Mr. Peterson, secretary of the Paper Mill Company, is visiting his family at Princeton, Ills.

"Nevada, or the Lost Mine," at the opera house Friday and Saturday nights, with Saturday matinee.  
The rehearsals of "Nevada" are coming along finely, and the characters are letter perfect in their parts.

Geo. A. Talbot, of Falun, left last Friday for Andover, Maine, for a month's visit to the home of his childhood.  
E. P. Webster and W. N. Hagler, of Tecocot were in town on business Tuesday evening and paid the JOURNAL a brief call.

A. M. McCrary, of Herington, stopped off in Salina, between trains Tuesday morning on his way home from Marquette.  
For pure fun, unalloyed, go to "Nevada," tomorrow and Saturday evenings. Tickets on sale at Arner's 10, 20 and 30 cents.

B. H. Ober and family who have been visiting the family of E. W. Ober, returned to their home in Duluth, Minn., Sunday.  
Remember the primaries which take place this afternoon between the hours of 4 and 7, at the usual voting places in each ward.

The serious illness of Grandma Bean is reported. She resides near Shipston, and is well known to all the old residents of the county.  
Mr. E. Solomon, of Galveston, Texas, is in the city, a guest of his brother M. Solomon. He is largely interested in the milling business at Galveston.

Mr. Ganer and family, who have resided in Salina for some time past, leave for Youngtown, Ohio, today. They expect to remain there for some time.  
R. A. Burch was chosen by the school board at their meeting last Monday evening to fill the position made vacant by the resignation of F. L. Weaver.

Mr. Barney has postponed his Colorado trip, as his business here is in such shape he could not leave it. Later in the season he expects to visit the silver state on business and pleasure combined.  
Ith, of human or animal, cured in 30 minutes by Woolford Sanitary Lotion. Sold by Henry Keilhorn.

**Barnum's circus is at St. Louis this week, but as yet the date for its visit to Salina has not been made public. There is lots of room for the great aggregation to monkey around before it reaches us. It is not probable that it will be here inside of sixty days.**  
Large bills are being printed at this office for a grand Fourth of July celebration at Tecocot. A full program of attractions has been prepared, replete with all kinds of races, from the human race down. The bills advise you to go to Tecocot if you wish to have a good time.  
Frank Peck returned to his home near Tyrone, Pa., last Monday after a very pleasant ten day's visit with relatives and friends here. He is the same genial Frank, a trifle aged in appearance, yet possessing the same characteristics that made him so popular as a resident of Kansas.

The residence of Mrs. Joyce, just north of the Salina Mills, on Santa Fe avenue, was damaged by fire last Saturday morning. It will be remembered that Mr. Joyce was killed on the U. P. tracks something over one year ago, and now this damage to her property, makes it a very severe loss to Mrs. Joyce.  
A beautiful sight to drive in the country and take a look at the growing grain. Wheat never looked better than it does this season, and corn is beginning to grow rapidly, while oats also looks well. Kansas certainly is at her best this year, and promises rich returns for the labor of the husbandman.

A wedding occurred on the east-side Monday evening at which Judge Lamkin officiated. During the day Mr. T. J. Bradshaw and Mrs. Morgan moved their personal effects into Mrs. Devlin's property near the Oakdale school, and after setting things to rights the Judge was sent for and the ceremony was duly performed.  
Invitations have been issued by Mr. and Mrs. D. B. Long, of Ellsworth, to the marriage of their daughter Alice Florence, to Mr. R. H. Teague, on the 22nd of this month. Both parties are well known in Salina and Ellsworth counties, and many are the friends who will wish the happy couple a long and prosperous life's journey.

No. 28, I. O. O. F., celebrated their 25th anniversary last Thursday evening. They were not expecting visitors, but the daughters of Rebekah managed to give them a very pleasant surprise, first by their presence, and then by presenting them with twenty-five silver dollars as a slight token of regard, after which an elegant supper was enjoyed by all.

