Russian Zealots Have Abandoned Houses and Farms

Winnipeg, Man., Oct. 30.—With gaunt faces and eyes lifted heavenward, an army of fanatics, chanting weird religious hymns, entered Yorktown Assinobola, Tuesday, filling the inhabitants with fear and pity. The pilgrims form part of the colony of the Doukhobors or Russian zealots, who located in the Canadian Northwest two years ago. The colony has gone on the march leaving crops half harvested and deserting their horses and cattle. Sixteen hundred men, women and children, entered Yorktown, carrying their infants and sick on stretchers. The body marched to the immigrat-

ASHES Falling In Southern Mexico.

Residents Greatly Frightened by Eruptions.

City of Mexico, Mex., Oct. 30.—According to advices, volcanic ashes have fallen continuously since Oct. 24, in Paleque, and Salto Del Agua, state of Chiapas, Southern Mexico. Clouds of ashes have turned day into night and subterranean detonations like heavy cannonading have served to produce a panic. In Comitán, volcanic ashes began to fall Sunday. They covered the streets and roofs of houses with a coating nearly an inch deep. The sun was obscured and there was reign of terror. Similar occurrences are reported from Tuxtla Gutierrez and San Cristobal las Casas, in the same state. Indians arriving in the latter city report that a volcano in the Sierra de Gaudalupa, three leagues from San Cristobal, is emitting fire and smoke. The Governor sent a commission to investigate.

At San Juan Bautista, capital of the state of Tabasco, volcanic ashes fell Saturday night and on Sunday morning, the city had a snow-like mantle. The residents there are too frightened to sleep.

GOES LIKE HOT CAKES.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it and C. B. Harper & Co. guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

We'll send you a little to try, if you like SCOTT & BOWNE, 406 Pearl street, New York.

HUNDRED Years of Work and Worry

And Vast Expenditure of Wealth

Will Be Necessary to Civilize Southern China.

Tacoma, Wash., Oct. 30.—"It will take a hundred years or more of hard work and the expenditure of hundreds of thousands of dollars to civilize southern China." "In southern China murder is as frequent as your meals, and it is called custom instead of crime. Natives have little or no moral law. There is marriage law, but it is only for the protection of male inhabitants. A southern Chinese woman, once married to a man can never desert him. A man can have as many wives as he likes. "Slave traffic is rampant in all parts of the southern provinces. Fathers dispose of their daughters and wives in the same manner as in this country we dispose of livestock."

IT IS DOUBTFUL

If Local Applications Alone Ever Cured a Case of Catarrh.

Most remedies for the treatment of catarrh are in the form of sprays, in- halers, powders, washes or salves, all purely local applications and many of them often give temporary relief, but the reason none of them ever really cure chronic catarrh is because catarrh is not a local disease and it cannot be cured simply by treating the local symptoms.

Moreover, the more serious forms of catarrh, like catarrh of the stomach and catarrh of the bronchial tubes, cannot be reached at all by local applications and the fact that neglected catarrh of the head very soon involves the bronchial tubes, stomach and liver, demonstrates that the disease is a blood disorder, a constitutional malady and not at all a local disease.

To really cure catarrh, the system must be cleansed from catarrhal poison by an internal remedy which acts effectively upon the blood and liver.

The success of a new catarrh remedy Stuart's Catarrh Tablets, is because it drives out of the system, through natural channels, the catarrhal poison and the mucous lining of the nose, throat and trachea are freed from the excessive mucus which collects and causes the hacking, spitting and gagging, because the excessive secretion is not furnished from healthy blood. Stuart's Catarrh Tablets contain many of the same valuable antiseptics used in sprays and inhalers, but instead of being applied to the inflamed membranes of the nose and throat, they are taken into the stomach and thus reach the blood, the real seat and cause of the disease.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges, composed of Red Gum, Hydrastin, Blood Root, and similar catarrh specifics, and so safe to use that little children suffering from colds take them with same beneficial results as adult persons. No trace of cocaine or opiates, so common in catarrh medicines, can be found in Stuart's Catarrh Tablets.
