. His skull was crushed, several limbs were broken, and his body was otherwise bruised and distorted. The remains were brought to Norwalk the same afternoon, and the funeral was held from his late residence on Medina street yesterday at 10 o'clock. The services were conducted by Rev. A. Newton and J. W. Crawford, and a large number of friends assembled to pay the last sad respects to the memory of the departed. He leaves a wife and three children. He leaves a wife and three children, who have the sympathy of the entire community in their sudden bereavement.

Neighbors Counties. The Abilene Chronicle says: We have noticed many white-covered wagons on the roads, containing those who left their claims in the fall, and who are now going back to put in spring crops. In a very short time the principal roads will be lined with these wagons. Also: T. C. Henry has issued a pamphlet giving an excellent description of the State and Dickinson county.

A correspondent sends the following compound of blood and thunder concerning the Democratic paper at Lincoln Center to the Lincoln Center Patriot: I received a copy of the Guerrilla Rebel Democrat, and it is indeed a curiosity. This specimen of a paper is the best argument Mr. Beatty or any other low-lived ignorer of the art of printing and its practitioners can produce in favor of anti-typographical and tractor printers. I deem it of some value to you, so low as to aid Beatty or any other man of like ilk, to be Democrat, rebel or Republican. In such an enterprise as running a paper on anti-typographical grounds, "Who'll care for mother now?" Relief is needed up there.

Like all printers, Bro. Barker, late of the Lincoln Center Patriot, is able to turn his hand at anything and is "boosing" a revival up in Lincoln county. A history of the life and services of "Hon. Orlando Bonner," takes up a greater portion of the Solomon Gazette of last week. According to Wilson's history the said Bonner was a very remarkable man—very respectable. Put him in the Encyclopedia.