Our old friend Thomas Anderson was in the city Tuesday, and in conversation with him he said that with the exception of two crops, his prospect for wheat this year is the worst he has had for 28 years, still he expects at least 20 bushels to the acre. He further stated that the average for 28 years was 26 bushels and one peck of wheat per acre.  
Commencing last Monday afternoon at 1:30 o'clock and continuing for nine days, thereafter, the county commissioners will sit as a board of equalization. All parties who wish to correct any mistakes that have been made by the assessors in the valuation of property, should take their grievance before the board, as no corrections will be made after the board adjourns.

The following item appears in the "Missouri and Missourians" column in the Kansas City Times of Tuesday:  
Cards are out announcing the approaching marriage of Miss Jennie Worrell and Mr. George P. Thorne, at Salina, Kan. Miss Worrell is the daughter of Richard B. Worrell, famous in Missouri as a landlord. His hotels at Fulton and Mexico were for years the leading hostleries in northwestern Missouri. The wedding will take place June 15.

Mrs. W. G. Cowles, who was a queen in the rendering of "The Old Homestead" by the amateur Dramatic Co. of Abilene, delighting Salina audiences two nights recently, will sail with her husband on the 15th inst. in the city of New York for a tour of London, Antwerp, Brussels, Frankfurt, Berlin, Vienna, Rome, Naples, 10 days in Switzerland and Paris, reaching New York September 11 on their return home. It will be a delightful outing.—The Sun.

Sunday afternoon a JOURNAL representative was visiting in an adjoining county. One of the things that contributed to make his visit pleasant was to hear at a public place a number of young people discussing educational institutions. There were more than a dozen of them and about half had at some time been students at the Normal. The others were so favorably impressed with the talk they heard that they said they believed they would try the Normal themselves. Salina would be better than they knew when the Normal was founded. It is her duty to see to it that all the wants of the school are supplied as far as possible.

A little controversy seems to have sprung up over an attempt of Henry to be facetious. Last week a half-witted Swede came to town and the pack of small boys who equal for all around, down right cussedness it would be hard to find, followed him about and nearly bothered the life out of him. It also afforded the young man above referred to an excellent opportunity to display his superior talents. He informed the public that the fellow was drunk and intimated that the police were not doing their duty at the time. It so happened the police at the time were riding the city of tramps who make a rendezvous of the freight yards.

Last Monday afternoon as deputy Sheriff Phillips was returning from a trip north-west of the city, he noticed a swarm of bees hovering around a bush in a field near the road. He stopped and watched the proceedings, and after they had all got comfortably fixed on the bush, Joe secured a box and gently shook them into it. He covered the box over, and left them until the cool of the evening, when he brought them to town and placed them in a hive at his residence. He says not more than half a dozen bees escaped, and only one of them stung him, so he is feeling right good over his feat. Joe always had a faculty of capturing what he started after, but he seldom makes a haul that is so satisfactory to himself as this one.

**IS KANSAS ANY GOOD?**  
The Expositor of a Salina County Man Proves that It Is.  
Last Friday a JOURNAL man met Mr. Smith, a Swedish gentleman from the south part of the county, at the Kansas Lumber Company's yard, where he was buying some lumber, and what proved to be a very interesting conversation took place. Mr. Smith said he arrived at the Union Pacific depot in Salina about seventeen years ago, with twenty dollars in his pocket. He was a single man and accepted any kind of a job he could get, and although times were hard, he always managed to get something to do.  
He finally bought some land on the Smoky between Mentor and Assaria, married and went to farming. Of course he worked hard, and man does that makes a success of his business. Some years he raised good crops, but he also had failures the same as his neighbors. We will not follow him minutely through his struggles, but the condition he finds himself in at the present time is what we are interested in.  
Remember he landed in Salina county seventeen years ago with but \$20.00 to start with. Now he has a well improved farm on the Smoky Hill river of 307 acres. Besides this he has a third interest in some pasture land, all of which he owns free of debt. Last year he sold \$1,100 worth of broom corn off his place, raised 2,000 bushels of corn, and various other smaller crops. He has secured a family, meanwhile supported them, paid for his land, and accumulated a nice lot of live stock besides, all from the products of a Salina county farm.

