

The live Cash Merchants, submit a few "Facts in a candid world."

It is not so much what you make as what you save that provides wealth and ease for middle and old age.

There are no better commercial maxims than these: Buy where you can buy what you want for the least money. Pay as you go. Live within your means.

What is the use of paying credit concerns \$1.00 for a calico dress which you can buy of J. C. Rash & Son for 75c?

What is the use of paying other stores \$1.00 for muslin which you can buy of J. C. Rash & Son for 75c?

What is the use of paying shoe shops \$1.00 for Sugar that you can buy of J. C. Rash & Son for 80c?

What is the use of paying 25 and 50c for Country Goods which you can buy of J. C. Rash & Son for 20c?

What is the use of paying 75c for a Silk which you can buy of J. C. Rash & Son for 60 to 65c?

What is the use of paying 25c for Woolen Dress Goods which you can buy of J. C. Rash & Son for 20c?

What is the use of paying 75c for such Dress Goods as can be bought of J. C. Rash & Son for 60c?

But time fails us to ask all the questions which are here in order. Therefore, in short:

What is the use of paying from 10 to 25 per cent. for credit for a few days or months when you can borrow money at the bank at a less rate for a whole year?

We have provided for the people of this vicinity a stock of goods in which we take just pride.

Our Silks are beauties. The style are varied and choice, including the various grades of Summer Silks, Gros de Londres, Glacis, Brocades, Gros Grains, beautiful Brocade Velvets, Satins, &c.

We open To-day the most beautiful line of Summer Silks, at 50c per yard, that we have ever seen. They will last only a few weeks.

Our Woolen Dress Goods embrace the most desirable things that care and patience could secure in the markets—Soft Fine Tafetas, Bengalines, Albatross Colours, Camels Hair, Salin Travers, Cashmires and Domestic Brocades down to file. We have a few things left from last year which we are slaughtering mercifully.

Our Embroidery Stock is simply immense, including many new things never shown before.

Fine Silk Embroidery for trimming silk and wool dresses.

All Over Embroideries for yokes, sleeves, caps, &c.

Skirting Embroideries on white goods 40 inches wide.

Colored Embroideries in narrow and wide widths.

Irish Point Embroideries and everything from \$5.00 down to 1c a yard.

Along with these Embroideries we offer Embroidered Dresses and a line of White Dress Goods that cannot fail to please. Our Gingham (American and Imported), our Calicoes, our Laces, our Neckwear, our Handkerchiefs, our

Hosiery, our EVERYTHING, are pronounced by competent judges superior to anything before seen in Salina.

We call attention to a line of Ladies All Wool Jersey Jackets, in five colors, at \$2.50 each.

We call attention to some excellent styles in cassimere for boys and men's wear at extremely low figures.

We have much more than an ordinary stock of Underwear for Ladies, Gentlemen and Children—including Lisle Thread and Wool (suzer for those who want to protect themselves against colds).

For gentlemen of all ages and occupations we have provided Hats, Neckwear, Shirts which only need to be seen or appreciated.

Our Hat Stock is very full and is made up of all the latest and most knobby styles. We have bought five bills of Hats this spring and think we have about everything in the market that is desirable.

When you want to buy Boots, Shoes or Groceries, you cannot afford to pass us by. We invite the special attention of the ladies to our stock of medium and fine shoes. We offer our customers unanswerable arguments in the way of goods and prices, which no house in Salina can match.

"We are fighting the old rotten credit system, for money, for reputation, and for the people!" We invite early and repeated inspection.

Respectfully, J. C. RASH & SON.

Harvesting has commenced. Mr. F. C. Miller is in Denver. Republican primary elections July 5th.

A busy season of harvesting next week.

Social at Mrs. H. H. Sudendorfs to-night.

The tax-paying days—without the added penalty—have passed.

Mr. F. M. Simons returned from Colorado Tuesday morning.

Miss Ida Boggs, of Ellsworth, is visiting with Miss Gertrude Powers.

The third story of the College building begins to make its appearance.

Charles Beese, son of the late Judge Herbe, arrived from Ohio yesterday.

Remember the Republican primary elections—to take place one week from Saturday.

The revised census will probably show that Salina has over 4,000 inhabitants.

The Clay Center Baptists cleared \$263 for their Sunday school, by their Salina excursion.

W. H. Johnson: "My old friends, the fanatics, showed up numerous—last Monday night."

Foster, Johnson and Bondi in union. "We have at last found a man who is not a fanatic. His name is Gillick."

It is pretty safe to say that the farmers have captured the biggest wheat crop the country has ever known.

Miss Ella Wittmann was awarded the silver medal for being the most apt scholar in music, by the Sisters of Charity.

Hon. C. E. Faulkner returned from the east last Sunday. He was detained at his old home by the serious illness of a sister.

Rev. A. M. Stewart informs us that matters are now arranged so that work will be pushed in the erection of the new Baptist church.

The respectable anti-prohibitionist: "I would give \$1,000 rather than that disgraceful racket of last Saturday afternoon happen."

