

DENIED

That Diedrick Was Marooned.

Mrs. Peary Talked of the Case.

Said He Left Ship of His Own Accord.

Members of the Crew Argued With Him in Vain.

Portland, Me., Sept. 26.—Mrs. Peary, wife of Lieutenant Peary, returned to South Portland, Wednesday, and promptly denied the report that Dr. Diedrick was marooned. The doctor, she says, left the ship on a hunting trip, as it was supposed but the boat brought back a letter from him stating that he would not return to the ship. He asked to have furs and provisions sent him.

Dr. Cook and others went ashore and argued all night with him. He positively refused to go back.

MORNING.

(Continued from First Page.)

Captain Barr's orders and then sent aloft their kites with a snap.

Captain Sycamore kept his weather eye to the eastward and remarked that this was the very weather he had been looking for.

"We will beat her," he said jerking his thumb in the direction of Columbia, and then he went forward to give some orders.

Captain Barr, the taciturn skipper of Columbia, as usual, had nothing to say but his confident manner showed he had little to fear from the gold-hull sloop.

The committee boat Navigator took a position near the lights shortly after 10 o'clock, while a fleet of press tugs hung around her like bees around a hive. Following alongside the Columbia, which was still in tow, was a signal line of steam yachts belonging to members of the club.

RULES

Governing the International Yacht Races.

New York, Sept. 26.—(Spl.)—Here are the rules governing the sailing of the international races:

Courses—Thirty nautical miles from Sandy Hook lightship.

First race—Fifteen miles to windward or leeward and return.

Second race—Equilateral triangle, ten miles to a leg.

Third, fourth, fifth and subsequent races to alternate as above.

Time of start—11 a. m. if possible, but no race to be started after 1 p. m.

Signals for start—Preparatory signal 15 minutes before starting signal, and a warning signal five minutes before starting signal.

Timing of starts—If a yacht crosses the line within two minutes after the signal her actual time of crossing is taken; otherwise, two minutes after the signal is counted as the time of her start.

Time limit—Five and a half hours, exclusive of time allowance.

Accidents—No resuming of race because of breakage of either boat.

WIND DROPPED.

Fell to Sixteen Knots While Boats Got Ready.

New York, Sept. 26.—(Spl.)—At 9:20 the Columbia has rounded the Hook, and was proceeding toward the lightship. She was still in tow and had none of her sails broken out. The Shamrock turned the point of the Hook at 9:23. She was about two miles behind the Columbia.

The Albertina was the first of the excursion boats to go out loaded down with passengers from Long Beach and Red Bank. She passed out the mouth of the Shrewsbury river at 9:30 and steamed up to the point of the mosquito fleet, headed by the revenue cutter Gresham, under command of Capt. Thomas D. Walker, could be made out coming down the bay. At 9:32 the Shamrock sent up a No. 2

job topsail. Both the mainsail and jackyard set superbly, no wrinkles showing in either piece of canvas.

The wind at 9:35 had dropped to about 16 knots an hour. No attempt had been made to set any sail on the Columbia as yet.

CENTERED

On the International Races.

London Talks and Thinks of Nothing Else.

London, Sept. 26.—(Spl.)—The whole country is awaiting with intense interest the race today between Columbia and Shamrock II. At the hotels and newspaper offices arrangements have been made to announce the result and bulletins will be posted as the race progresses. The evening papers today contain little else beside comment on this all absorbing topic.

American money is scarce. A few private bets have been placed at even money.

The King, whose interest in the races is well known, has ordered special cable bulletins direct to Marlborough house, and from there he will be kept fully informed.

NOT FAST.

Neither Yacht Showed a Great Deal of Speed.

Highlands, N. J., Sept. 26.—11:31 a. m.—(Spl.)—Neither boat showed much speed, but both kicked up considerable fuss going through the choppy sea, the Shamrock went about on the starboard tack at 11:25. The Columbia went about at 11:30.

FLEET

Of Excursion and Private Yachts Costing Fortunes.

Highlands, N. J., There is a ten knot breeze from the northeast and every prospect that there will be a cracking good race between Shamrock and Columbia today.