Where is the country that the story of an ordinary man's life will compare with this. In seventeen years a man has, with nothing but his disposition to work, surrounded himself and family with a comfortable home, and earned for them 207 acres of as rich land as the sun shines upon, which properly handled will secure an ever increasing source of wealth to him and his.  
Mr. Smith said he joined the alliance when it was first organized, but that he had not attended a meeting for over two years, as he took but little stock in it. He had lived without it in years gone by and prospered, and thought he could get along without it now.  
The story needs no comment. What is true of this man is also true of others, and the plain facts speak loud for the future of Kansas.

**The Alliance Convention.**  
The Salina County Alliance held their nominating convention last Saturday for the purpose of selecting delegates to the State convention at Wichita, which meets on the 19th of June, the Congressional Convention at Abilene the 9th of June, and the Senatorial convention, which meets in Salina on the 18th of this month.  
The following delegations were chosen:  
State—Gaines, Lloyd, Dolan, Reser, Ross, Stimmel, Struble and Swenborg.  
Congressional—Case, Baldwin, Hillman, Lovitt, Hagler, Cumbow, Collins and Wilson.  
Senatorial—Morrison, Pattee, Deighan, Mansfield and Pierce.  
The permanent officers of the convention were J. C. Lloyd, chairman, and G. A. Davis secretary.

The following resolutions were unanimously adopted:  
Resolved 1. That we heartily endorse the principles set forth in the Salina labor conference platform of 1892.  
2. That any action involving a sacrifice of principle for the sake of temporary success, meets with our disapproval.  
3. That the noble little band of senators and representatives who are engaged in the struggle for the people in the congress of the United States are deserving of the highest praise.  
4. That we recognize in Prof. H. N. Gaines a man of the highest ability and of sterling worth and that our delegates in the State Convention should be in favor of the nomination of any man for any office whose nomination would in any way prejudice the chances of Prof. Gaines.  
5. That we are in favor of the Crawford County system for the nomination of county officers.

The Baccalaureate Sermon, the Address Sunday evening, the exercise of Wednesday and Thursday evenings, and the recitals will be at the M. E. church. All other exercises at the Normal.

**Normal Notes.**  
The summer term opened on Tuesday morning with about 200 students present. Many former students are among the new comers.  
Prof. Deist left on Wednesday for his work at Central City, Neb. He made many friends while here who will be glad to welcome him back at the opening of the new year.  
Emma Swisher, of the Barnard school and an old student has enrolled for the term.  
Mrs. Eva E. Evans of Almena, Kan., is a new comer this term. She was a student two years ago.  
Prof. Gaines has a large election class. There are also many taking private lessons.  
Prof. Thoroman will lecture at Wagon on Friday night and at Manhattan on Saturday night.  
Prof. Swisher is absent conducting the institute at Minneapolis. This is his third year as a worker in the Ottawa district.  
The contestants for the Oratorical contest to take place in three weeks are finishing their essays. They are all handed in for inspection this week.  
The prospects for next year are growing to an alarming extent. Every student reports several from neighboring schools who are coming. The question of room is becoming acute and the school is hanging over us with no prospect of solution.

**New Cambria Chatterings.**  
Wm. O'Brien returned last Thursday from a year's visit in old Ireland.  
Another daughter in the house of J. B. Derle.  
Children's day will be observed in the Lutheran Church here, next Sunday morning.  
Miss Frederika Laughlin arrived home last Friday evening, after spending a year in school at Fairfield Iowa.  
J. Neal Donmyer gave a lawn party in honor of Miss Frederika Laughlin, Saturday evening.  
Jerry Weaver left last Saturday morning for Minneapolis, Minn., to attend the Republican Convention.  
Cambria citizens are rejoicing over the fact that stone street crossing are being put in this week.  
John Messer is dangerously ill at this writing.  
Miss Emma Fox, of McPherson, came down last Thursday to spend a good one with her cousin Mrs. H. M. Armstrong.  
JEWELL.  
Brookville Correspondence.  
Miss Rosa Stevens finished her school near Wilson last Friday and is now attending the Normal Institute at Salina.  
E. C. McKinney was doing business in Kanopolis and Topeka the first part of the week.  
Mrs. A. Muhleim and children of Ellis, are visiting her mother Mrs. F. H. Derle.  
Eli Davis, one of our many dive keepers, was hailed up before the county attorney last week. An example should be made of this kind of a man.

