

RESIGNING

Are Many Officers Of the Ohio National Guard To Make Way For the New Regime.

Adj. Gen. Gyger Issues General Orders.

Akron Man Among the Newly Commissioned Officers.

(Special Correspondence.) Columbus, Feb. 13.—Adjutant General Gyger has issued a general order appointing the following Board of Examiners of officers-elect of the Ohio National Guard: Brigadier General John C. Speaks, second brigade; Colonel Walter N. P. Darrow, general staff; Major H. M. Taylor, surgeon, Fourth Infantry. Each of the officers appointed is stationed at Columbus.

S. D. Palmer of Covington, has been recommissioned captain of Company A, Third Infantry, and G. M. Wright of Akron has been commissioned assistant adjutant general, with rank of lieutenant colonel of the division.

D. H. James, Toledo, has been appointed captain and inspector of rifle practice, Sixth Infantry, to succeed Captain E. E. Newman of Bryan, whose resignation has just been accepted.

Other resignations have been accepted as follows: Captain E. L. Gyger, K. Eighth, Alliance; First Lieutenant S. C. Fiske, signal officer, Sixth, Toledo; First Lieutenant J. H. Lehman, A. Third, Covington; First Lieutenant and Quartermaster C. C. Robbly, First Battalion Engineers, formerly of Cleveland and at present a resident of Pennsylvania.

Captain Gyger is the son of Adjutant General Gyger and his resignation is made necessary by the press of other duties.

Captain John M. Barrett, superintendent of the Boy's Industrial School at Lancaster, whose term expires in May, will not be reappointed by Governor Nash. There has been very much friction at the institution for many years and the superintendent has been retained in the position merely through the influence of Senator Foraker, with whom he is related by marriage. Captain Barrett has asked Governor Nash to refuse to confirm the appointment of R. E. Jones of this city as one of the trustees of the Industrial School, but the Governor has refused to grant the request, and Mr. Jones will continue to hold the office.

ROBERT O. RYDER.

STATE GRANGE

Wants to Hold Its Annual Convention at Akron.

Mayor W. E. Young has received a letter from Eugene F. Franz, of Bath township, relative to what inducements Akron would give to secure the annual convention of the State Grange, next December.

It is expected that 1,000 delegates will attend the convention, and the inducements asked for are that Akron furnish a hall to hold the meeting in, and secure \$2 a day rates at the hotels.

The matter was presented to City Council Monday night, and President Sprigle named as a committee to confer with the Chamber of Commerce concerning the matter Messrs. Carlton, Markle and Flebeger.

That Akron has been selected as a possible place for holding the convention is due largely to the efforts of Mr. Eugene F. Franz, of Bath township.

INCORPORATED

Was the Dauntless Burner Company—May Come Here.

Columbus, Feb. 13.—The incorporation of the Dauntless Burner and Gas

Don't Argue with Kidney or Liver Disease Warner's Safe Cure

USE THE ONLY SPECIFIC. Begin today. Sold by all Druggists.

Stove company, Massillon, has been authorized by Secretary of State Kinney. The capital stock is fixed at \$6,000 and the incorporators are L. H. Reynolds, C. F. Allen, J. H. Beal, A. E. Allen and J. E. King.

It is understood that the new plant will be located at Akron! ROBERT O. RYDER.

PROHIBITED

Use of Electrical Brake Inside the City.

Needed to Control Cars in Country Where Speed is Great.

Officials of the Painesville and Akron suburban roads say that the experiment of forbidding the use of the electric brake on the cars of those lines when inside the city limits of Cleveland, seems to be working very well, says the Cleveland Leader. The rule has been in effect for about ten days.

