WITHDRAWAL.

Change Made in Regulations of Akron Route Tickets.

E. A. Ford, general passenger agent of the Akron route, has issued a circular announcing the withdrawal of the claim to a diverse route to Buffalo during the Pan-American exposition. A. ruled against diverse routes, and this announcement was brought to the attention of the association officers, who requested its withdrawal. Mr. Ford now proposes to offset this by selling tickets through Cleveland to Buffalo in connection with the Lake Shore, whose issue of tickets is good over the C. & B. boat line.

FIGHTING

Over a Delicate Question.

Union Jack Hauled Down by an American

Because Old Glory Hadn't Been Hoisted.

Contention Sent to Washington For a Ruling.

Vancouver, B. C., June 29.—(Spl.)—The British flag recently raised over the Canadian customs buildings at Skaguay has been hauled down by an American, causing a great deal of excitement and ill-feeling at the American gateway to the Klondike. The Canadian side of the affair is to the effect that M. E. Busby, Canadian supervisors of customs, hoisted the official customs flag over his office. The flag was no sooner up than Mr. Andrews, the United States collector at Skaguay demanded by what right he raised the flag without the stars and stripes being raised. Busby replied it was not the national emblem, but the customs flag, used to designate the office. Andrews appeared to be satisfied with the explanation, but a man named Miller, an attorney from Eugene, Ore., and brother of Joaquin Miller, crossed the street and hauled down the flag. The flag was again raised, but United States officials informed Busby they would not be responsible for mob violence until they got a ruling from Washington, so it was taken down. The Canadians think Busby should be backed by their government.

COUNTY COMS.

Their Annual Report is Published Today.

The County Commissioners' annual report is published in full in the second part of today's Democrat and a study thereof will be found interesting. Among the expenditures is a snug sum paid Gen. Chas. Dick as fees on back taxes. This only shows that the auditor's office is likely to be a "good thing," long after an auditor's term has expired.

SPECULATION

Wrecked Shelby Milling Co.—Akron Banks Held Some Paper.

Mansfield, O., June 29.—(Spl.)—Receivers were appointed today for the Shelby Milling Co., the largest flour manufacturing concern in the State. Liabilities are said to be \$280,000; assets \$190,000. The Shelby Milling Co., of Shelby, O., has been forced to the wall by creditors who made a demand for an immediate settlement of their claims. There are a large number of Akron people who held stock in the corporation. It was generally supposed that the concern was prosperous and the announcement of the assignment was a surprise. It is claimed that speculation in the wheat market is back of the financial difficulties of the concern. A meeting of the creditors was held in Cleveland Friday. At that meeting it was decided to press the claims against the stockholders as individuals. Most of them are wealthy and it is believed that all the claims will be paid in full. Akron banks held \$25,000 of the company paper.

LET DOGS OUT.

Boys Made Trouble For Their Mortal Enemy.

"Well, if I catch them kids, I'll tie 'em in a knot and put 'em in my pocket till we see what we can do about it!" This ejaculation came with a burst of disgust from Dog-Catcher Chas. Steely when he learned Saturday morning that some boys had helped the dogs in the pound dig out of prison and all—31 of them—had escaped. Steely was mad to begin with. He wants an assistant and is willing to pay the helper's wages himself. He had gone to the City Building to see about it. Mayor Doyle directed him to Chief Durkin. The Chief sent him to Prosecutor C. C. Benner. The

latter sent the now wrathful dog-catcher to the City Commissioners. And when President McMillen told him he must see Solicitor Esgate he was mad. At this juncture word came that all the dogs had escaped. The dog-catcher made \$14 Friday, not counting the 20 cents which he charged Mr. A. E. Young for feeding the latter's "Spartacus," in addition to the dollar taxed upon that genial gentleman to redeem his pet. The matter of an assistant for Dog-Catcher Steely was taken up by the City Commissioners and Solicitor Esgate Saturday afternoon. It was decided that the ordinance must be amended, and this will probably be done.

LAST DAY.

Internal Revenue Stamps Will Not be In Style On and After July 1.

Today is the last day in which revenue stamps are necessary upon bank checks, notes and other legal instruments. After today the old-fashioned, plain piece of paper, with the words "Pay to" and signed with a name which stands for money will be all that is required. The law repealing the war tax provides that any holders of revenue stamps on July 1, might have them redeemed at their face value, and as usual with all government transactions wound around the process of redemption, a long piece of red tape, which the person who wants his coin returned, will have to unwind. While the government stood ready to deal out to its patrons stamps in any amount, when it becomes a purchaser the demand is made that not less than \$2 worth will be bought. Any person who has less than this amount will lose, for they will not be redeemed. The stamps must be returned to Washing-

FAST TIME.

Race Between Two Trains From Cincinnati and Akron.

Some of the members of the Cincinnati Snogerfest are telling of an interesting little controversy they had over the speed of two trains between Cincinnati and Akron, says the Cleveland Leader. One party went to Buffalo via the C. H. & D. and the Erie direct, and the other party went over the Akron route. Both trains were to take the same track from Akron to Buffalo. The question was which train would reach Akron first from Cincinnati, and wagers were made. It proved that while the Erie was thirty minutes behind the C. A. & C. on the start, its train beat the Pennsylvania into Akron by fifty-one minutes. The C. A. & C. is three miles the shorter route.

A NIGHT STRUGGLE.

Woman's Fight With a Demon.

It is remarkable, the curious and different ways coffee will affect the human body. A little lady in Merklemer, N. Y., had an experience that may happen to others, but is not common. She says, "I am impressed with the desire, not only to thank you personally for relief, but realize that others may have the same distressing symptoms without thinking of the cause. When I would drop asleep I would seem to receive a perfect electric shock from feet to head through every nerve of my body. It was dreadful. I would finally become so feverish and exhausted with this horror repeated over and over each time I fell asleep, that I was obliged to force myself to stay awake, actually not daring to think of rest. After one such horrible night, which I shall never forget, I arose completely worn out with my night's battle, but with a firm resolve to set aside my morning cup of coffee, as I began to believe that was the cause of my trouble. I had some Postum Food Coffee made according to directions. I took another cup at tea time. At night, to my great surprise, I fell quietly asleep and rested well all night. It seems incredible after only one day's use, but it is positively a truthful statement. I have persisted in the use of Postum until now my nervous system is in perfect condition. Husband showed some signs of coffee poisoning, such as stomach trouble and other symptoms, so he left off the coffee and drinks Postum with me. This has improved his health, and he says he likes Postum better than he did the old fashioned coffee. We might have been saved our trouble if we had known the truth about coffee, but we were ignorant as are thousands of others, and had to learn by experience. Please do not use my name in public." Name can be given, upon application, by the Postum Cereal Co., Ltd., Battle Creek, Mich.

SAT UP.

Kennedy Will Soon be Out Again.

He Has Received Letters From Distant Places.

Samuel A. Kennedy sat up Saturday for the first time since Monday night. He will probably be able to appear in court when Mayor Doyle passes on the horse-whipping cases Tuesday. Mr. Kennedy has received a number of letters from different parts of the country expressing sympathy for him. Two or three have contained subscriptions to the Amusement Record.
