

TONIGHT

St. Bernard's Fair,

To Continue For One Week, Will Open.

A Drama, "Tony the Convict,"

Will be Rendered by St. Bernard's Dramatic Club.

The Program For the Following Nights of the Fair.

All preparations are completed and everything in readiness for the opening of the church fair tonight in the Assembly hall of St. Bernard's Catholic school.

For the past five weeks, Rev. John B. Brown, and the ladies of the church have labored hard to make this year's fair excel those of the past years, and from present indications their efforts will be crowned with success.

Thursday evening, Nov. 8—the opening night—a five act drama, entitled "Tony, the Convict," will be produced by the members of St. Bernard's Dramatic Club. The cast is as follows:

- Tony Warren.....Albert Hummel
Weary Wayside.....John Fisher.
James Barclay.....Nick Scharff.
Phillip Warburton...Anna Waldvogel.
Judge Van Cruger.....John Lotz.
Warden Burrows.....John Hummel.
Jackson.....John Wagner.
Lena.....Miss Therese Grossling.
Mrs. Van Cruger.....

The drama is very lengthy and two hours will be required in producing it. The St. Bernard orchestra will furnish music between acts.

Friday night a farce comedy will be given.

Monday night—A pedro party.
Tuesday night—An exhibition drill by Knights of St. John.

Wednesday night—Will Smith's cake walkers.

Thursday and Friday nights—Voting contests will be held and prizes awarded.

The hall is handsomely decorated and many booths will be in the hall in charge of the ladies, where candy, refreshments and useful articles can be purchased.

The public is cordially invited to attend each night of the fair.

Elbert Hubbard, tonight.

NOV. 15,

St. Vincent's Church Fair Will Open

In Music Hall, and Last Four Days—Committee to Meet.

The church fair, under the auspices of the ladies of the St. Vincent de Paul's Catholic church, will commence Thursday evening, Nov. 15, and end the following Monday.

The fair will be held in Music hall on Market street. This was decided upon at the meeting a few nights ago of the 25 ladies and Rev. T. F. Mahar, who were appointed a general arrangements committee for the fair.

The committee is now at work on a program, and a meeting will be held Monday night to complete it and make final arrangements.

Many of your friends, or people whom you know of, have contracted consumption, pneumonia or other fatal diseases, by neglect of a simple cold or cough. Foley's Honey and Tar, a safe, sure and pleasant cough medicine, would have saved them. It is guaranteed.

PROHIBITION VOTE.

Heavy Increase In Akron and Summit County.

Editor Democrat: Kindly grant me space to acquaint your readers with some of the Prohibition facts of the local election. Having no local organ we appreciate the courtesy of the local press. As to the Prohibition vote I wish to inform your readers that our vote for President in 1896 in the city of Akron was 26, but in this year of grace, 1900, it is 182. In Summit county the vote in 1896 was 78, but this year it is 348.

Here is the way a Prohibitionist writes from Montrose, this county.

"W. F. Crispin: The Prohibition vote of Bath township is 9, a gain of 300 per cent over four years ago.

"Respectfully, "F. BURROUGHS."

Norton township which gave Levering, for President, six votes, gives Woolley 44. These are a few nuggets of Prohibition gold and altho' they do not come in great chunks, like the vote for McKinley, yet they show a substantial gain and interest, which like the mustard seed, will grow and expand in the years to come into a mighty tree, whose branches shall protect the people from the ravages of rum and the rum power.

The Beacon Journal had the gall to report seven precincts in Akron as having no Prohibition vote. Why such smallness in that journal.

CONTRACT

For Construction of Plant Has Been Awarded.

New Combinations of Materials In Walls—Office Building.

The contract for the erection of the plant of the Akron Laundry Company has been awarded to the H. B. Camp Company.

In point of construction it will be a novelty in this city. The walls will be of hollow tile and brick. The exterior will be one layer of brick, the hollow tile being entirely covered. It gives a cheap and substantial structure.

The grading for the building is almost completed. Work on the construction will begin in a few days. The laundry will be located on the lot fronting on High st., just north of the Nelanian flats.

OFFICE BUILDING.

Contracts for the new office building of the Goodyear Tire & Rubber Company will be awarded in a few days. Men and teams started work Wednesday grading the lot on which the building will stand.

WHISTLES

Sounded Fire Alarm.

All of Barberton Turned Out to Help

And Found Big Republican Celebration.

Diphtheria Is Spreading In Magic City.

