

The Boston Store

THE WEATHER WEDNESDAY, Fair.

Seasonable Goods . . .

By that we mean GOODS that are suitable for HOT WEATHER—Dress Gingham, Percales and Seersuckers.

AT 8c A YARD—Dress Gingham, fast colors, stripes and plaids, for children's wear and shirt waists.

AT 10c A YARD—A lot of imported Scotch Gingham, latest patterns, for ladies' dresses and shirt waists. We recommend them highly.

AT 12½c and 15c—Some of these patterns look more like silk, owing to the fine finish. We guarantee them fast colors.

AT 8c A YARD—36 inch Percales in fancy figured and stripes, fast colors. Just what you want for boys' waists and children's dresses.

AT 10c and 12½c A YARD—These are the finer grade of Percales. They are made from a fine cloth with stripes and neat figures. Guaranteed fast colors.

AT 10c and 12½c—Seersuckers stripes and plaids; also fancy checks, elegant goods for wear.

A Short Talk About Hosiery

AT 39c A PAIR—Ladies Silk Hosiery; also children's. These goods were sold at 75c a pair. Only a small quantity left and out they go at 39c a pair.

AT 10c and 12½c A PAIR—Lace white foot; fast colors. These are extra good value.

AT 19c and 25c A PAIR—Children's Red Hosiery; fine ribbed, fast colors, all sizes, assorted shades.

Special Ladies' Black Hose 6 pairs for 25c.

Odds and ends of children's underwear, 14c and 19c each, regular price 25c, 35c and 39c.

150-152 South Howard Street.

ANNUAL PICNIC OF THE AKRON SCHWABEN VEREIN

Will be held Sunday, June 17 At Koerber's Orchard, On the Walsh Line, near Wingerter's Crossing.

Good music and general entertainment has been provided for. In case of rain the picnic will be held a week later. Ask for Barberton car. Fare—round trip, 10 cents. ARRANGEMENTS COM.

PLANT

For Manufacturing Aluminum Combs

Will be Operated in Akron—Company Incorporated.

The Akron Aluminum company, of this city, was incorporated at Charles-town, W. Va., Saturday, by Albert J. Brewster, Frank B. Burch and others, of Akron.

The company is capitalized at \$10,000, and the charter arrived Monday. On Monday evening the members of the company met, and elected the following named officers: President, Albert J. Brewster; treasurer, Frank B. Burch; secretary and general manager, Robert Watt; superintendent, J. Albert Myers. H. C. Parsons is also a member of the company.

The company's plant, that formerly occupied by the Penn Foundry and Machine company—is located on Sweitzer ave. The Aluminum plant is now in operation, and it is expected that 15 to 20 men will be employed soon. Combs will be the principal product of the plant.

Season Closed.

The New Century club finished a successful season with an all day's outing at the Gorge Tuesday. The members to the number of 40, left Akron at 10 o'clock and at noon a splendid dinner was served at the Old Maid's Kitchen house. In the afternoon a program was given in the pavilion.

VIGOROUSLY

Did Council Kick.

It Is Claimed That Saloon-Keepers

Have Violated the Closing Ordinances.

City Father's of Barberton Scored the Mayor.

Lake Anna Will Become a Popular Bathing Resort.

(Special Correspondence.) Barberton, June 12.—Very little business was done at last night's Council meeting, but vigorous kicks were registered about the way the saloons are

observing the ordinance, to close saloons at 10 o'clock at night and on Sundays.

Mayor McNamara was taken to task for not compelling Saloonkeeper Harry Snow to pay the remaining \$20 of his fine, imposed for operating shot machines in his place. There is also a barber shop in the front of his saloon, which, the Council claims, is a violation of the screen ordinance. Other cases were cited where the screen ordinance was not obeyed. The Councilmen were very wrathful about the conduct of certain saloonkeepers, and it was hinted that unless they lived up to the law that an ordinance prohibiting the sale of liquor would be passed.

Night Marshal Colton stated that it was useless to make arrests for violating the closing ordinance, because the proprietors were never convicted, and if they were and fined, the fine was not always paid. As the members already had their kicking shoes on, they continued to kick about Wooster road and Tom Walsh.

Finally the fact was made known that Mr. Townsend had not yet accepted the franchise he asked for several weeks ago for a street railroad, and that the 30 days would be up Wednesday. The reason of this is probably

because he has not succeeded in getting the road "financed." At any rate, if the franchise is not accepted by Wednesday the village will have to bear the expense of passing and publishing the franchise.

A house owned by Frank Prets at New Portage caught fire on the roof at 2 o'clock Monday afternoon and was not extinguished until the roof had been entirely destroyed. It is supposed to have caught from the spark of a railroad engine.

The bath houses and bench at Lake Anna are to be cleaned up and used for bath purposes this summer. Mr. Marshal Clay has leased them for the summer, and proposes to run an up-to-date place. A spring board will be built, and it is probable that a toboggan slide will be erected. A number of boats will also be put on the lake.

Dr. B. C. Chandler and family left this afternoon for Campbellsville, Ky., for a two weeks' visit.

Wm. H. Hearn, manager of the National hotel, is quite ill at his former home, in Mt. Vernon.

The fire bell, which has been here for several months, will be put up at last. Men were put to work to build the tower today.

Henry Herrman is in Cleveland today on business.

Billy Coleman will wrestle with Frank Davy at Wheeling, W. Va., in about two weeks for \$400 a side.

