## SITUATION Has Not Changed.

Everything Remains Quiet at Barberton.

The Strikers Held a Meeting Tuesday.

Three Small Boys Started After Fortune.

Parents Are Alarmed by Their Absence—News Notes.

(Special Correspondence.)  
Barberton, May 2.—The strike situation remains unchanged. Both sides are quiet, and there is much speculation as to which will weaken first.

The Stirling Co. is rushed with orders and part of the office force are working nights. The "floating element" are all getting their time cashed and going away on visits.

Yesterday afternoon the American Federation of Labor held a meeting in Tracy hall. The situation was discussed, but no action of any kind was taken.

No more meetings will be held until Friday evening, the regular meeting night.

The moulders have held no meeting and none has yet been called. The strike of the moulders was sanctioned by the National organization.

Bert Shindler, aged 15 years, and Blake Curtis and John Parks, both aged 14 years, ran away from home yesterday. This morning Bert Shindler returned, but the other two boys are still missing. Their parents are much alarmed. Shindler told Marshal Ferguson today that he left the other two boys at Canal Fulton, and that they were then talking of going to New Castle, Pa. Efforts are being made to locate them and bring them home.

What the boys motive was in running away is not known, but it is believed they were the readers of cheap, trashy literature, and got it into their heads to leave home with the intention of striking a mine. Between them they had only \$10, and before their departure they all bought long trousers, so that they would appear older.

Nightwatchman R. A. Colton arrested Jesse Carpenter of Akron at 8:30 o'clock last night at the Insurance Medicine company's show, corner Second st. and Tuscarawas ave. He was drunk and disorderly and was lodged in jail. It was alleged, he insulted a woman. During the night Benny Croft called on Mayor McNamara and gave him the sum of \$6 for Carpenter, whereupon he was released. The culprit failed to appear in court this morning and the bail was forfeited. Carpenter was married only a few days ago. The police in Akron learned of Carpenter's arrest and this morning Chief Harrison telephoned that he should be held as he was wanted on four or five charges.

Herbert Plant, who came here from Kilbuck, and who boards on Van st., is minus a suit of clothes. Yesterday a fellow named Hall, who lived in the same house, and who has been working at the Stirling Boiler works, left for Pittsburg, and since then the clothes have been missing.

Fifteen dollars of the wages of A. J. Rogers, an employe of the Stirling Boiler Co., have been garnished by Liverlyman Frank Brotsman. Mr. Brotsman avers that on April 15, Rogers overdrove a horse rented from him, and that doctor bills amounting to \$15 have been incurred on his account. He therefore asks for the \$15 damages.

Wm. Lawther has sold his saloon to Elben Bros. of Shreve.

Dick Brown is moving from the basement of the National hotel to Second st.

Doll's orchestra gave a dance in Tracy hall Tuesday night. One hundred couples were in attendance. A

special car conveyed the Akron people home at 12 o'clock.

S. M. Fowler has returned after a visit with his family in Mt. Vernon.

H. S. Pell of Paducah, Ky., was here yesterday.

Henry Herman was in Cleveland on business Tuesday.

The water will be drawn off this canal level Friday.

will easily be obtained by six business men, peaceably discussing the matter around a table, providing the six be honest and act in good faith. We go to tell the American people that we are preparing to place our case in their hands for their arbitration, so satisfied are we that we demand nothing that an impartial, freedom-loving nation is not willing to grant.

The English press teems with falsehoods by which it seeks to throw dust into the eyes of the American people. We are prepared to meet these falsehoods by asking the United States to judge between us. Will England agree? If not, then these falsehoods will not deceive Americans, for they will realize that what England seeks is to crush out our independence, as they sought unsuccessfully, thank God, to crush American independence in the last century. Those who attribute other aims to our mission, who accuse us of having sought or caused this war, if not, therefore, instigators thereof, have through their own political and financial ends been misled by latter day interviews which appeared and were attributed to us, statements which were never made and interviews which were never held, the object being to draw us into contradictory statements and thereby change our object. We have not spoken before because it was not necessary, but on the eve of our departure for America, we feel entitled to transmit this frank declaration to the American people to disabuse their minds of false statements and to ask them to grant us a fair hearing while laying our case fairly and squarely before them.

