

"TIM"

Won Four Out of Seven.

He Leads Frees In Their Contest.

Timmerman and Frees bowled the first of a series of 15 games on the Howard st. alleys Monday night. Seven games were played, Timmerman winning four. His work was remarkable. In every game he was steady as a clock. Frees would have won the final game and the night's series had he been less nervous. As it was he lost it by four pins. He had an easy four pin spare in the last frame. Rooters for Timmerman talked him out of it.

The high score was made by Frees in the fifth game when he bowled 246. This was his only game over 200. Timmerman had three 200 games, his high score being 217, 219 and 212. His average for the seven games was 187. Frees had an average of 184 4/7. Bowlers were present from Cleveland and Cincinnati. Andy Sommers was there for the purpose of challenging the two men to a contest with a Cleveland team. After he had witnessed the games he changed his mind. He departed without putting up any money. The scores:

Timmerman: 164, 190, 217, 212, 219, 143, 169.
Frees: 173, 180, 174, 169, 246, 190, 162.

The men will bowl eight games on the Grand alleys tonight. In order to win the wager of \$100, Frees must capture five of these eight contests.

BASKET BALL.

The A. and B. teams of the Akron Basket Ball club played at Assembly hall, Monday night. It was an interesting contest the A. team winning out by a score of 9 to 7. Two hundred enthusiasts witnessed the game.

POOL GAMES.

Inskip and Garret will play tonight in the handicap tournament at the Grand tonight.

Hard and King meet for the first time tonight in the Howard st. tournament. Hard will play 125 to King's 100.

BOWLING.

The Postoffice and Ura bowling teams will meet tonight on the Grand alleys.

An interesting and friendly contest in bowling came off on the Grand alleys last night. The champions of the Dague team challenged the scrubs of the team for a contest, the losers to pay for the dinners for the team; their wives and sweathearts. They were very liberal and agreed to throw in an extra man, thus giving the scrubs as they were called six men to their five.

The champions won the first game by 6 pins. The scrubs went after them heel and toe, taking the second game by 72 pins. Each team had a game and each was determined that they must win the deciding game, but the champions were doomed to defeat. They did their best and bowled a strong game running their score up to 852 plus, but the scrub team had blood in their eyes and were not going to leave it that way, and won the game by six pins. It has not been decided when the dinners are to be given and they may have to bowl another game to determine whether they will take the victors to the Hollenden or the Barberton Inn. Nearly all the employees of the store with their families were present to cheer them on to victory, and the enthusiasm of the crowd knows no bounds. Cheer upon cheer went up as a brilliant play was made, the ladies enjoying the sport as much as the men. It would hardly seem possible to crowd so much enjoyment in an evening as was produced by this contest.

Scores:
Champions: 735, 697, 852.
Scrubs: 729, 769, 878.

McFARLAND DISSATISFIED.

Eddie McFarland, formerly an Akron player, is keeping both the League and Association managers guessing.

There is no doubt about his having signed an American League contract, but since signing that document McFarland has made remarks indicating dissatisfaction which have disgusted the expansionist leaders with him, and unless he assumes a different attitude toward the new League at once he will be turned adrift and told to go back to the National League.

STEEL FACED DRIVER.

According to "golf" a professional has brought out a steel-faced driver that seems to have merit. It is in all respects like an ordinary driver, except that it has a "leather" of some composition let into the center of the face in the usual way, and over this a thin plate of roughened steel is fixed over the whole surface of the face by a small screw in each corner. It is said to increase the driving power in an astonishing way, as to both carry and run, and the ball leaves the club very sweetly, with no suggestion of mental about either the sound or the length of the stroke. Equipped with this club and one of the American rubber-filled balls it is safe to say all long-driving records would be easily broken.

CLEARWATER IN FORM.

Clearwater redeemed himself last night in the championship pool match at Boston, playing against De Oro in a style that was reminiscent of his championship days and winning by 150 to 84. He was all the score would suggest in point of accuracy, judgment and nerve, rarely missing any fair chance offered and seizing one or two remote openings with great profit to his score. De Oro seemed to play well enough, but the inevitable mistakes occurring to everybody

Test Your Kidneys

Use a Test Which Costs You Nothing.—Find Out for Yourself if You Have Symptoms of Kidney Disease.—Find Out Before It Is Too Late.—Do Not Wait Until You Break Down.

CURE YOURSELF NOW

If there is the slightest evidence of Kidney or Bladder trouble, or if any of your family have ever had it, you will be doing only your duty to remove the disease at once. If taken early it can easily be cured, but if allowed to go unchecked, there is danger ahead for you.

