THE WORST FEMALE COMPLAINT.

More women are suffering from leucorrhoea, or "whites", than from any other disease. If you have leucorrhoea you ought to cure it. You can stop the discharge and pain and feel like a new woman. You are missing half the pleasure of life and you have got so used to it that you don't know it. The first thing spoken of by almost everyone cured by Wine of Cardui they enjoy living—how different things seem. There is nothing which will drain the sap and life of a woman quicker than leucorrhoea—and there is nothing that will put it back quicker than Wine of Cardui. It stops the debilitating drains and tones up the whole system. It is unequalled as a womanly tonic. Taken with Black-Draught it will relieve any case of female trouble.

If you wish advice, write to the "Ladies' Advisory Department," of The Chattanooga Medicine Co., Chattanooga, Tenn., but above all, try Wine of Cardui.

TROOPS CALLED OUT IN LOUISVILLE.

INSPECTORS APPOINTED TO HAVE BEEN REFUSED ADMITTANCE TO INSPECT COUNTS.

LOUISVILLE, Nov. 8.—Colonel C. C. Mengel received orders from Governor Beaman to send to the polls at once the Louisville Legion, which had been under arms at its armory all day in readiness for a call. Up to this time the election had been one of the quietest ever known here. A few arrests for alleged interference with voters were made, but there was less than the usual amount of friction between the workers of the respective candidates. When the polls closed at 1 o'clock the inspectors representing the interests of the Brown ticket appeared and demanded admittance to watch the count.

This was done under a mandatory injunction issued by Judge Toney of the circuit court, shortly before noon, restraining the city authorities and officers of election from interfering with the Brown inspectors. About the middle of the afternoon the Republicans secured a similar order for their inspectors on the grounds that the Brown ticket was interfering with their franchise.

In a number of places the inspectors were refused recognition and Governor Beaman's order for troops to go to the polls was made upon a statement by Judge Toney reciting this state of affairs.

The men were ready, and within a few minutes they were on their way to the armory. Belts were hoisted up with ball cartridges and every man had his bayonet fixed.

Colonel Mengel, who was in uniform for the first time since the fireman's place he held at the outbreak of the war, was placed in readiness for a call, assumed command. As soon as the order became known Sheriff Bell hastened to the armory and protested against the calling out of the troops on the grounds that there had been no disorder and no trouble, and that there was no occasion for action by the state authorities; that Judge Toney had no authority to issue such orders to him, the sheriff, as peace officer of the county; that there had not been any interference with his order.

Colonel Mengel replied that he was acting under instructions from Governor Beaman.

LEXINGTON, Ky., Nov. 8.—In one precinct in this city, while the count was in progress, a body of armed men, said to have come from the Republican headquarters, attempted to enforce a fair count, as they claimed. Reaching the precinct, they were met by a number of armed men, who were brought into use, and about 100 shots were fired. One negro was wounded, not seriously. The attacking party fled and no arrests have been made.

MAZET WAS DEFEATED.

Tannum Knocked Him Out and Carried the County—Republicans Control the State Assembly.

HOW THE PRESIDENT VOTED.

NEW YORK, Nov. 8.—Returns from state and city as far as secured indicated that the Republicans will have about the same majority in the next assembly as in the last. The Democratic gains in this city being offset by losses in the smaller counties. In 113 assembly districts which have reported, including 39 in this city, 75 Republicans and 38 Democrats were elected. The Democrats suffered grave reverses in Erie county (Buffalo) and Chemung county, the home of ex-Senator David B. Hill. In the city elections up to the time the Democratic vote showed a great falling off. Buffalo, Troy and Albany gave large Republican majorities, a complete overturn. Mayor James K. McInerney, Democrat, re-elected Mayor of Syracuse, a tribute to his personal popularity.

In the four counties of New York city the usual big Democratic majorities were rolled up, every candidate in every county being elected except Gray, Democratic candidate for recorder of Kings, against whose charges of corruption he had been made.

