TRADE MARK OF THE COUNCIL OF AKRON

The announcement is made that Col. W. J. Bryan has accepted an invitation to attend the Zanesville convention.

CHAIRMAN DICK has already saved Ohio's Democrats the trouble of holding a convention to select a nominee for governor.

WHEN Col. Dick discusses the "Whren down" of Senator J. Park Alexander he also finds it convenient to use two sets of opinions.

MAJOR JONES of Toledo has finally got down to a specific declaration that he will not be a candidate for governor unless the Democratic convention nominates an untrustworthy man with a barrel and goes back on the people in its pledges of legislation.

THE SCHOOL INVESTIGATION. The committee appointed to inquire into the management of the Akron public schools made a unanimous report to the Board of Education last night.

Excepting some minor criticisms, the report is a complete vindication of Prof. Thomas' supervision of the schools for the last two years.

The report has been referred to the Board as a committee of the whole and will be considered at a special meeting to be held soon at the call of the president.

treatment of certain teachers has not been as kind and considerate as it should have been.

Fourth. The affairs of the High school have been in a critical condition, and such that the Board should give the school their careful and considerate attention.

We find the teachers have been lined up against one another in such a way that there has been constant friction between what is known as the new and the old teachers.

Fifth. We are also of the opinion that the course of study in the High school has not been as carefully followed as it should have been.

Sixth. We also recommend that the course of study as prescribed by the Board for the grade schools, should be more closely followed.

Seventh. We find that there has not been a sufficient nor a frequent enough visitation of our schools by our superintendent.

Eighth. It has also transpired that there has not been as much criticism as there should have been of different teachers' work.

Ninth. We also find that there is an opinion quite current in this city to the effect that the Superintendent and the Board of Education have discriminated against teachers.

yet it is so fraught with difficulties and leads to so much jealousy and hard feeling, that it is hardly a safe basis on which to rest this question.

We suggest that the Committee on Teachers and Salaries make recommendations to the Board, so amending our rules, that the matter of salaries shall be placed on a more definite and fixed basis.

of our schools, that our Superintendent has not dealt fairly and justly with certain citizens, teachers, and applicants for the position of teacher.

We find, however, that in practically all of the instances brought to our attention, which prima facie might appear to lend color to the conditions above mentioned, a full investigation of the facts and surrounding circumstances, convinces us that such feeling and sentiment is unwarranted and rests upon no substantial foundation.

First. An imprudent habit of communitiveness on the part of the Superintendent in matters in whole or in part without his jurisdiction, when silence or plain, brief or decisive expression would have been wiser.

Second. A mistaken conclusion drawn by the applicant, from statements made by the Superintendent and members of the Board, together with a feeling on the part of many teachers and their friends that the position of teacher is one of life tenure.

Third. Injudicious, illtempered, and illadvised comment upon, and interference with, the duties and prerogatives of the Board of Education, its teachers and employes, on the part of the public press and many well-meaning citizens, without taking pains to ascertain the facts and circumstances bearing upon the cases in question, and then building thereon a sound and dispassionate judgment.

In view of the premises, your committee, having an eye singly to the welfare and education of the youth of this city, and the continued maintenance of the high standing of our schools, do believe and find that without an honest and united support of all good citizens, the superintendent's usefulness will be permanently impaired and his efficiency permanently affected in this city, and this, for the most part, from causes not his own; hence we do not recommend any present action upon the matter of superintendent.

Respectfully submitted, C. B. RAYMOND, W. E. SLABAUGH, J. T. DIEHL, S. P. HARTZELL, F. C. REED, Committee.

After the reading of the report Mr. Talcott of the Fifth ward, moved that it be accepted. Col. Gibbons sprang to his feet and moved that it be referred to the Committees on Teachers and Salaries and Schools and Discipline. Mr. Slabaugh seconded Gibbons' motion.

Dr. Reed, who seemed to be perfectly satisfied with the report, said: "I am ready to act on the committee's report now as well as any other time."

Col. Gibbons suggested that the individual members be given an opportunity to look over the report and if possible get it down to something more definite and conclusive. His motion finally prevailed.

Mr. Otis said that Dr. Reed had struggled with the report for four or five weeks, and had every reason to be satisfied with its findings, but that other members of the Board not on the committee knew nothing at all about the matter. He asked for time to investigate the report.

Mr. Raymond said he didn't want to run the report down anyone's throat and said he wanted it thoroughly digested.

Hartzell made a motion to rescind the Gibbons motion, which carried. The report was then referred to the Board as a committee of the whole by unanimous vote.

Each member is expected to investigate the report and be prepared to act upon it at the next meeting of the Board.

WELCOMED TO DETROIT

Great Rally of Delegates in Tent Endeavor. GOOD YEAR FOR THE SOCIETY. One Hundred Thousand New Members Added to the Ranks—The Work Going on in Many Lands—Message of Greeting From President McKinley.

DETROIT, July 6.—The eighteenth annual meeting of the Christian Endeavor convention opened last night, with an immense meeting in Tent Endeavor. Devotional exercises and welcoming speeches were made and responses.

There was enthusiastic applause when Secretary Bar had the following telegram from the president of the United States: "Rev. Dr. Francis E. Clark, Detroit."