Due to Unseasonable Weather This Fall—Cold Wave Will Check It.

(Special Correspondence.)

Barberton, Nov. 8.—The good people of this town were terribly torn up last night. About 8 o'clock the Diamond Match company's whistle began to blow the fire alarm. This was soon supplemented by the whistle of the National Sewer Pipe company. People rushed to doors and windows and were startled by a great glare in the neighborhood of the Diamond Match company, which lighted up the vicinity as though it were day.

Every one in Barberton who could walk was soon on the scene, anxious and eager to fight the fire, to do what they could in the saving of property, etc., but when they finally got to the fire they found that it was only a celebration, which was held by Barberton Republicans. Then hundreds of disgusted Democrats and others gazed sheepishly about to see if they were recognized, and went back home with hearts filled with bitterness at having been duped by another Republican campaign trick.

The way it happened was thus: During yesterday afternoon teams were busy hauling rubbish, lumber and inflammable substances from the Diamond Match company into the big field between that factory and the Sterling company. The rubbish was burned especially for this celebration.

The question now arose as to how to best notify the people. It was decided not to advertise, but to light the heap, then blow the fire whistle, and the people would do the rest. The plan worked like a charm.

The engineer at the Sewer Pipe works hearing the Diamond whistle and resolving to do his best to arouse Barberton's fire-fighters, blew the big whistle.

People were thoroughly aroused, and the affair is the talk of the town today.

Chris Hebling has most of his stock in place in the new brick block on Tuscarawas ave., which he will use as a clothing store. He expects to open for business before the end of the week.

Barberton doctors report a slight increase in the number of diphtheria cases in Barberton, but attribute it to the warm weather which continued so late this fall. It is hoped that the present cold wave will put a check to the spread of the disease.

The largest vote in the history of Barberton was polled at Tuesday's election. The total number of votes cast at the two voting places was 1233.

Of these, 787 were polled in the lower and larger precinct, and 446 in the upper precinct.

The vote on the advisability of giving the council the power to change the light contract was won by a vote of 690 to 26. Barberton people are also in favor of a new court house and county jail, as was shown by yesterday's vote.

Returns were received at the Sterling Boiler Co.'s office, over a special wire of the Western Union. A party of about 30 people heard the returns until a late hour.

A party of exuberant Republicans succeeded in assembling a drum corps about two o'clock in the morning and held an informal parade. It was noticed that the paraders took a fiendish delight in serenading their Democratic friends.

THE ARIZONA KICKER

SOME ITEMS OF NEWS TOLD BY THE BUSY EDITOR.

Straight Talks, Too, by a Man Who Wants Himself Understood and is Always Ready to Back Up All That He Says.

The vigilance committee over at Lone Jack seems to need an instructor. It has hung one man three different times, and yet he is walking around today in good health.

We understand that certain parties in this town have written the postmaster general that we play poker. Yes, we do, but we play it as editor and not as postmaster and would like to sit down in a game with the P. G. himself if he's inclined that way.

We believe that what is to happen will happen. In other words, we give Lawyer Dodge due notice that if he brings another libel suit against The Kicker we will call at his office and make him eat all the papers in the case, with a few deeds and bills of sale as a wind up.

The rumor that we are looking for another political office is true. We now banker to be fish commissioner of the territory, thus giving us five soft snaps. There is no check about this. We are simply taking care of ourselves as an editor. What is left after we are provided for can go to the modes and humble public.

The little scrap between our fighter dog Jim and a cur from Rose Hill which took place at the rink Wednesday night, as advertised, put \$50 in our pocket toward the project bringing out a daily Kicker next year. We own the dog as an individual and not as editor, mayor, postmaster or state senator.

In accordance with a careless habit we have somehow acquired we spent

ed Utah by this time. J. B. was a little too stiff as a braggart and a dead-beat.

The gossip around town that we are planning a \$50,000 opera house is all nonsense. Hellos hall is big enough and good enough for the "Trade Town's Cabin" troupes which come this way, and the spectators on the front seats with their guns have also become used to the targets and the distances.

Some one has sent us by mail a Kukulux notice—skull, crossbones and all—warning us to get out of Arizona within 30 days or take the consequences. Please bring on your consequences. We don't propose to leave this balmy country for many years to come, and we'll bet 10 to 1 that we add that chap's carcass to the 13 others sleeping so quietly in our private editorial graveyard. We are no buzzsaw, but the man who monkeys with us has got to be chain lightning to keep his health.