Tannum shows no cleavage over the plurality of 45,000 for his New York county ticket, having expected it. The returns in every other county of the republic are in the defeat of Assemblyman Robert M. Mazet, Republican, by Perez M. Stewart, Democrat. Mazet was the head of the assembly committee investigating municipal affairs in New York.

Democrats Carried Boston.

BOSTON, Nov. 8.—The Democrats had no difficulty in carrying the city of Boston. For the past three years the city has endorsed the Republican candidate for governor, but this year Robert Treat Paine, Jr., the Democratic nominee, received a plurality of 6,196 over W. Murray Crane, Rep. The state went Republican.

CLAIMED BY BOTH SIDES.

Taylor Predicted to Have Carried Kentucky by From 10,000 to 15,000 Majority.

FRANKFORT, Ky., Nov. 8.—Former Senator Blackburn sent the following telegram to W. J. Bryan: "We have carried Kentucky by a small but safe majority. Sincere congratulations upon your splendid victory in Nebraska."

LOUISVILLE, Nov. 8.—Latter returns tend to confirm the Republican claims of victory, and while the majority will not reach their estimated figure, the returns received up to 1 o'clock continue to show Republican gains, and a plurality of 7,600 is conceded by many of the Democratic leaders, while some of the more faithful are claiming a plurality of 5,000 for Goebel.

LOUISVILLE, Nov. 8.—Chairman Long of the Republican campaign committee claimed that General Taylor has carried the state by from 10,000 to 15,000 majority. He says that Taylor has carried the Third, Fourth, Fifth, Ninth and Eighth congressional districts, while the Eight and Tenth are close.

The Republicans have made heavy gains in most of the Democratic strongholds which were expected to give Goebel large majorities. Chairman Long claims the Republicans have carried the city of Louisville by from 2,000 to 3,000 majority.

Republicans Carried New Jersey.

TRENTON, Nov. 8.—The returns indicated that the Republicans have carried the state by about 20,000 plurality, although there was no direct vote on a state ticket. The Republicans will control both houses of the legislature by good working majorities, and will have an increased representation in the house of assembly.

Election in New Orleans.

NEW ORLEANS, Nov. 8.—The New Orleans election passed off quietly. Paul Capdeville was elected mayor over Walter C. Flower, the incumbent, by at least 6,000 votes. The state and United States senatorship fights were involved in the contest, and the Democracy also made the issue of municipal ownership prominent.

HOBART'S CONDITION MORE FAVORABLE.

Sat Up in a Chair For a Short Time and Ate Some Solid Food—Dinner Non-Committal.

PAVERSON, N. J., Nov. 8.—Vice President Hobart's condition was reported to be more favorable. It was stated at his house that Mr. Hobart had been able to sit up in a chair for a short time and had eaten some solid food, something he had not done in three weeks. He was less nervous than he had been for some days, and his family felt encouraged over his apparent improved condition. Dr. Newton, who remained at the house, would not offer any encouragement as to the vice president's recovery.

During the day Attorney General Griggs called and had a short interview with the vice president. Mr. Hobart was cheerful, and he told Mrs. Hobart that he hoped to be able to take her out for a drive before long. Among those who sent telegrams inquiring as to the vice president's condition were Senator Richard Washburn Child and Mrs. Frankfort of West Virginia.

WAS TRYING TO BELIEVE MAKING.

CAPE TOWN, Nov. 8.—A dispatch from Kuruman, dated Friday, Nov. 3, says a dispatch rider arrived there from Mafeking that morning, announcing that Colonel Bullen-Powell had captured a number of rifles and horses. Fighting was occurring daily at Mafeking, all it was added, in favor of the garrison. Natives report that Colonel Bullen's force from Fort Tuli was working its way from Kuruman, to relieve Mafeking.

The British Loss Eight.