"The heroes of the day: The pardoned saloon keepers." To be responded to on the Fourth of July by either Foster, Bondi, or Johnson.

Hon. T. F. Garver's open letter to Gov. Gillick, in response to the communication addressed to Mr. Garver and Capt. Mohler, is a strong document.

Messrs. Batty & Brown, of Sparks, Ill., have arrived in Salina for the purpose of locating. They find here numerous Salina people and feel well at home.

A heavy storm of rain and wind came from the north yesterday afternoon. We are afraid that had reports of "downed wheat" as a result will reach us.

The proposition to bridge the Smoky Hill river in the vicinity of Field & Gillick mill, Grayley township, carried by a large majority last Saturday; 41 for 1 against.

Scores of anti-prohibitionists unite in condemning Gov. Gillick's abuse of the pardon power, and are very severe in their denunciation of the disgraceful Saturday afternoon proceedings.

The ladies of the M. E. Church will give a lawn social at the residence of Mrs. H. H. Sudendorfs, one door south Wittmann House, to-night. Ice Cream and Cake will be served. All are invited.

We hardly think an apology necessary for devoting so much of our space to showing up Gov. Gillick's abuse of the pardon power. It is the all-absorbing topic, and hence we give it plenty of space.

Steps are being taken to organize a city club of young Republicans. We understand that some 50 young men have already signified their intention of becoming members. The city club of older men will be organized a few weeks hence.

Mr. J. B. Sinking, postmaster of East St. Louis, is visiting his old Gypsum Creek friends and relatives. Mr. Sinking's family have moved to his Gypsum Creek farm. He will himself become a resident of our county in the fall.

Mr. E. P. Huston, an old settler of Clay county, and connected with the Clay Center Times, called last Tuesday. He accompanied the excursion party. Mr. Huston was a number of years county clerk of Clay, and started the first paper in the county.

The Republican primary elections to elect delegates to the convention of July 12, which will elect 7 delegates to the State convention, occur on Saturday, July 5th. The State convention will nominate a State ticket, and convene in Topeka on July 19.

The city council met in an adjourned regular session Monday night. The sum of \$1,500 for water works rental was appropriated. An ordinance for a new sidewalk on south side of Iron Avenue from the bridge to Win. Berg's corner, was passed.

One old soldier, as he gazed on Foster the Martyr sitting on the front seat last Saturday afternoon with the saloon keepers, bearing the flag, said: "Foster, when he was training with the Vallandigham crowd in Ohio something over 20 years ago, was not so much in love with the flag of our country."

The entertainment given for the benefit of the Second Baptist Church last Saturday evening was pretty well attended, though the weather was so unpropitious. We are glad to hear that a nice little amount was cleared for the church. The performance was creditable, and quite entertaining.

We are glad to notice that our friend Major Johnson, of the Herald, had the sympathy of almost the entire community in the attempted assault upon him last Friday evening. The McPherson men who so quickly and gallantly came to the rescue are much commended for their spirit in rescuing the insult.

The law breakers should not try to make any more capital out of the howl of "costs," in connection with the prosecution of the saloon men. They make the costs themselves, and then call on Gov. Gillick to throw the costs on the county. Gillick and the law breakers are responsible for whatever costs have been made.

Four head of cattle belonging to John Humbarger were killed by lightning last Saturday.

Rev. W. A. Simkins will, by appointment of Presbytery, at the request of the pastor elect and church at Lincoln Center, preach the installation sermon of Rev. W. D. Ward, a recent graduate of Lane Theological Seminary, over that church, next Sabbath.

Prof. Hillman will fill his pulpit in this city next Sabbath.

This country was visited with a very heavy fall of rain last Saturday night, continuing at intervals Sunday. It was feared that it might prostrate a vast amount of wheat, which in fact it did; but we are pleased to hear that much of the fallen wheat has come up again, and an great amount of damage has been done.

Judge Prescott occupied the stage last Monday night at the indignation meeting. He was warmly greeted as he took his seat, which showed that he is heartily subsided by our citizens, who are indignant that Gov. Gillick should insult him as he has. Judge Prescott has been greatly strengthened with the people by the disgraceful assault which have late been made upon his character.

While the virtuous "Law and Order" people of the county are denouncing Gov. Gillick for pardoning the men for violating the prohibitory law, we have this to say. Citizens have a right to know the facts, and he was satisfied it was his duty to discharge the duty which was laid upon him as the newspaper editor of this city.

Commissioner Schell authorizes us to say there is not a particle of truth in this statement.

John Foster went from the opera house to the depot, Monday night, to send a telegram to the Kansas City Times containing his report of the indignation meeting. John got his telegram all mixed up. The first part of it read like a special from Dodge City—just about as decent. John further declared that five-sixths of the meeting were Gillickites, and yet strong resolutions condemning the said Gillick were passed. John, as a reporter, you are not a success.

Mr. Thomas Dickinson has a model garden on Eighth street—one among the few complete "city farms" that we have seen. He was selling new potatoes on June 1st. He has a fine lot of vegetables, in the shape of peas, beans, cucumbers and potatoes. Weeds are not known in Mr. Dickinson's little farm. His tomato crop promises "millions." The tomatoes are already numerous and ending. Mr. Dickinson also has a fine showing for a vast amount of celery in his season.