"On the occasion of the eighteenth international convention of your society, I desire to express my cordial interest in its work, my best wishes to those assembled with you in convention, and my earnest hope for the continuance and increase of the great results which the efforts of the Christian Endeavor society have effected."

Rev. Dr. Francis E. Clark called to order the annual meeting of the United society in the Hotel Cadillac. Dr. Clark addressed the convention and we were in part as follows:

"The past year of Christian Endeavor work has been a year of remarkable prosperity, a year in which the movement has now so largely occupied the field that the phenomenal growth recorded in the early years of the movement has been maintained and the growth has been very considerable, and the accession of 100,000 to our ranks within the last 12 months is no small addition."

West Indies which was full of encouragement and hope. I found in the island of Jamaica very deep and intelligent interest in the movement. In Cuba, too, I found the beginnings of Christian Endeavor and a very hopeful spirit and outlook for the future."

Other lands Christian Endeavor seems to be obtaining constantly a firmer foothold. In Spain, in spite of the distraction of the war and the natural antipathy to things American, the societies have held their ground and have even increased in number. Russia, which a year ago was the only country without Christian Endeavor, has now been invaded by the movement and we hear of our society almost within the czar's household."

"Our efforts in behalf of universal peace and international arbitration have been a great success. It has received the hearty approval of many of the greatest men in Europe as well as America, and has called forth two or three occasions telegrams and letters of approval and gratitude from the American peace commissioners at The Hague."

"The spirit of brotherhood, of nation and international fellowship; of seeking after God and not the things that pertain to office and station, will, I believe, characterize this eighteenth national convention, and I pray God that his spirit may pervade the future gathering of Christian Endeavorers, and the whole movement in all its phases, reforms of work the world over."

Treasurer Shaw's report showed expenditures during the fiscal year of \$9,678 and \$352 now in the treasury. The report of George E. Craft of Boston, agent of the publishing department, under whose direction The Christian Endeavor World is published, showed cash on hand at the beginning of the fiscal year, June 1, 1904, \$1,100; receipts during the year, \$17,856; expenditures, \$66,628; cash on hand, \$2,439. The western office of the publishing department, located at Chicago, reported expenditures of \$12,593 and \$664 now in its treasury.

In accordance with the report of the nominating committee the following were elected trustees for four years: Rev. C. L. Brown, Mount Joy, Pa.; Prof. H. J. Willett, Chicago; Rev. Samuel McNaughton, Boston; Rev. A. C. Crowe, Toronto; Rev. Hugh K. Walker, D. D., Los Angeles, Cal.; Rev. J. Wilber Chapman, D. D., New York; Rev. George E. McManiman, Steubenville, O. The foregoing were elected trustees for one year upon the reorganization of the United society year ago. Robert E. Spear of New York was elected a trustee to succeed the late Rev. J. Clement French, D. D., of New York, N. Y., and Robert C. Crabbe, D. D., of Philadelphia was made an additional trustee to represent the Methodists, which denomination had heretofore been unrepresented on the board.

The present officers of the United society were unanimously re-elected upon recommendation of the nominating committee, as follows: President, Rev. Dr. Francis E. Clark, Detroit, Mich.; John Willis Baez, treasurer, William Shaw, all of Boston. Representatives on the board of trustees of the United society were elected from each state, territory and province of Christendom.

For Maryland, W. O. Atwood was chosen; for Ohio, Rev. A. C. Miller, D. D.; for Pennsylvania, Rev. Clarence E. Eberman; for West Virginia, Rev. I. A. Barcus.

Invitations for the 1904 convention were received from Denver and Cincinnati, but, in accordance with a resolution adopted last year, it was determined to defer action on this matter until after the London convention of 1904.

Rev. Dr. H. J. Tressider of London, societies, was received and cordially welcomed by the board. Dr. Tressider is here to study Detroit's methods of entertainment and collect information which will be useful to the British societies in 1904.

A delegation of three, representing the Ministerial union of Toledo, appeared before the trustees, asking that the Christian Endeavorers do all in their power to develop sentiment against the opening of the gates of the Ohio centennial on Sunday. The matter was referred to a special committee.

THAT VITAL SPOT.

The prize fighter always aims for the vital spot in the body. When he reaches it, as Fitzsimmons did with Corbett, the other man is knocked out. To protect the vital points of the body is the first care of the fighter.

The stomach is the vital spot to be protected against the deadly blow of that universal, pestilential, called consumption.

If it is permitted to get out of order—if the blood becomes full of impurities, if the system is allowed to run down—it won't be long until consumption will find the "opening" and deal its fatal blow.

Protect yourself with Dr. Pierce's Golden Medical Discovery, the non-alcoholic remedy for the stomach, blood and nerves.

Take a few boxes of Golden Medical Discovery, and you will be cured. It has cured so many thousands that it will also cure you. Don't under any circumstances permit the medicine dealer to induce you to take some other remedy. There are many substitutes on the market, but none of them possess the power to cure like "Golden Medical Discovery."

After using about five bottles of Dr. Pierce's Golden Medical Discovery my boy seems to be all right," writes Mr. J. W. Prior of Oakark, Monroe Co., Ohio. "He was very bad when I commenced to give him the Golden Medical Discovery. The doctors seemed to have no effect, and we despaired with them until he was just waking. It has been ten months since he stopped taking your medicine and he is still in good health."
