BOY CHOKED BY NEGROES.

Mounted Guards Kept in Roads at West Liberty.

BELLEFONTAINE, O., Nov. 24.—Near West Liberty a boy named John Whitman, who lives north of the town, was on his way home in a lonely part of the town when three strange negro men stopped him and demanded that he tell them the names of the leaders of the recent mob.

As boy, of course, could tell nothing, and, after choking him and frightening him almost to death, the strange men let him go and disappeared.

When the story was told in town a posse of men went in search of the negroes. They found one strange man, but let him go when he satisfied them that he knew nothing whatever of the matter.

The threats of vengeance which reached the townspeople from colored people south of West Liberty caused the mayor to place mounted guards on all roads leading into the town, and a close watch was kept all night. Everybody had a gun and watches were kept burning. It was said that the vigilance will not be relaxed for a while.

Silver Republicans to Meet.

BLAKE FORT, Ind., Nov. 24.—Former Senator Dr. Bois, who is chairman of the executive committee of the National Silver Republicans, left for Chicago to attend a meeting of his committee Nov. 28. He does not think imperialism or expansion will be an issue.

STANDARD OIL CASES.

Supreme Court Heard Arguments, at Columbus.

CONSTITUTIONALITY OF THE LAW.

Attorney General Monnett Argued For the State on Anti-Trust Legislation and Near For Standard Company—Time Given State's Attorneys.

COLUMBUS, Nov. 24.—The supreme court listened to arguments in the Standard oil cases, involving the constitutionality of the anti-trust law. Attorney General Monnett was given an hour in which to make his arguments and Hon. L. T. Neal, who was the only attorney present for the Standard Oil company, made an oral argument.

The court suggested that it would be well for the attorneys for the state to confine their line of argument, so far as possible, in a reply to a brief filed by the defendants.

The court gave the attorneys for the state five days in which to file their arguments in and filed with the court.

THE CASE OF DR. SCHELL.

Epworth League Board Adopted a Report, at Cincinnati.

CINCINNATI, Nov. 24.—The board of control of the Epworth League continued its executive session here. The committee appointed to report what should be done by the board made a report recommending that the Epworth League was being injured by the continued agitation of the case of Dr. Schell, and to the common misconception of the meaning of the resolutions adopted by the board at its meeting at Indianapolis when the case was investigated. The report declared that those resolutions were not intended to charge Dr. Schell with immoral conduct, but only with an impropriety. Long arguments followed a motion to adopt the report.

Dr. Schell is quoted as saying that even if this board decides to ask his resignation he will not resign, but will appeal to the general conference, which meets in May, 1900.

The report of the committee was adopted by a majority vote. The figures of the vote are not given.

Brotherhood of St. Andrew.

COLUMBUS, Nov. 24.—At the recent convention of the Brotherhood of St. Andrew, held in this city, the time and place of the next convention was referred to the executive committee and that body has just decided on Richmond, Oct. 10 to 14, 1900. General Secretary John W. Wood presented his resignation at the same meeting of the committee, which was held in Philadelphia. John H. Peyton resigned as army secretary and the army committee was instructed to discontinue its work in the Philippines.

CONDEMNED THE PRESIDENT.

Anti-Administration Resolutions Adopted by K. of L. Assembly.

BOSTON, Nov. 24.—The general assembly of the Knights of Labor concluded its business and adjourned to meet in Birmingham, Ala., November, 1900.

The chief feature of the closing sessions was the adoption of resolutions condemning President McKinley's policy on the trust, imperialism and labor questions, declaring him to be the enemy of labor and asking labor to use its influence and votes against him in the coming election.

Resolutions were also adopted denouncing national banks and favoring the abolition of indirect taxation; the abolition of contract system on all public works, the unlimited coinage of silver at the present legal ratio; the establishment of postal deposit and savings banks at every postoffice and the election of president, vice president, supreme court judges and United States senators by the direct vote of the people.

ANOTHER LINE,

With New Promoters, Proposed to be Built to Massillon.

Citizens generally are pleased with the prospect of a short car line connecting Massillon, New Philadelphia and Akron, says the Canton News-Democrat. News comes from Canal Dover that Davis King, former superintendent of the Tuscarawas street railway of that town, and W. A. Garver, also of Canal Dover, are promoters of the line which is expected to be built to Massillon. A large proportion of the right of way, it is said, has been secured. A Canal Fulton business man stated to a News-Democrat reporter Tuesday morning that W. A. Garver was also interested in a line extending from Akron to Massillon, via Barberton, Doyelstown and Canal Fulton, and that considerable right of way had been secured.

With Cleveland, Akron and Massillon connected there is no doubt that Canton will be placed on the list. Alliance could then be made a part of the system if the proposed Canton-Alliance line is built and the promoters it is said will push forward to the Ohio river, by way of Urichsville and Cadiz to Wheeling, Philadelphia capitalists, it is said, are interested, but others say the whole system has a strong Everett flavor.