An enormous fleet of yachts and excursion boats are here to see the race. All society is represented and many notables from Europe, all enjoying the sport today.

Among the big steam yachts carrying large parties are: J. P. Morgan's Giant Corsair; Neumahal; John Jacob Astor; Sybaris; George J. Gould; May, Alexander Van-Rensselaer; Niagara; Howard Gould; Oneida; E. C. Benedict; Satarella; Perry Belmont; Uplanta; John R. Drexel. There are hundreds of other yachts representing a cost that would make a good navy for a first class power.

CREAMY.

Shamrock's Sails Look Yellowish.

Highlands, 9:45 a. m.—The Shamrock's sails had a yellowish tinge which in the bright light gave them a creamy appearance. As the wind began slowly to decrease in velocity the surface of the ocean became less rough. The water was very choppy, however, and white caps were chasing each other over the sea incessantly. The Navigator, the committee boat, was easily on the scene. She arrived off Sandy Hook lightship at 9:50 o'clock, having on board the full regatta committee and their guests.

EXCITED.

London Folks Want Lipton to Win.

London, Sept. 26.—(Spl.)—The excitement over the cup race has a strong reflex here. Never was there such interest. Many people are wearing Shamrocks, and there is an extensive sale of supposed models of both Columbia and Shamrock. The employees of the Lipton Co. cabled Sir Thomas "That you may bring back the American cup with you is the heartiest wish of all of us." If the Shamrock wins all the employees of the Lipton Co. will get a holiday with full pay.

ROOT ILL.

Another Operation For Boils Necessary.

Washington, Sept. 26.—(Spl.)—Word has been received at the War department that Secretary of War Root is ill again. Another operation for boils being necessary, the Secretary will remain at New York for the present.

OFFICER

To be Put to Work

By the Grocers' Association.

Claimed Hucksters Are Doing Wrong.

Alleged to be Selling Vegetables From Short Measures.

Such has been the amount of complaint made at Police headquarters lately about hucksters selling vegetables from measures not holding the amount represented that Mayor Doyle and the Board of City Commissioners have decided to give police authority to a member of the Grocers' Association, who will look after the matter. For obvious reasons the name of this person is not given. He will be a detective, and have a proper badge.

Complaint was made by several persons that a huckster, attired to represent a farmer, was selling potatoes at \$1 a bushel, and giving only three pecks for a bushel. One of the buyers measured a basketful purchased and found it more than a peck short. The grocers are now selling potatoes at \$1.20 a bushel, and some consumers have jumped at the chance to buy them of hucksters at \$1, only to find that by reason of short measure, they have paid for the vegetables at the rate of \$1.35 per bushel or more.

SETH LOW

To Resign From Columbia.

New York, Sept. 26.—(Spl.)—Seth Low, President of Columbia University, has announced that he will resign from the university as soon as he is notified of the action of the Citizens Union and Republican conventions in nominating him for Mayor. He says he believes the chances for an anti-Tammany victory were never so bright before. There will be an almost unlimited campaign fund at the disposal of the fusion leaders.

Already checks are being sent in by men prominent in business and finance. Men who contributed to the large fund of the Citizens' union four years ago are again coming to the front.

Lewis Nixon, the ship-builder, remains the most prominent candidate for Mayor on the Tammany ticket. It is said that Bird S. Coler will be named again for comptroller by the Tammanyites.

One Offer Made by Turkey.

France Satisfied With the Terms.

One Detail Is Not Yet Ready.

Amount Accepted Is the Claim of M. Tubini.

Constantinople, Sept. 26.—(Spl.)—France has accepted the settlement offered by the Porte for the claim against the Turkish government by M. Tubini. She has, however, rejected as insufficient the settlement offered for the claim of M. Lorando, who also advanced money to the Ottoman government years ago.

The settlement offered by the Turkish government to M. Lorando was reported a few days ago to be a lien on the Ottoman customs as security for the payment of the claim. M. Lorando is prepared to accept the repayment of loan with compound interest but the Porte balked at this proposition.

The settlement offered M. Tubini is understood to be for 45,000 pounds Turkish money.
