

MIDST MANY MIRACLES

Were Hundreds Who Witnessed the Most Marvelous Healing Ever Effected in Akron.

The Boy Phenomenon Greeted With Thunders of Applause as He Made the Blind See, the Deaf Hear and the Lame Walk.

Akron Is Wild With Excitement and the Boy Phenomenon and His Wonderful Magnetic Power Is the Cause.

Again, last night, was the Grand Opera house crowded to its utmost with our best citizens. News of the wonderful cures performed by the Boy Phenomenon at his previous demonstration traveled fast and far and long before the time of opening a surging mass of humanity was congregated in front of the house.

While it was the second public demonstration, the excitement was greater and more interest was manifested than on the previous occasion. Many hundreds were unable to obtain standing room.

The wonderful exhibition of restoring to health a score or more of deformed and afflicted persons by the Boy Phenomenon was a sight never to be forgotten. Truly, indeed, were the lame given the use of their limbs, the deaf made to hear, the blind to see and other chronic diseases succumbed to his wonderful power.

One of the most notable cases treated was that of James Groark of 465 Forge st., a well known citizen who has been afflicted with paralysis of the left side for 12 years. He was assisted to the stage by two men and the healer began his magic manipulations, which consisted merely of a succession of gentle rubbings and light, dextrous tappings of the affected parts. But the results were magical and startling. At every touch of his magnetic hands the effect was visible on the countenance of the patient. The rubbing occupied less than three minutes, but in that short time he was able to rise and walk across the stage and back to his seat greatly benefited and going through other actions which he stated he could not have done five minutes previous for all the money in the world.

For over an hour such scenes were repeated, during which time nearly a score of cases were treated, of as many different diseases, each case seemingly worse than the preceding one, and the results obtained were more gratifying and successful. It was the most marvelous demonstration of magnetic healing ever accomplished in this section of the country.

There was a day when magnetism as a curative agent was doubted, but that day has passed. The Boy Phenomenon has effected too many remarkable cures of well known citizens that cannot be disputed. They have been witnessed by thousands of people, who are now compelled to admit that vital magnetism does cure the afflicted.

The Boy Phenomenon will remain in Akron at the Buchtel Hotel some weeks where those who desire private consultation or treatment may obtain same by calling any day except Sunday from 10 a.m. to 5 p.m. Entrance to offices is via the Main street door.

IMUS WAS EVACUATED.

Rebels Probably Gone to the Mountains.

LITTLE FOOD IN THE SECTION.

General Otis Ordered the Distribution of Rice and Beef to the Inhabitants, Some People Didn't Credit News of Luna's Assassination.

MASILA, June 16.—Captain Cable of General Watson's staff, with three companies of the Twenty-first regiment, reconnoitered in the direction of Imus. The rebels, who were apparently expecting an attack, retired, leaving behind them 20 Spanish prisoners, who joined the Americans.

The rebels have probably gone to the mountains along the lake.

According to native stories the rebels carried 100 dead and 300 wounded through Bacoor after the recent battle. The natives were flooding into Bacoor and it was probable there were many many soldiers in plain clothes among them.

The whole section was practically without food and Major General Otis ordered the distribution of rice and beef to the inhabitants.

Many people refused to credit the stories of the assassination of General Luna by the guard at Aguinid's headquarters. Though the reports to that effect are most circumstantial and from good sources, rumors of assassinations and disorders from the rebel camps are so frequently printed in the local papers that they have come to be regarded with indifference. The latest is that the governor of Cebu has been killed by natives because of his friendship to Americans.

A prominent commercial man with exceptional means of learning of the Filipinos' movement's claims to know General Luna is still alive, adding that if he is dead and if his death occurred a month ago people would have expected a collapse of the revolution to follow. The failure of the Filipinos to follow up the peace negotiations strengthens the impression that their overtures were merely to gain time and in order to lure the Americans to show their hands.

The independence, a revolutionary organ of the Filipinos, which was obtained, printed an interview with General Luna showing the arguments he used to keep up the spirits of his followers. He represented the Filipino cause as prospering, "because the Americans have gained only a hundredth part of Luzon by hard fighting," and said the women and children killing the fields within the American lines give the proceeds of their work to support the Filipino army. He was said to have further remarked:

"More Americans will be killed by ambushes, surprised and disarmed than in battles."

"I detest war, but we cannot accept peace at any price but independence. The Americans suffered for their own independence and in their hearts they appreciate why we resist them."

DEVERY EXCUSSED THE FIGHT.

Insisted Fitzsimmons and Jeffries Did Not Violate Horton Law.

New York, June 16.—The sittings of the Mazet investigating committee proved interesting and in at least one instance exciting, and after a squabble with the minority members over the matter of adjournment the sessions were adjourned until Aug. 1.

Chief of Police Devery was called upon by Mr. Moss to explain why he first threatened to stop the Fitzsimmons-Jeffries prizefight and then went to the ringside and allowed it to go on to a knockout finish. Chief Devery admitted that he took an interest in prizefights and upheld prizefighting and the Horton law. Devery said the recent fight complied with the law and was in all respects a "clean cut contest." He feuded a great deal regarding whether Fitzsimmons was knocked out.

Mr. Moss then questioned Devery as to whether he had made any attempt to close pool rooms since he was last on the stand. Devery said he had not. A wrangle ensued between the two and unpleasant personalities were passing between the two, when Mazet ordered Devery to leave the room. As he made no move, Mr. Mazet called the sergeant-at-arms. Devery then stepped down from the stand and went from the sitting.

Testimony was given to the effect that policemen were guilty of black-mailing disorderly women.

Bought Out Look No. 128 In our window, one door south of Dodge's Furniture Store.