The delegates, Messrs. Fischer, Wolmarens and Wessels left for Rotterdam this afternoon, whence they will sail for New York tomorrow, on the Holland-American line steamship Massdon.

### LINEMEN

Employed by the Bell Company Have Struck.

Buffalo, N. Y., May 2.—(Spl.)—As a result of a meeting held last night, 150 linemen and instrument fitters employed by the Bell Telephone company in this city, struck at 7 o'clock this morning. They had asked for an increase and a shorter day.

The linemen wanted \$2.50 for eight hours work instead of \$2.25 for ten hours. They claim that the Superintendent of the company refused to meet the International Executive Board of the Union when a conference was asked for. It was stated by one of the strike leaders that after the meeting last night, the result was telegraphed to every city along the line of the New York Central railroad between Buffalo and New York, and the linemen and instrument fitters in those cities will also strike.

### HEROIC RESCUE

United States Officer Saved a Drowning Girl.

New York, May 2.—(Spl.)—Lieut. Edward H. Martin of the Fifth United States Artillery, while standing at the end of the long pier at Sandy Hook yesterday afternoon, heard a splash and saw Alma Simpson, the 3-year-old daughter of Wm. Simpson, a life-saver of the Sandy Hook station, struggling in the water. She had fallen in while leaning over the railing. The Lieut. dived overboard after the girl and came up with her. He

swam to the pier and clung to a pile ten minutes before John Rice and John Glass, old Sandy Hook fishermen, procured a rope which they lowered to him. He tied little Alma to it and the men hoisted her up. The Lieut. was cheered by the crowd that gathered to watch the rescue.

### OPEN LAMP

Believed to Have Caused the Pleasant Valley Disaster.

Salt Lake City, Utah, May 2.—(Spl.)—It is believed that the disaster at Pleasant Valley mine was caused by an explosion of gas and dust. It is thought that some member of a surveying party which was at work in the mine carried an "open" or unguarded lamp. The first things the workers on the outside knew was when at 10:15 the entire top of the mountain over the tunnel seemed to lift. Great masses of stone and trees were hurled hundreds of feet in the air and fell in every direction, some of them half a mile from the mines.

It is impossible to get a list of the dead at this time. So overcome are the people by the calamity that they seem to be in a trance. Not one is able to give an intelligible story as to the cause of the disaster. It is believed that 200 were killed and a score or more crippled for life.

### Brewery Workers Strike.

Boston, Mass., May 2.—(Spl.)—A strike was inaugurated in every brewery in the city of Boston this morning between one and 12 o'clock. The master brewers refused to grant the demands of the engineers and acting under instructions a committee of the Central Labor Union was forced to order the strike.

### Having a Conference.

Buffalo, N. Y., May 2.—(Spl.)—Supt. Waitt reached the Hotel Inogouls promptly at 10 o'clock today, where Commissioner Webster of the State Board was waiting for him. He was accompanied by Superintendent Bradford of the Buffalo division and Supt. McBeth of the East Buffalo car shops, where many men quit work. Commissioner Webster telephoned for the executive committee of strikers to come to the hotel, where the conference will be held. When the strike leaders arrived the whole party retired to one of the parlors and behind closed doors began the conference which will serve to settle or extend the strike on the

New York Central and other railroads.

### Ex-Postmaster Dead.

Ashtabula, O., May 2.—(Spl.)—Word comes from Cambridge Springs, Pa., that G. G. Viels, ex-jostmaster and a prominent citizen of Kingsville, this county, is dead, aged 60 years. He was at Cambridge Springs for his health.

### DEMOCRATS

Carried Municipalities in Indiana at Tuesdays Elections.