Prove yourself by this test
Does your urine stain linen? See if there is a sediment or a milky, cloudy appearance in your urine by letting the urine stand twenty-four hours in a glass tumbler. Do you have a frequent desire to urinate, especially at night? Does the urine give a scalding sensation in passing? Do you have pains in the small of the back?
If you have any of these symptoms, take action without delay. Some of the most fatal forms of Kidney Disease are painless—the disease grows and spreads without giving special warning. Disturbances like a "back-ache," or "a little more frequent desire to urinate," which may be thought trivial, are warnings which should not be neglected. Do not wait for a sick bed. Rid yourself of the disease while you have strength.
If you find any trace of Kidney Disease, get a bottle of

FOUND

In actual play always proved costly. He lost ground at first, then caught up with his man, only to get into a run from which nothing could be budged. Some of his efforts toward the end, desperate but brilliant and successful, were nothing short of marvelous, only to leave a table strewn with balls and not one offering fair hopes of a pocket. Stoff and De Oro play tonight and Sherman and Eby on Wednesday, concluding the tourney. The issue just now is between Stoff and Sherman, with the latter in much better position. Should Stoff win now and Sherman lose there will be a tie for first place, but this latter chance is a slim one, though by no means improbable. Sherman has won five straight, Stoff four and lost one, Eby three and lost two.

Jeffries announced at Cleveland that he expects to hear any day from Manager Brady for a coming match. He is not satisfied with the stage, and would rather fight than act. He is confident that he will be able to get on another match with Rubin, the contest to take place along the Pacific coast. His contract with the theatrical company will not terminate until the last week in June. Should a fight be arranged between Rubin and Jeffries the latter will be in training on the road. As an actor Jeffries is a success. He admires Cleveland, and said that nothing would please him better than to get on a match here, if the authorities would tolerate it.

BEGINNING EARLY.

The candidates for the Yale football eleven of 1901 were called out Monday night by Capt. Charles Gould. Nearly eighty men, including all of the substitutes of last year's team, who will be eligible, also Holt, Chadwick and Rafferty of the 1900, responded at the trophy room of the gymnasium. Capt. Gould stated that spring practice will be begun before Easter if the ground at Yale held in in proper condition, otherwise immediately after the spring recess. General full-back work, with out specialties, will be the work, former Capt. Brown, also Stillman, O'cott, Sheldon, Dupis and Hale assisting Capt. Gould and Trainer Murphy in coaching. There will be no summer work. The head coach will probably be E. Gordon Brown, captain of last year's eleven, but the choice is not yet announced.

"I had a running sore on my leg for seven years," writes Mrs. Jas. Forest, of Chippewa Falls, Wis., "and spent hundreds of dollars in trying to get it healed. Two boxes of Banner Salve entirely cured it." No other salve so healing.

REPUBLICANS SIGNED PETITION TAKEN TO HIM.

Mr. Alexander Adamson has accepted the Mayorality nomination of the Prohibitionists. He was prevailed upon late Monday by Rev. W. E. Crispin, Rev. A. B. Coats and Rev. J. G. Slayter to allow the use of his name.

Several candidates had been in view, but none was entirely satisfactory. Mr. Crispin says, and as a result of a conference he set on Saturday to secure signatures to a petition asking that Mr. Adamson accept the nomination. Fifty-six names were secured.

Revs. Crispin, Coats and Slayter took this petition to Mr. Adamson, Monday. It bears the names of a number of Republicans.

Mr. Adamson was not easily persuaded to become a candidate, but at last consented.

The party will have not candidate for Solicitor.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good.

WILD MAN.

Much Morphine Made Him So.

Mayor Said He Didn't Take Enough.

A Peevish Lot In Police Court.

They Had Done No Wrong But Still Pleaded Guilty.

Alfred Westmoreland, minus one leg, a part of his remaining foot, his right arm twisted and bent, his bearing lopsided by reason of ribs having been broken, was the prize specimen in Police court Tuesday.

"I wasn't drunk, but I took a double dose of morphine," he told the court. "I live in Clarke county, and I came here looking for John Evans. He has my horse, and it's worth \$150—"

"Never mind your family history," said that court, "and put your arm down. I am no doctor. I suppose your family will come up here and get you out of trouble. I suppose they will be proud to know you have been making a perfect nuisance of yourself."