The balance of the stock of Kornhauser, Alt & Williner, comprising the best and latest styles of

Men's, Boys' and Children's Clothing.

Added to our store, here the combined stocks will and MUST BE SOLD as soon as possible at positively the LOWEST PRICES ever offered in Akron.

REWARDS FOR RIOTERS

Cleveland Car Magnates Offer \$500 Each For Them.

NON-UNIONISTS BADLY BEATEN.

Cars Were Stoned and the Men Who Took Strikers' Places Assaulted—Some of Them Taken to Hospitals—One Man Was Seriously Hurt.

CLEVELAND, June 16.—Near the Lakeside car barns on Euclid avenue, a crowd attacked a car on which several non-union men were riding without police protection. A volley of stones and bricks was hurled at the car and the conductor, James Murphy, who came from St. Louis, was hauled from the platform. Murphy drew a revolver and fired into the air and then took to his heels. The mob then assaulted some of the other non-union men on the car, injuring them quite severely, but the rioters had disappeared when the police arrived.

Soon afterward another car was attacked, apparently by the same mob which had collected in another place. Bricks and stones were hurled through the windows. Several women aboard screamed and made a rush for the doors and all escaped injury. The conductor, Anthony Wuerst, who came from Milwaukee, was struck in the face with a brick, cutting a bad gash, and a stone which hit him on the head, rendered him unconscious. The motorman, J. H. Fox, also of Milwaukee, was hit by a shower of brick and stone and was badly hurt that he had to be carried, with Wuerst, to the car barns. Both men were subsequently sent to a hospital. The mob had dispersed when the police arrived.

A little later a third car was stopped by a crowd of men which had been concealed in bushes at the side of the street. About 15 or 20 men boarded the car and a desperate fight ensued between them and E. W. Newman and C. W. King, the conductor and motorman, both of whom came from Buffalo. Both men were chased from the car and were beaten with clubs and kicked in a brutal manner. Newman was so badly injured that it was necessary to send him to a hospital, after he had been removed to the car barns from a private residence, to which he had been assisted by a lady from the lawn, where he was left bleeding and semi-conscious by his assailants. This mob disappeared before the police arrived. Most of the rioters having no eyes which were concealed in a nearby.

Later on a car left the Lakeside barns for town. At the corner of Anandale and Wadsworth avenues it was stopped by a crowd of men, who began to hurl bricks and stones. The motorman, whose name is Schryver, and who came from Cincinnati, left the car and started to run, but he was hit with a brick and badly hurt, but he managed to escape and has not been seen since. J. R. Leatherwood of Cincinnati, the conductor, stuck to the car. He was finally back to the barns, when he became unconscious and was in a serious condition.

The police think this mob was the same that attacked the other cars and are convinced that it is an organized band whose purpose is to make systematic attacks upon the cars. There were two other incipient riots during the day. One occurred on Wilson avenue, where a crowd of men with two firearms was proceeded to block the car tracks with barrels, tree trunks and all sorts of rubbish. Two men were arrested. The police also dispersed a mob on Prospect street, which was obstructing the passage of a suburban car, and two arrests were made.

The company offered a reward of \$500 for information which will lead to the arrest of the men who attacked the cars.

PRISONER'S EXCITING ESCAPE.

Former Riverside inmate Escaped From a Train, but Was Arrested.

WOOSTER, June 16.—Peter Bradley, recently released from the Western penitentiary, Allegheny City, and re-arrested by Sheriff E. D. Perrine of Medina, O., where he is wanted for forgery, escaped from the sheriff when near Medina by jumping from the train while handcuffed.

He hired a farmer to file the handcuffs off, went to West Salem, employed a liverman to drive him to Wooster, put up at the Archer House, a leading hotel

ARBUCKLES IN TO STAY.

Their Sugar Refining Manager Said They Would Continue to Fight the Trust.

WASHINGTON, June 16.—The industrial commission held only an afternoon session and heard but one witness, J. N. Jarvis of the firm of Arbuckle & Co., and manager of the firm's sugar refining business. Mr. Jarvis's testimony was brief. He was easy and courteous in his attitude toward his inquisitors, refusing to answer only one question, viz., how much it cost his company to refine sugar. He said he did not wish to give information of that sort to his business competitors.

His firm, he said, had never out of the price of sugar except to meet the rates of the American Sugar Refining company, commonly known as the sugar trust. When asked if the Arbuckles would continue to meet their rivals' figures, he replied decisively that his firm was in the sugar business to stay. Beyond that he did not wish to go.

He explained the entrance of the Arbuckles into the sugar field by saying that in 1898 they secured a machine for weighing and packing sugar and undertook to sell package sugar to the wholesale trade. They bought from the American Refining company, but found they could make no profit in that way, and so started their own refinery. He said the tariff differential of one-eighth of a cent a pound on refined sugar did not figure in the business just now. Domestic competition was so sharp as to keep out all foreign sugar.

Mr. Jarvis said there had been many overtures from the sugar trust to settle the differences with the Arbuckles, but they had all been made for "stock jobbing purposes" and consequently there had been nothing in them.

Witness, in speaking of the coffee business, in which the American Sugar Refining had invaded the Arbuckles' field, said that while there had been a decline in prices that it would not be fair to lay it all to competition, as there had been a great increase in coffee production all over the world, last year's crop going from 11,000,000 to 15,000,000 bags.

Asked if he could suggest any plan that would lessen the present destructive competition in the sugar business, witness said that the fight could stop only when the one big concern decided to be content with less than 100 per cent of all the business in the country.

When asked how long the rival companies could keep on selling sugar at a loss, Mr. Jarvis replied cheerfully that he thought a concern supplying 90 per cent of the sugar sold in this country would lose more under these conditions than the firm supplying the other 10 per cent, and that he had the 10 per cent end of the bargain.
