We are told that sleighing in the country has for some time been excellent and that coming to town in a sleigh just for the name of it last week was not done by anybody. Owing to several causes a very small audience greeted the Andrews Opera Co. Saturday night. The house ought to have been packed. The efforts of the Andrews people to produce opera in the minor cities is being appreciated, and it is with regret that we have to say their reception in Salina was not what it ought to have been. The inimitable Ed Andrews had a new song, entitled, "I am the man who wrote ta-ra boom-de-ay." Mr. Taylor is the best tenor ever seen here, and his acting was good. The Company is better than ever before.

In September last a warrant was issued by Justice Lamkin for the arrest of Elmer E. The Lincoln Republican says that the world has been received that a passenger train will be put on between Salina and Lincoln immediately. Why not between Salina and Sylvan Grove? The people here suffer as much from the lack of a good and sufficient service as do our Lincoln friends, and having paid for it are as justly entitled to it.

As a matter of justice there ought to be a daily passenger train from Salina to Colby or Oakley. It is a shame that the people who live on the Lincoln branch are compelled to put up with such wretched train service.

Will move to Topeka.
James W. Goring, for several years special agent of the State Insurance company, of Des Moines, in Kansas and Texas, has resigned to accept the secretaryship of the new Kansas Farmers' Fire Insurance company, of Abilene. The offices will be moved to Topeka, and that will necessitate Mr. Goring's removal to the capital city. All are well pleased to note the prominence given him in the reorganization of this company, but as Jim has been a Salina boy these many years, it is with regret that we hear of his contemplated removal. In the reorganization of this company some of the best men in the State become interested and its future is assured. The company secured a valuable man in Mr. Goring, to take charge of its business, capable, honest and industrious, and with eight years of experience to start with.

Santa Claus Abides.
Among the many pleasant Christmas entertainments arranged for the county, was one at the Divelbiss school house, in the Gypsum Valley. Walt Meyer impersonated Santa Claus and with his suit well padded with cotton made the children dance with glee when he distributed his presents. All went well until old Santa Claus was ready to make his exit, which was through a window when he got to close to some candles burning on the organ. In an instant the cotton was ablaze, and old Santa Claus emerged from the window a sheet of flames. Mrs. Williams and several other ladies who were near by followed him out, and by a vigorous snow bath succeeded in extinguishing the flames, but not until the hair of old Santa's head was cropped short, and he had been treated to a good scare.

Kansas City Gazette: Kansas City is prominently the largest live stock market in the world, with one exception. How many Kansas papers in speaking of the Kansas City market in any way, ever give their readers a chance to understand, or even infer, it is in Kansas, instead of in some other state? Let us claim our own, especially when, as in this case, it costs so little to do so. Don't forget that when you talk about the things that the great packing interests, the second on earth, are in Kansas too. Keep it before the people, and let other states know that you and now as if there was a political campaign in progress.

JERRY SANTA CLAUS.
The Fettes, Heller, Fend and the Good Work It Has Done.

As all our readers are aware the police of this city raised a fund of \$15 for the purchase of Christmas presents for the needy. Friday afternoon Marshal Williams and Police-man Myers visited the poor families and made all in need of relief happy. This enterprise is not to be regarded as a mere act of alms giving. It has a higher and more generous application. It was the act of those who had, in giving Christmas remembrances to those who just now had not. The men who undertook it were simply the medium of exchange. Seventy-eight turkeys and chickens and several sacks of flour were distributed, and some very wretched cases of poverty were met with. Others there were who simply lacked for the present. Some were both to take the gifts for fear of being considered objects of charity, while others acted as though they had not been treated well enough. These, however, were few, for the great number received them in the spirit in which they were tendered, and thanked and blessed the donors. Humanity does not lose its traits of character whether in silks or in rags, or in all the scale between. It took over a day's time to get all around, but it was a day well spent. The most of the distribution was on Second, Third and Fourth streets. A good example has now been set, and there is abundant opportunity for private assistance being rendered where needed.

Christmas in Salina.
Most of the Churches had Entertainment of some kind with the Feast of Good Times.

It was a stormy Christmas, but none the less merry. It was observed about as the occasion always is with a little more zest and enthusiasm added. It is doubtful if there were any heavy hearts in Salina Sunday.

At Sacred Heart Catholic church there was high mass at 8; low mass at 8:30; and high mass again at 10:45 a. m. Vespers at 3 p. m. The altar was appropriately decorated by the Sisters and young ladies of the church. John J. Giel's orchestra assisted the choir in rendering appropriate music.

At the English Lutheran church a Christmas cantata, entitled, "The Returned Sailor Boy," was rendered. There was also a Christmas tree, and the church was profusely decorated. The Christian church Sunday school gave a cantata, "Santa Claus Delight." Santa Claus appeared in due season, and after passing a successful examination was allowed to perform the functions of his office. Saturday evening the M. E. folks gave a cantata, "Christmas Bells" arranged by Mrs. Baker. A large Christmas tree was also a feature of the occasion and not the least enjoyable.

At Plymouth church the Christmas exercises took place on Monday night, at which time "Bright Hours in Carols" was given followed by the advent of Santa Claus, and the delights thereof.

At the Presbyterian church there was a Christmas dialogue. "When the Clock Struck Twelve." A general distribution of refreshments among the children occurred at the close.

The Colored Baptist church was a scene of rejoicing on Saturday night. A miscellaneous entertainment was given followed by Santa Claus. The Colored Baptists now have a large church and their prosperity is on the increase.

The Christmas entertainment at the Baptist Church on Monday evening was a success in every respect. The children engaged themselves to the fullest extent. The exercises were given by the children themselves, consisting of songs and recitations, and were voluntary on their part, the order of exercises only being arranged by the Superintendent Prof. G. B. Jones, who was the conductor of all the train.