LOUISVILLE, Nov. 8.—An official dispatch from Louisville, dated Monday, Nov. 5, said: "There has been a cessation of hostilities since Friday. Only one Kaffir was killed by the Boer. The Boer force at Kabsant, and 20 wounded in Thursday and Friday's engagement. The town is well provisioned and is believed to be entirely safe."

Injured by Boers.

DURBAN, Natal, Nov. 8.—The Boers invaded Ingwavuma, Zululand, and looted and burned the public buildings and stores. The magistrate, police and other inhabitants fled toward Eshowe.

British Not Merely on Defensive at Ladysmith.

BOERS WERE CUT TO PIECES.

A Force of Them at Tatham's Farm Practically Wiped Out—Another Successful Engagement—Believed That Railway Will Be Opened.

LONDON, Nov. 8.—The welcome dispatches from the front have rent the veil of gloom enveloping Ladysmith, showing the British marionnet not merely standing on the digged defensive, but executing a series of brilliant sorties. Accounts from different sources agree that the laconic official description of Thursday's engagements as "an effective shelling of the Boer laager" was unduly modest. It appears that General Sir George Stewart White sent a strong force of cavalry and infantry to attack the position at Tatham's farm, about ten miles to the northwest, near Besters, and apparently achieved a surprise, the Boers being caught on the open veldt and cut to pieces and their army captured. Encouraged by this success, General White decided to risk an even more important engagement on the following day, which was again justified by success.

Ladysmith had been isolated and a Boer laager at the railway station between Ladysmith and Colenso. This force on Friday had descended upon Colenso and, as shown by the dispatches from Estcourt, had compelled a hurried abandonment of the position by a detachment of the British to Estcourt.

General White had ascertained that the Boers were attacking Colenso, but he was not aware of the British retreat, which had determined, therefore, to attack the Boers in the rear, thus hoping to achieve the double object of drawing off an attack upon the weak garrison of Colenso and possibly of reopening communication southward.

The Boers had advanced southward until they had occupied the hills north of Tugela river and dominating Colenso and the hills to the west of the hills slope to a plain that reaches to the banks of the Tugela.

General White's division caught the Boers in the rear and, after the hills had been seized, the British infantry stormed the position. Meanwhile the British cavalry swept around the hills, and as the retreating enemy descended into the plains with British bayonets behind them and the river in front of them, they were charged by the cavalry and seen to have perished almost to a man. The British then returned to Ladysmith without coming into touch with the Colenso garrison, which had retired to Estcourt.

Sunday's dispatch from Estcourt, however, showed that an armored train had been sent to Colenso to repair the line, and the next news may possibly be of the restoration of communication with Ladysmith.

While the British troops were thus engaged in successful endeavor to wipe out the Nicholson's Nek disaster the situation inside Ladysmith, as shown by an official dispatch from the general at Estcourt, was most satisfactory. Encouraging a hope that Sir George White may yet completely retrieve his shaken reputation.

Interesting news came from the channel squadron at Gibraltar, showing precautions against all eventualities in peace time. On the way to Gibraltar the fleet spread out four miles apart and a steampuff boat was kept at suspicious distance. At Gibraltar extra sentries are posted at night at different parts of the ships with ten rounds of ball cartridges each. The sentries are posted on the upper deck and in the lighting towers. They are ready for immediate use, the ammunition being on deck; a few men sleep at the guns, the searchlights are kept working and all lights are calculated to be extinguished by approach without the permission of the officer of the watch.

A DENIAL FROM GERMANY.

No Intervention Proposition Submitted by the Other Powers.

BERLIN, Nov. 8.—Regarding the alleged scheme for arbitrating the Transvaal question a semi-official statement has been issued as follows: "Nothing whatever is known here of any such plan of arbitration. The part of Russia, France or Spain in the Transvaal question. In any case it must be positively stated that no such plans have been suggested to the government of the German government from any quarter whatever, and therefore it has never been in the position to reject any such or similar proposition."