There will be an ice cream social at Mr. Amos's Friday evening to which all are invited.  
Miss M. E. Watson, our primary teacher home in Sparta, Ill., last Monday. Miss W. leaves both of her friends who hate to see her leave and their sorrow is still greater from the fact she does not return. The people of Brookville we fear, will be unable to replace her in the school room and in society.  
Mr. George Fritz returned last Sunday from an extended tour of the Southern States. He goes to Ellis tonight to resume his work on the U. P.  
Memorial Day was fittingly observed in Brookville. The largest crowd and longest procession seen for years, took part in the exercises; and the most disagreeable weather in the afternoon, everything passed off as nicely as could be desired, and the entire throng with one accord sang the national anthem, waving flowers over the heroic dead, who gave up this life that we, and the county might live.

Miss Carrie Fritz accompanied Mrs. Watson as far as Salina last Monday.  
Rev. W. L. Cannon formerly of this place but now of Delphos, passed through the city yesterday on his way to Marquette to attend conference.  
PRESTO.  
Smolan writings.  
The Sunday school picnic which was held at Brodine's Grove May 27, was a success, lemonade, ice-cream, cigars, etc., were sold on the grounds. By 12 o'clock the long tables were groaning under the weight of the appetizing victuals of which each one partook. After dinner music was rendered by the salernburg cornet band, orations, songs, etc., late in the afternoon all departed well pleased.

Having sent for a bicycle, Agent Peterson has determined to break his neck trying to ride it.  
In trying to cross Dry Creek near Holtman's, Swan Brodine's cart crossed and the occupants in various directions.  
A number of Smolanites have received letters from a certain "green-grocer" of New York City. He's as green as cabbage to believe that any of us Smolan fellows will take his bait; nevertheless there must be some who are taking around or he would be advertising.

Chas. Johnson has completed his new residence. "What yer think about gettin' a wife Chas?"  
Married, May 25th, Mr. Fred Rydberg and Miss Alma Hofer. About 100 guests are said to have been present, at 10 o'clock p. m. Capt. Tinpani arrived with his unexcelled band, and delighted the guests with beautiful strains of music after which they were treated with wine and cake. A. departed in high spirits.  
County clerk Oscar Oelberg with family, visited Chas. Brodine of Smolan.  
The explosion of dynamite at Gypsum City, was heard here, and sounded like the report of a cannon.  
A new bridge has been built over Dry Creek, south of Smolan.  
Most of our citizens went to Lindsborg, during the conference.  
John Beck shipped a lot of spring chickens of uncertain age to the depot. Andrew Beck is able to be up, but is still very lame.  
Elias Hallinger visited his home last Sunday. Elias has a position as clerk in the store at Falun.  
The R. R. company is pretty slow in erecting the depot, the carpenter gang has not yet arrived.  
Mr. Shogren's house is now being repaired.

**COAST FOGG'S ARGUMENT.**  
RAVAGES OF THE FLOOD.  
Now that the great flood of May has about passed away in the south, the following estimate is made of the losses occasioned by the high water, a loss unprecedented in the history of floods:  
Missouri—Wheat and corn destroyed, 500,000 acres, \$10,000,000; hogs, 500,000; cattle, 100,000; sheep, 1,000,000; total, \$10,000,000.  
Tennessee—Cotton loss, \$60,000,000; wheat, 100,000; hogs, 1,000,000; cattle, 100,000; total, \$10,000,000.  
Kentucky—Loss \$200,000.  
Arkansas—Wheat, 100,000; hogs, 1,000,000; cattle, 100,000; sheep, 1,000,000; total, \$10,000,000.  
Mississippi—Loss, \$1,000,000.  
Louisiana's loss, \$5,000,000. Total \$49,000,000.  
This estimate does not include stagnation in business among the mercantile and transportation lines.  
A conservative estimate of the amount of damages caused by the loss from high waters from Kansas City to New Orleans will reach the enormous figure of \$50,000,000.  
These are appalling figures, but they do not cover the entire loss in money. The loss above Kansas City was very great. There has also been an unusually large number of fatalities throughout the flood district, from Sioux City to New Orleans; so that the flood of the spring of 1892 will go into history as the most disastrous ever known.  
The universal prayer now is that the worse one predicted to come in a short time may not occur.—Wichita Eagle.