Dague Bros. & Co.

Notice to Contractors!

Sealed proposals will be received Friday afternoon, June 15, by the building committee of the board of trustees for the erection and completion of the proposed new Recitation Hall of Buchtel College. Bids must be filed at the office of F. O. Weary, architect, on or before 3 o'clock p. m. June 15th.

The committee reserve the right to accept any or reject all bids.

FOUND HER FATHER.

Released Convict Received a Letter From His Daughter.

(Special Correspondence.)

Columbus, O., June 12.—A letter has been received from Mrs. Lillian Baisset, a patient in the Brinkley hospital at Memphis, Tenn., making inquiry of Miles Ogle, the famous counterfeiter, about to be released from the Ohio penitentiary, as to whether he is her father. The letter states that 30 odd years ago she lived with her parents in that city, that they were taken with yellow fever, and that all survived but her mother. Afterwards homes for the children were found by the father, who later disappeared. Since then nothing has been heard of him. The name was the same as that of the famous counterfeiter, hence her inquiry.

When the letter was shown to Ogle he made an effort to write a message, but it ended in an unintelligible jumble of hieroglyphics, but Ogle succeeded in making clear that the woman was his daughter. Word to that effect has been sent her, and she will probably join him at Cincinnati, where he will go for treatment at the city hospital when released. The federal authorities are also exhibiting considerable interest in Ogle's case, and he will be kept under surveillance.

GOOD WAGES

Being Paid to Harvest Hands In Kansas.

Topeka, Kas., June 12.—(Spl.)—The great Kansas wheat crop, estimated at one hundred million bushels, is now ready for the reaper and farmers are working day and night, using two shifts of harvesters where it is possible to get extra help. The low rates to harvest hands on the railroads penetrating the Kansas wheat belt have gone into effect. At Kansas City, Atchison, Leavenworth and St. Joseph, the incoming trains from the East are crowded with men going to the wheat fields where wages range from \$2 to \$3 per day.

Intoxicated at Infirmary.

"Tommy" Gillen, an inmate of the County Infirmary, mixed himself up with some liquor Tuesday morning, and as a consequence became hilariously intoxicated. His conduct became such that the peace and dignity of the community were menaced, and "Tommy" was arrested and escorted to the City prison. He will be arraigned Wednesday morning.

Akron people who want all the news, read the Democrat.

TOO LATE TO CLASSIFY.

WANTED—4 or 5 unfurnished rooms, 10 or 15 minutes' walk from cor. Main and E. Market sts., in good location. Address R. C., care Democrat office. 45-47

THE LIGHTSHIP.

When boats come home across the bar And winter's sunlight dies afar, When green and purple dusk creeps down And hides the harbor and the town, Each night far out to sea a beam Of pale, wan light sends forth its gleam Across the peaceful, darkening tides And marks the lightship where she rides.

A DEAL IN WHISKY.

The Profits Were Not So Large as the Buyers Expected.

"There are tricks in the whisky business as well as in others," said the drummer for a large compounding house, "and I remember once how the firm I was with got stuck. One day a man drove up in a one horse wagon carrying one barrel of whisky, which he wanted to sell. He told us some kind of a story about an old uncle dying and leaving it to him; but, as he couldn't afford to use as good liquor as it was, he had concluded to sell it. 'We took the barrel into the house, and, prying out the bung, we slipped in the siphon and drew off a glass of it to sample. And it was fine. The barrel showed age, and the liquor tasted it. It was worth \$10 a gallon if it was worth a cent, but we didn't give the man any such pointers. We knew by the weight that there were at least 40 gallons of it, and we made him an offer of \$150 for the barrel. He higgled awhile, but took the money at last and drove away.

"In the course of a couple of weeks we concluded to put that whisky in bottles and sell it as case goods, so we set the siphon to work at the bung and began to draw it off. After the fourth bottle had been drawn the siphon refused to work, and we examined it to find what was wrong. We could not get at it that way, and, as the contents seemed to be all right, we set the barrel on end and bored another hole in it. Then the siphon worked, but the liquor was much paler, and one of the men tasted it. By George, it wasn't whisky at all! It was only water, colored somewhat from the charred inside of the barrel.

The Tomahawk or Tomahawk. Tomahawk eventually came to designate the "war hatchet" of the Indian, supplied by the military commanders of the whole continent in equipping the warriors on the many expeditions in which French and English were constantly engaged, and was furnished the Indian allies of the English in our war of independence.

This weapon was either in the form of a spear or hatchet blade on one side, while upon the opposite side there was a cuplike cavity, with a small hole extending into the eye of the weapon, into which a tough handle of wood was fitted 18 inches or two feet in length. The handle was perforated almost its entire length, and below the hollow of the bowl it was bored at right angles to this perforation, a suitable serrule for the passage of the tobacco smoke when the implement was in use as a pipe.

The tomahawk pipe was not only attractive and popular in trade, but, like the earlier trade pipe, was given as a present at councils and ratifications of treaties. It was a pipe, a hatchet and a mace or hammer all in one and answered an important military requirement in lessening the weight and cumbersome of the warrior, who otherwise would have tenaciously held to the stone pipe, which in itself was heavier than the tomahawk.—Smithsonian Institution Report.

Wifely Constancy. "I have been married for 15 years, and my wife never fails to meet me at the door." "Wonderful!" "Yes, she's afraid I might go in without wiping my feet."—Chicago Times-Herald.
