THOMAS' Friends Will Fight

Against Adoption of Committee's Report

If It Is Unfavorable to the Superintendent.

They Claim He Is Being Persecuted.

Another Meeting Last Night—Ready to Report.

The friends of Prof. R. S. Thomas will fight the report of the investigating committee if it proves to be unfavorable to the superintendent. This information was given to the DEMOCRAT by a member of the Board. He stated that the friends of Prof. Thomas were calling on members and urging that they turn down the committee's report. It is their claim that Prof. Thomas is being persecuted by certain parties who have fancied wrongs.

At last the School Board Investigating committee knows where it is at.

The committee met Wednesday night. Testimony was reviewed. Considerable time was occupied in discussing what form the report should be put in. It is learned that it will either recommend a change in the schools or state the facts to the School Board and let that body act as it deems best.

It is positive that one more meeting, which will be held before next Wednesday evening, will complete the committee work. The committee will report to the Board on next Wednesday evening. The whole evening will probably be given to this report.

It is very probable that the committee will recommend a big change in the management of the Akron schools. The outcome is awaited with much anxiety. It is said the report will meet with the approval of the people.

GLASS WAR.

Edward Ford Says He Will Not Be Scared Out.

A special says: Edward Ford, proprietor of the big plate glass works under course of construction at Toledo, says he is not worrying about the fight which is to be waged upon him by the Pittsburg Plate Glass Co. known as the plate glass trust.

Mr. Ford is manager of the big alkali works at Wyandotte, Mich. He was manager of the plate glass trust until two years ago. Now he will have a plant of his own, in addition to the alkali works. It is said the trust will erect an immense alkali plant at Akron to drive Ford out of that field. Ford says:

"The trust will be the first to cut prices. I am not in this deal to fight but to make money. I have too much at stake to be scared out by a threat. I believe the Fords will be able to handle their business in the future as the past."

ABANDONED

By Promoters as Impracticable—Meeting in Pittsburg.

The sewer pipe combine is off, the promoters having abandoned the scheme as impracticable. It is said that an effort is now being made to form a pool to regulate sales and prices. A number of the manufacturers are meeting in Pittsburg to discuss the situation.

Candidate for Re-election.

Representative C. W. Kempel authorized the DEMOCRAT to announce today that he will be a candidate for re-nomination as Summit county's Representative in the General Assembly.

ANXIOUS. Curious Crowd Present to Witness Power

Exhibited by the Boy Phenomenon—Ten Cases Received Treatment.

The Grand opera house was crowded Wednesday night with an anxious and curious crowd assembled to witness the third series of free magnetic power exhibitions given by the Boy Phenomenon.

The third and last exhibition of his wonderful power was given by the young healer expressly for the benefit of those worthy poor who could not afford to pay for treatment at the office. By no means should the giving of this exhibition be construed as a criterion that people are losing interest in the healing power of the Boy Phenomenon, or that business is decreasing. The phenomenal youth has had an exceptionally good and profitable business here, and has accomplished much good among the sick and afflicted, having effected about 100 permanent cures and benefitting the ills of many others who are yet under treatment and for whom permanent cure is assured.

There were about 10 persons treated Wednesday night, various ills and diseases being represented in chronic and aggravated forms. The pain in all cases vanished from the sufferers when the hands of the Boy Phenomenon were laid upon them. Countenances that depicted pain and despair when this or that sufferer came upon the stage, were diffused with smiles of joy and restored hope as they departed from the stage without their crutches, or the assistance of friends. The magnanimity of the Boy Phenomenon was beautifully displayed in his assurance to those treated on the stage, and whose disease required further attention, that if they would come to his office at the Buchtel Hotel they would be treated until permanently cured, free of charge.

All the cases treated on the stage Wednesday night were successfully and satisfactorily handled. Those who received treatment were as follows:

Baribus Weir, 200 Bell st.; Rheumatism four years; also partial blindness, was assisted to the stage by two men. She used a cane. After three minutes treatment she ran across the stage like a boy and down into the audience amid great applause.

Mrs. Mary Osborn, 139 N. Walnut st.; Had been crippled with rheumatism and paralysis four years; had not walked a step without her crutch in that time. After treatment walked across stage and down into the audience without assistance, and left opera house with crutch on her shoulder.

Mrs. Ada Lapp, 205 W. High st.; Deafness in both ears for number of years; also noises in head. After treatment could hear whisper and all noises were gone.

Wm. Limeric, 361 Cuyahoga st.; Lumbago, heart trouble and bronchitis 22 years. Was a complete physical wreck. After treatment, ran across stage, lifted chairs over head and pains had all left him. He breathed freely; was greatly improved all around.