"God bless you, may good man, they can do nothing for me. You see, I was wild from taking too much morphine."

"Too bad you didn't take more. I'll send you to the workhouse but suspend sentence if you will leave town instantly."

Edward Bailey, a musician, living at 104 Bowery st., was arrested at midnight on charge of abusing his wife. She is a small, delicate woman, and was in court to appear against her husband, bearing marks of some injury. E. J. Claffey, representing Bailey, asked that the case be continued to Wednesday.

Kate Graham was arrested at 2 a.m. Tuesday, charged with calling "Thos. Glenn a particularly bad name, and saying that some eggs she ordered at his restaurant were not good. She insisted on telling the court that she had drunk nothing but wine; that she was a street walker and was not drunk."

"You will have to plead either guilty or not guilty," said His Honor. "Excuse me," said she accenting the pronoun. "I was not drunk." However, she decided that she was, later on and was assessed \$2 and costs.

Robert Ault, Chas. Hastings and John Cline were arrested in the Wilson block on West Market st., Monday night. Cline was charged with disorderly conduct, the others with intoxication. Ault pleaded not guilty, but afterwards said he "guessed he would stand a fine," and was assessed the usual two and costs.

Cline denied that he had been disorderly and said some things not complimentary to the block. He said he would rather plead guilty than have his case continued and got the same sentence.

Hastings pleaded guilty—in a voice

SHUT OFF

The Breath Which Gave Him Life.

Chas. Yager Strangled Himself.

Charles Yager, 45 years old, arrested at his home, 316 Fourth ave., in East Akron, early Monday evening, on charge of abusing his family, strangled himself in the City prison a few hours later with a handkerchief and pair of suspenders.

Yager went home more or less drunk and had trouble with his wife. Policeman Bruner was called and Yager was locked up. On his way to the City prison he threatened to end his life. He evidently began preparations to that end as soon as he was placed in a cell.

Prisonkeeper Washer and Patrolman Mahony were nearby at the time, but they had no view of the interior of the cell. At 10 o'clock a prisoner gave the alarm.

Yager was found stooping down, his weight resting on a handkerchief tied fast about his neck and that in turn tied to his suspenders, fastened to the top of the cell not more than five feet above the cot on which he stood. Life was not extinct. He was cut down and Dr. A. K. Fouser called, but he died in a few minutes. The body was removed to Parks' morgue.

The man leaves a wife and seven children. He was arrested on a charge of abusing his family, a few months ago.

Eugene J. Hall, the poet and publisher, says that one dose of Foley's Honey and Tar restored his voice when hoarseness threatened to prevent his lecture at Central Music Hall, Chicago. Nothing else so good.

QUAY

Was Attacked by Morrow

Charged With Buying His Election.

The Quincy-Lee-Morrow meeting in the Sunday school rooms of the Universalist church last evening was well attended.

Prof. Morrow gave a very interesting lecture on the temperance question. He said that Senator Quay of Pennsylvania bought his way into the Senate, and that he had proof that one corporation backed him for \$100,000.

The saloon element figured conspicuously in the election, he said. The system they worked, he claims, was to have Quay's agents distribute money among saloonists, who would spend the money where it would do the most good, and at the same time benefit themselves. The liquor element was guaranteed protection for their work for Quay.

About \$110 was raised last night for district evangelistic work. Rev. W. F. Crispin stated that he would resign as district organizer and evangelist at the district convention Friday at Warren.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the worst cases of indigestion and always gives instant relief.

Made For Economical Smokers-- Resagoes Contain Best Tobacco.

A few years ago Akron smokers had never heard of the famous resagoes of today. This style of cigar is now turned out by all the larger factories. It is a combination of clippings from the best cigars. All resagoes are short filler. Before the manufacturers began the making of this kind of cigar, the clippings were sold to the little cigar shops. The tobacco was used in a mixture with the cheaper grades. Today smokers get a good short filler Havana cigar for five cents. It contains the same grade of tobacco as that found in the average 10 cent cigar. The only difference is that the workmanship is not as fine.

Carpenters and Contractors Will Hold a Conference.

It was reported at Monday night's meeting of the Carpenter's Union that local contractors have recently held a conference with a view of getting together on the matter of hours of work and wages to be paid this season. The contractors do not yet know what the carpenters will ask of them, but wish to be prepared to stand together in accepting or rejecting any proposition which may be made.

The result was the appointment of a committee by the Carpenter's Union to confer with the contractors and adjust all matters that everything may be harmonious when the rush of the opening of the season comes.