Indianapolis, Ind., May 2.—(Spl.)—Elections were held in all the cities of the state except Indianapolis, Fort Wayne and Evansville yesterday. Little significance is attached to the results as in most towns only councilmen were voted for and local issues ruled. Anderson, the home of W. T. Durbin, Republican candidate for Governor, gave the Democrats two additional councilmen. Anderson is normally 500 Republican, but scarcely 40 per cent of the normal vote was polled. There were no unusual gains in other towns.

### MARVIN'S

Friends Will Get Into the Campaign.

Meeting Has Been Called Tonight—Going to Cleveland.

A meeting of the friends of Judge U. L. Marvin will be held in the office of Atterholt, Marvin & Rogers at 7:30 o'clock tonight.

It is proposed to jump into the fight for the Republican nomination for Circuit Judge. The campaign will be made a hot one from now until Saturday the day of the convention in Cleveland.

Supporters of Judge Marvin will visit Medina and Lorain counties in his interests. The Young Lawyers' Republican club will attend the convention in a body wearing Marvin badges.

Summit county delegates predict his nomination on the first ballot. It is said that the Cuyaboga county candidates are making unwarranted claims of assistance from the outside counties. It is learned that he will have the solid support of the delegates from Medina and Lorain. With these and Summit behind him all he needs is 13 votes from Cuyaboga.

### LATE LOCALS.

Mr. J. C. Mengensdorf, formerly of Akron, has been appointed agent for a number of railway and steamship lines at Cleveland and has opened an office there. He is sending invitations to his Akron friends to call on him.

The trestle work along the Valley railroad near Canal st., caught fire at 6 o'clock Tuesday evening. A still alarm was sent to No. 3 engine house. No damage was done. The fire was caused by a spark from an engine.

EX-Representative Chas. W. Kempel has been appointed a vice president of the Bryan meeting to be held at Toledo tomorrow.

Mrs. Lucinda R. Gottwalt who had a contract removed from her eye in Cleveland recently, is rapidly recovering.

The L. A. S. of St. Paul's Lutheran church will serve dinner and supper on Saturday, May 5, at 132 North Howard st. All are invited.

Molasses Catches Flies.  
My Uncle Ephraim was a man who did not live in vain.  
And yet why he succeeded as I never could explain.  
I'm sure he was not endowed with wit to a degree,  
But folks all over there, nowhere lived a better man than he;  
He started poor, but soon got rich; he went to congress then,  
And held that post of honor long against much brainer men.  
He never made a famous speech nor did a thing of note,  
And yet the praise of Uncle Eph wailed up from every throat.

Now father was a smarter man, and yet he never won  
Such wealth and fame as Uncle Eph, "the gee-trick's favorite son."  
He had "convictions," and he was not loath to speak his mind—  
He went his way and said his say as he might be inclined.  
Yes, he was brainy; yet his life was harrow a success—  
He was too honest and too smart for his vain world, I guess.  
At any rate, I wondered he was unremembered when  
My Uncle Eph, a duller man, was so revered of men.

When Uncle Eph was dying, he called me to his bed,  
And in a tone of confidence intimated he said:  
"Dear William, ere I seek repose in yonder blissful sphere,  
I fain would breathe a secret in your adolescent ear.  
Strive not to bow your way through life—it really doesn't pay.  
Be sure the saive of fattery soaps all you do and say.  
Herein the only royal road to fame and fortune lies.  
Put not your trust in vinegar—molasses catches flies."  
—Eugene Field.

Political Omens.  
"Marce Boy, you better come out dis race; s'ole 'wha' I tell you."  
"Why, you don't think I'll be defeated, do you?"  
"I knows it, s'uh! Las' night I hearn two screech owls a-hollerin' 'pon top your chimney."  
"That's nothing! Here's \$2 for you."  
"Thankee, s'uh, thankee. En don't you bodder 'bout dem screech owls. Dey ain't no mo' sense in dey head dan what I is!"—Athens Constitution.