James Davis; Treated for paralysis, which he had eight years. Left hall swinging cane over his head.

Mrs. Martha Warner had rheumatism and sciatica entire body 25 years; was completely crippled and had not walked a step without crutches in eight years. Was assisted to stage by two men and two crutches and after treatment she walked across stage and to her seat without aid of crutches.

Ernest Schneider, 909 Bowers st.; rheumatism seven years. Badly crippled. Cured in three minutes' treatment.

Mrs. Maggie Hickman, S. Martha ave., neuralgia of head four years. Had suffered constant and excruciating pains, was relieved of all her pains in one minute.

Mrs. H. A. Goldsmith, 302 Gage st.; rheumatism and shaking palsy ten years. Left stage much improved.

Little Johny Corney, who was carried to stage two weeks ago, came upon the stage and shook hands with the "Boy" and now walks and romps like other boys.

Little Miss Frankie Trisch, who was carried in arms of father to stage in helpless condition at former demonstration also appeared on stage to give thanks and express her gratitude to her benefactor.

Settlement In Reed vs. Krumeich Case.

Plaintiff Died While Action Was Pending.

Jury Will be Discharged For the Term.

Law Suit Over Water Rights—Court News.

The grave of Mrs. Alice Jane Reed in Glendale cemetery will be kept green.

The money for its perpetual care will be furnished by the man she claimed had made her home miserable.

About two years ago she filed an action in Common Pleas court against Frank J. Krumeich, a local saloonist, by which she sought to recover damages for the alleged sale of intoxicants to her husband. She claimed that the last named had expended his earnings for strong drink, leaving his family to suffer. While the case was pending Mrs. Reed died. By her will she provided that her estate should be given to the Akron Rural Cemetery association for the perpetual care of her grave. Her only property was this undetermined claim. Thursday the case was settled.

The executor of the will was paid a sum by the defendant sufficient to settle all the costs of administering the estate and attorneys fees, leaving a small balance, which will be turned over to the cemetery association.

Last Jury Case.

The last jury case of this term is now being tried by Judge Nye and a jury in Common Pleas court. When it is finished the jury will be discharged.

Want the Dam Lowered.

John W. Walsh et al., owners of a paper mill at Cuyahoga Falls, have commenced an action in Common Pleas court against The Turner, Vaughn & Taylor Co. They allege that the dam of the defendants across the Cuyahoga river is of such a height that it causes water to flow back on the premises of the plaintiffs, thereby destroying nearly all of the fall of the river on the premises of the complaining parties. They ask that the dam be cut down.

Important Decision.

Judge Kohler rendered a decision in the case of E. G. Johnson against the city of Elyria in favor of the plaintiff at Elyria, Wednesday. The question in various forms has been in courts for several years.

BIG FIELD For July Race Meet

Liberal Purses and First Class Management

Have Established An Excellent Reputation.

Ruhlin Seeks Another Match With Joe Kennedy.

Little Coaster Captured Second Money—Sporting News.

The outlook for an excellent field of horses at the meeting to be given July 12, 18 and 14, under the auspices of the Akron Trotting association at Fountain park, was never better.

A majority of the owners who were at Mansfield and Rockport, have assured the local association that they would be at Akron. The purses offered are liberal and every starter knows that he will get his money if he wins. Akron has established a splendid reputation as a racing town since the management of the meeting was taken by the men who are now conducting the meetings.

Challenge.

The Young West Ends challenge the K. A. C.'s for a game to be played on the afternoon of July 4. The batting order of the Young West Ends is as follows: D. White, C. H. Zerbe, P. B. Roan, Th. T. Delaney, C. T. Liane, ss., McGuire, cf., M. Collins, lf., P. Hane, 3b., V. Murphy, 2b. The K. A. C.'s are requested to publish their batting order.

Akrons at New Berlin.

The Akrons will play at New Berlin next Saturday. The team has booked several good games for this city.

Ruhlin Wants a Return Match.

Joe Kennedy of San Francisco, who recently received a decision over Gus Ruhlin, is said to be one of the coming men in his class. His performance with the Akronian places him toward the top in the heavyweight division. Ruhlin having fought drawn battle with Jim Jeffries and Peter Maher. The westerners believe they have another Jeffries in Ruhlin's conqueror, and are willing to back him against any fighter in the world for any amount. Jeffries will arrive in Frisco within a few days, when he will probably agree to give Kennedy a go. The pair were matched to fight twenty rounds last winter on the coast, but Jeffries declared the match off when he came east to train for his fight with Fitzsimmons. Kennedy, if successful in his next fight, will probably come east and get on a fight with Peter Maher. Ruhlin wants a return match with the westerner. Kennedy stands over six feet one inch, and his fighting weight is about 195 pounds.
