CALIFORNIA AND ITS ATTRACTIVE.

The great State of California offers more delightful attractions for the average winter tourist than any other section of the United States. At a time when the North and East is garbed in its usual winter mantle, Southern California is clothed in sunshine, fruit and flowers. The new coast line of the Southern Pacific-Sunset route, extending from Los Angeles to San Francisco, offers one of the most alluring opportunities for a journey possible, even in Golden California. Los Angeles and vicinity contain many of the most attractive features of California which, with a superb climate, to be appreciated must be experienced. Surf bathing in the Pacific ocean, golfing at Monterey, deep sea fishing at Catalina and a score of other attractions provide a most pleasant method of enjoyment, making the winter months a dream of comfort and delight. The Southern Pacific-Sunset route out of New Orleans operates daily vestibule service to Pacific points. For literature and information address W. A. Connor, Gen. Agt., 55 East 4th st., Cincinnati, Ohio.