"The electric brakes are operated by electric armatures," said Charles Wason, a director of both lines, "and whatever objection there has been, seems to be based on the dislike of the men for the exertion it takes to apply the hand brakes. The electric brakes are operated by armatures that wear out very rapidly, and the more they are used the more serious the wear becomes. The suburban cars run so slowly inside the city that there is really no need for using the electric brakes, and we decided to try giving them a rest during the time the cars are in the city. There are 11 notches on the controllers of the suburban cars, the 11th representing the highest speed the cars can make. Inside the city the motormen are not allowed to speed their cars up higher than the sixth notch. This gives a speed of about a quarter of what is used in the country, for the wires in the country carry a great deal higher voltage than those in the city.

"When the cars are in the country the electric brakes are needed to control the cars on account of the high speed they make, but in the city the cars go so slow that the hand brakes are all that are necessary. Of course, the electric brakes are always ready for use in case of an emergency, when there is occasion to stop the cars quickly inside the city, but the men are instructed to use them only when necessary."

Addition.

A. Adamson, has completed the additions to his machine works which more than double their former capacity. The additions include a new foundry, with ten-ton cupola, and an erecting room, with a 15-ton traveling crane. The main new building now accommodates the offices, which are spacious and handsomely furnished. Mr. Adamson's interest in the rubber industry began about seven years ago, when he was called upon occasional repair jobs in nearby mills. He began to receive small orders for molds and dies which business has grown until he is now the largest maker in the United States of these articles, besides supplying machinery for the rubber trade.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial, bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state. SKIPPED.

Whereabouts of Alfred Cliff Are Unknown.

Wife and Child Left With His Landlord, but Board is Unpaid.

A pitiful case of apparent desertion was reported to Poor Director Kendall Tuesday.

It is the old, familiar story of a first class workman incapacitated by strong drink. Finally he draws the unpaid portion of his wages, turns his back upon his loved ones, and with an unpaid board bill behind, starts out alone in the wide world.

For several weeks Alfred Cliff and wife and 5-months-old baby have been boarding at the home of C. A. Shreve, 402 S. High st. Cliff is a moulder by trade and was employed by Taplin, Rice & Company. He was addicted to the drink habit and much of the time he failed to go to the shop. When he did work he made big wages and was regarded as a first class moulder.

Monday morning Cliff left his boarding place and has not been seen since. He drew his money from his employers, called for his card from the moulder's union and made himself scarce.

Meanwhile a heart broken woman with a child is left penniless at the residence of Mr. Shreve and the latter is out \$15 due from Cliff for board.

Poor Director Kendall will investigate the case and the police will be notified. Cliff formerly worked in Cleveland.

MRS. HANSARD

Alleges That Her Husband Broke Two of Her Ribs.

There was nothing like kindness depicted in Mrs. Cynthia Hansard's countenance when she visited Justice Thomas' court Monday evening.

She complained that her husband had assaulted her Saturday evening while they were shopping. As a result of this assault, Mrs. Hansard alleges that two of her ribs were broken, and that she sustained other injuries.

Her husband's name is William, and against William a peace warrant was sworn by his wife.

STANDS VERY HIGH.

Estimation of The Public Argues Well For It.

Good Reports Are Coming From All Sections of the Country.

There is not a medicine sold in Ohio today that stands as high in the estimation of our home people as Morrow's Kid-ne-olds. Not only in this state are Morrow's Kid-ne-olds achieving great success, but good reports come from all sections of the country, and these reports come because the people have been cured of kidney and urinary disorders just the same as hundreds in Ohio have been cured.

Mrs. John Wells, 308 South Main st., Bellefontaine, Ohio, says: For the "For the past two years my little boy has been afflicted with a weakness which prevented the retention of urine. Morrow's Kid-ne-olds have completely cured him of this trouble. I had Morrow's Liver-lax to be a splendid remedy for torpid liver, biliousness and dizziness."

Morrow's Kid-ne-olds are not pills, but yellow tablets and sell at 50 cents a box. For sale at all drug stores.

Morrow's Liver-lax are small red granules and sell at 25 cents a box. Attended on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

LINCOLN DAY

Fittingly Observed.

Banquet Given by Young Lawyers' Club

At Hotel Buchtel Was a Splendid Success.