A heavy thunderstorm with some wind passed over town last Tuesday night. It did not storm two chimneys on Mr. H. H. F. Sudendorfs house were demolished by a stroke of lightning, the shock being conveyed to the electric by the water pipe. The electric top was torn off. We also heard that the yardmaster at the depot while clinging to a car which was being switched, was severely shocked. He was picked up on the ground unconscious, but soon recovered. It is probable that a considerable amount of grain was "downed" by the storm.

The pastor of the Presbyterian church of Abilene writes to W. A. Simkins concerning the late excursion to Salina, as follows:

We reached home safely last evening about 7:30, after a very pleasant and long to be remembered visit to your thriving and beautiful city. You will please accept my grateful thanks for the pleasant ride through the city and to the falls, from which such pleasant views, and which I shall never forget, I have just been writing my eastern friends all about. I regret that our visit was so short and hope that our acquaintance and also that of the people of Abilene with the generous hearted and wide awake people of Salina, was continued, and such occasions as participated in last Tuesday may be often repeated in the future.

On Friday afternoon last the long-headed for pardons were brought to the imprisoned saloon men from Topeka, by their attorney, J. G. Mohler. A "made up" band escorted a retinue of their friends and quite a distinguished convicts from the jail to Salina. In the foremost wagon, around him, sat the martyred Foster, and the saloon men.

In front of Mr. McVicar's store the procession halted, and speeches commencing Governor Gillick's acts were made by Col. Spivey, Aug. Bondi, John Foster and Capt. Mohler. We are happy to state that what we believed would be the case, that a very small portion of the community approved of this visit to the saloon keepers.

New Cambria Krumps. Several of our farmers have commenced cutting wheat.

Much sickness is being complained of in the community.

The Sunday School is in a flourishing condition, and has a large attendance.

Some of our citizens are very indignant over the action taken by Gov. Gillick in the liquor cases.

Miss Emma Ewing returned to her home at Solomon, after spending a week very pleasantly with the family of D. S. Kehr.

Joe Beas is able to be out on crutches, and is improving daily.

Sweet elder and soda is again "on tap" in the thriving Billie village of Cambria.

Mr. J. P. Price and Mrs. A. Brewer were quietly married at the residence of the officiating clergyman, J. W. Hudson, on the 19th inst., and have gone to housekeeping in their beautiful home known as the Divellias farm—lately purchased by Mr. Price.

M. T. HEAD.

Assassinate. Pader Hawkins is visiting relatives in Illinois.

Mr. John A. Larson is getting well under Dr. Bradley's treatment.

Harvest is about here. Some have already commenced, and nearly all buy their oats of Dr. Knox at the drug store.

Since last Friday evening our old school house has been standing in the street in front of Dr. Knox's addition. They are now working ready to place it on its future foundation.

The carpenters and stone masons are at work on Dr. Knox's addition to the store of E. E. Swanson & Co.

Shelton & Parker took their engine out of their grinding room and got up steam and started for the hills.

The political hot has not begun to boil much in our part of the country. Everything seems quiet and when election comes each one will go to the polls and vote his sentiment.

In regard to the Governor pardoning the saloon men of Salina, our citizens have not much to say. Some say he did wrong, some say they think he did right under the circumstances, but I say,

N. O. MOORE.

It is pretty well demonstrated that Gillick's strikers in Salina recently cared more about carrying their own point than looking after the interests of the Governor in the coming election. These Salina men who advised the pardon accomplished what they intended, but have killed Gillick's dealer than a hammer in this county. All the votes he will get outside of the Democrats he will be able to hold in a very small match box.

September 1-8 is the date of the immense Bismark Fair.

The young ladies of the Christian Church will give an ice cream and raspberry festival with choice cake, at the Opera House corner, next Tuesday evening, July 1st. The young ladies are beautiful, and most cordially solicit the attendance of the festive-going, ice-cream-loving public to patronize their entertainment.

A marvelous show display at the Bismark Fair.

At a meeting of the Sabbath School of the First Baptist Church of Clay Center, held June 25th, 1884, a resolution was unanimously adopted, heartily thanking the pastors and citizens of Salina for the cordial welcome and kind treatment given the excursion from Clay Center, June 19th.

Consumption. It is said that 20,000 people die annually in the United States alone from this disease. In some sections of the country one death in every three is from Consumption. This can be and should be avoided; our people are too careless about an ordinary cough or cold, and other symptoms of throat and lung affections that lead to this disease. You should arrest it while it is in the germ. Two or three doses of Dr. Bosanko's Cough and Lung Syrup will relieve an ordinary cough or cold. It does not dry up the cough like many preparations on the market, and leave the disease behind it, but acts directly on the throat and bronchial tubes, removing all the phlegm and morbid matter that accumulates in the throat and lungs. It always all irritation and renders the voice clear and distinct. Sold by Oscar Seitz.
