### BALANCE

Of Wins Went to South Ends.

Defeated the Websters Saturday.

Murrays and Goodrich Teams Sunday.

The Silent Umpire in Baseball Next Year.

The game between the South Ends and the Webster, Camp & Lane teams at the Buchtel grounds Saturday was a battle between pitchers and as both Washer and Linrick were in the fettle the game went to the club that gave the best support to its twirler.

South Ends won after one of the prettiest games that has been seen on a local field this season and the winners hold the balance in the summary if the games that were played between these two teams this year.

Linrick and Krohmer and Anderson and Washer were the batteries. The presence of Anderson, who is a good professional catcher, had much to do with the result of the game. There were some great catches and holding plays by both the teams and the exhibition was one that made the audience wish that arrangement can be made for more games by these teams before the season ends. The score was 4-2 and the game close and exciting from the call of time to the pitch of the final ball that decided the game in favor of the South End team.

POSTPONED GAME.

The game of base ball that was postponed Sunday by the members of the Murrays and the Goodrich teams, and which had been scheduled to be played at Randolph park, will be played at the same place next Sunday. The game was postponed on account of the death of President McKinley.

#### SILENT UMPIRES.

The awful commotion that is caused in a base ball game whenever there is a close play, is what often makes the umpire's comment in the matter hard to hear. This difficulty will be done away with to a certain extent, by the fact that there is now an attempt under way to have the umpire give his signals by raising his arm. A scarlet stripe will be fastened to one sleeve and a white one to the other. One of the colors will stand for a ball and the other for a strike. When the umpire announces his decision he will do so by raising the arm with the proper color.

In deciding plays at the bases the colors will also count and the umpire will wave one or the other of his arms according as the man is safe or not.

#### THE VITAL REASON.

It has been said recently that the reason why Akron cannot have a big football team to represent the city is because of petty jealousies, but the most vital reason is far removed from

that one. The real drawback, which is the same one that has prevented many another enterprise, is lack of backing.

It takes money to run a football team. It is expensive to fix up grounds, pay the expense of teams from other towns and then have rain or snow on the day set for the game. If the team is to be self-supporting, one day's disappointment will cause a financial loss that it will take the entire season to overcome, in a town where attendances are limited the way they are in Akron.

The managers of former Akron teams know that they had to run in

### All Ready For Baby,

The young mother thinks, when she has completed the baby garments that are to clothe the little form. But she is not all ready for baby's coming, unless she has done something more for the baby than merely to prepare his clothes. Many a young mother who goes through hours of pain and suffering wonders why it was not possible to prepare in some way for the baby's advent, and to avoid the agony that seemed almost unendurable. Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. It promotes a healthy appetite and causes refreshing sleep. It gives the mother strength for her trial and makes the baby's advent practically painless. Healthy mothers have healthy children, and it is the general testimony of those who have used Dr. Pierce's Favorite Prescription as a preparative for motherhood, that the children were healthier and happier than those born after months of mental misery and physical anguish on the part of the prospective mother.

Sick and ailing women are invited to consult Dr. Pierce by letter absolutely without fee or charge. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. R. V. Pierce, assisted by his staff of nearly a score of physicians, has in the past thirty years and over treated and cured more than half a million sick and suffering women. The testimonials of these cured women are on record. A large number of them were cured when doctors had pronounced a cure impossible and after enduring years of useless suffering.

#### Hoped for Death.

"For the sake of poor suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. F. A. Howles, of Watts, Bedford Co., N. C. "I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken several bottles of it, and now I feel like a new woman. I am entirely well and feel like a new woman. I feel thankful to God and to Dr. Pierce for blessing me now. I now enjoy a pleasant life. I have a fine big boy, two months old and never got along so well in my life. I can't praise your medicine enough."

#### Very Thankful.

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. F. A. Howles, of Mansfield, Breese Co., Quebec. "During the last four months I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken several bottles of it, and now I feel like a new woman. I am entirely well and feel like a new woman. I feel thankful to God and to Dr. Pierce for blessing me now. I now enjoy a pleasant life. I have a fine big boy, two months old and never got along so well in my life. I can't praise your medicine enough."

debt to finish their seasons and that is the reason why they are unwilling to make themselves liable again.

Akron can have a football team that jealousies cannot disrupt, but some lover of the game must back it and make it possible for the team to have bad days and disappointments without a monetary loss that will keep their noses to the grindstone for the rest of the season.

#### HART HAS MALARIA.

The manager of Marvin Hart, about whom it has been said that he couldn't stand prosperity, and that he was dissipating to a most ruinous extent says that his protegee has been suffering from malaria and that the disease was what made Hart look so badly. Seltz, the manager says that Hart will soon be in the ring again and that he will be as good and better than ever.

#### BOXING FOR MEDALS.

The boxing game is now permitted in Chicago, but the matches may be for medals only. Whether or not the fighters are mercenary and know just where they can sell their medals, they seem just as anxious as ever to fight and the giving away of medals continues to the joy of the jeweler.

#### THAT DELAYED FORFEIT.

Champion Jim Jeffries has as yet failed to post any forfeit for the battle he was to have with Gus Ruhlin. The time is getting short and it is evident that if Jim means business he will have to do something very quickly. The fight was dated for Nov. 8, and it is obvious that Gus will not continue to train much longer unless the boiler-maker does something to show that he is in earnest.

#### CLEVELAND WALLOPED.

Cleveland signaled the end of the season by receiving a beating from Detroit that was the most complete wallop received by an American League team during the season. Brickett was batted any time and any place by the Detroiters and the fast fielding of the latter team prevented the Clevelanders from reaching as high a point toward scoring as third base. 21 to 0 was the score.

### DATE

Of the Campaign Opening

Cancelled by Democratic Committee.

This Action Was Taken Saturday.

The following announcement was issued late Saturday, cancelling the date for the Democratic opening meeting of the campaign:

"In accordance with the formerly expressed views of this committee, the opening meeting of the Democratic campaign at Bucyrus, on September 28, is cancelled, as we consider that it would be inappropriate at this time of universal mourning over the death of our greatly beloved and respected President to indulge in partisan demonstrations. Signed, M. A. Daugherty, chairman; C. F. Gilliam, secretary."

Geo. W. Lane, Pawama, Mich., "Your Kodol Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony. I am completely cured by Kodol Dyspepsia Cure. In recommending it to friends who suffer from indigestion I always offer to pay for it if it fails. Thus far I have never paid."

### FOR FIRE

#### Falls Will Turn the Water On.

#### Pumps Not Ready, But Natural Fall Is Sufficient.

(Special Correspondence.)  
Cuyahoga Falls, Sept. 16.—As a measure for fire protection, the water will be turned into the new mains for the first time today. The stand-pipe is not as yet complete and the engines for the plant are not yet ready to go to work, but there is considerable natural fall from the wells to the system that extends through the village and enough pressure for emergencies can be obtained. The completion of the system is not yet near.

Many of the windows were smashed and passengers in the cars struck by the water spout were deluged. No one was injured in the panic that followed.