Will Become a Permanent Event For the Club.

Gen. Charles Dick Responded to Theme "Abraham Lincoln."

The anniversary of the birth of the martyred Abraham Lincoln was appropriately celebrated in this city Monday night.

Under the auspices of the Young Lawyers' Republican club, an elaborate banquet was given at Hotel Buchtel. It was attended by over 100 of the members and friends and in point of arrangement in every detail, it was an unqualified success.

It was the second annual banquet of the club. If words of cheer and kindly expressions count for anything, many more similar spreads will follow. The club was many times congratulated by the speakers upon the propriety of observing Lincoln Day and it is not improbable that a banquet will become an annual feature upon Feb. 12.

It was nearly 9 o'clock when the banqueters took their places around the festive board. The Schubert Musical club, stationed in a corner of the dining hall dispersed excellent music throughout the evening.

The dining room had been tastefully decorated in flags, and portraits of Lincoln, Washington and President McKinley adorned the walls.

The menu follows: Olives, Celery, Consomme Royale, Broiled Striped Sea Bass, Serpentine Potatoes, Chicken Croquettes, Petit Poles, Fillet of Beef, Larded, Champignons, Cream Potatoes, Cream de Menthe Punch, Roast Young Turkey, Cranberry Sauce, Shrimp Mayonnaise, Ice Cream, Cake, Coffee, Cigars.

The service was under the personal direction of Manager W. E. Pence and reflected due credit upon the management of the hostelry.

After the dinner had been regaled, the president of the club, Mr. W. R. Talbot introduced the master of ceremonies, Judge G. M. Anderson. The Judge accepted the honor gracefully and made an excellent toastmaster. The first response was given by Mr. H. M. Hagelbarger, whose remarks were upon the subject "AKRON." He briefly outlined the early history of the city and said the canal had much to do in making it a commercial center.

Judge S. D. Tibbals was the next speaker and his theme was "Ohio." He regarded it as no easy task to "do" Ohio, in ten minutes. He spoke of its phenomenal growth in its less than a century of statehood. Its educational system has no equal. There are 600,000 students enrolled, with 20,000 teachers at a cost of more than \$11,000,000. The speaker also attributed much of the State's success to her national resources.

Still broader was the subject assigned Judge E. W. Stuart. His topic was "United States." During his remarks he said "Tonight we commemorate the birth of the greatest statesman who has yet seen the light of day. He was born 91 years ago in Kentucky. It seems a long time, yet today there was buried in Indiana an honored son of that State who was born before Lincoln. I refer to the Hon. Richard W. Thompson. Thus it was possible that Lincoln might have lived all of these years, had it not been for the assassin's bullet."

Mr. L. C. Miles kept the banqueters in good humor with his toast on "Stories of Lincoln et al." The last speaker was Gen. Charles Dick, who responded to the toast "Abraham Lincoln." Gen. Dick's speech was a finished eulogy upon the life of the martyred Lincoln. After reference to his early life had been made, he said that no man had ever been called to the chair of the Presidency confronted with such momen-

DR. A. C. RIDEOUT

This is the Gentleman Who is Entitled to All the Credit for All the Numerous Cures that Are Being Effected at the British Medical Institute, Room 36, Central Office Building.

A staff of eminent physicians and surgeons from the British Medical Institute have, at the urgent solicitation of a large number of patients under their treatment in Akron, established a permanent branch of the Institute, Suite 36.

These eminent gentlemen have decided to give their services free for three months (medicines excepted) to all invalids who call upon them for treatment between now and March 1st. These services consist not only of consultation, examination and advice, but also of all minor Surgical Operations.

The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted and under no condition whatever will any charge be made for any services rendered for three months, to all who call before March 1. Therefore, the most humble in circumstances can avail themselves of the services of these eminent physicians.

The doctors treat all forms of disease and deformities, and

Guarantee a Cure. In every case they undertake. At the first interview a thorough examination is made, and, if incurable, you are frankly told so, also advised against spending your money for useless treatment.

Cataract and catarial deafness, also rupture and goitre are positively cured by their new treatment.

Dr. Arthur C. Rideout, the chief consulting surgeon of the Institute is in personal charge.

Office hours from 9 a. m. to 8 p. m. No Sunday hours.

tous questions. Conditions more serious and more alarming were present and demanded greatest wisdom.

The committee on arrangements was as follows: W. R. Talbot, T. E. Wells, H. M. Hagelbarger, F. H. Stuart, W. B. Doyle and W. Oliver Wise.

Those present were: S. D. Kenfield, W. B. Eckerman, E. P. Otis, J. E. McKenn, J. P. Grth, James A. Wilson, Charles F. De Woody, John H. Thomas, W. H. Love, F. H. Caley, Robert Quine, S. L. Silver, R. W. Orr, D. A. Doyle, C. W. Kline, L. E. Sleser, Frances Selberling, W. B. Doyle, E. D. Coates, Charles Esselburn, H. L. Snyder, Charles S. Todd, H. K. Hitchcock, Thomas A. Smith, F. M. Cooke, Guy H. Prier, John W. Payne, P. H. Hoffman, F. W. Shirer, Mark D. Buckman, David Wilson, E. O. Leberman, Arthur L. Hall, William Phillips, Park B. Johnston, A. L. Croix, Forest Firestone, Geo. W. Rogers, Joseph Linnic, H. B. Linnic, F. E. Whittemore, F. O. Weary, Harvey Musser, D. P. Wheeler, E. C. Webster, Osborn Esqate, A. E. Kling, J. E. Wells, W. R. Talbot, C. F. Heery, N. D. Tibbals, E. W. Stuart, Charles Dick, G. M. Anderson, L. C. Miles, H. C. Theiss, Charles E. Howland, J. W. McDonald, C. F. Ames, N. O. Mather, Mark B. Stevenson, W. B. Baldwin, John Crisp, Fred E. Smith, William Wise, H. M. Hagelbarger, L. S. Ehbright, George W. Crouse, A. E. Hershey, A. Wagoner, Sumner Nash, M. F. Hamlin, George K. Wilson, N. L. Glover, W. A. Martin, B. F. Buchtel, D. E. Cranz, H. A. Kannon, Erwin France, D. R. Phillips, John T. Mertz, J. P. Hale, J. R. Campbell, T. C. Reynolds, R. M. Wanamaker, W. H. Kline, C. E. Thorne, T. W. McCue, Max Schumacher, F. H. Stuart, E. C. Wildes, J. W. Harter, A. J. Pardee, N. Chalker, H. W. Loomis, John Flower, W. E. Pardee, Jeff Leaser, Thad W. Rice, Jas. A. Braden, H. H. Johnson, all of Akron; A. H. Dittrich, Hudson; W. W. Patton, Kent; W. H. Melay, Kent; C. M. Davis, Kent; Cec Livingston, Kent; W. J. Raley, Kent; C. O. Hale, Ira; Geo. F. Durant, Barberton; C. C. Foster, Inland; Hugo Schumacher, Chicago; W. W. Van Niman, Shreve; E. Hawkins, Richfield; Frank Heath, Medina; G. A. Shaw, Barberton; Oliver Sprinkle, Barberton; Chas. Ammerman, Barberton; L. H. Oviatt, Twinsburg; C. P. Read, Hudson; J. H. Wuchter, Barberton

ENTERTAINMENT

Will be Given February 25 by Montefiore Society.

The Montefiore society, a prominent Jewish social organization, is preparing for an entertainment, or light comedy play, entitled "When Greek Meets Greek," to be presented Sunday evening, Feb. 25, at Progress club hall.

The parts in the play will be taken by Misses Seela H. Moss, Cassie and Blanche Leopold and Myrtle Tubolsky.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for particulars. Address: J. C. HENNEBERRY, Toledo, O. Sold by druggists. Hall's Family Pills are the best.
