

THE MEDINA SENTINEL

THE MEDINA SENTINEL, FRIDAY, SEPTEMBER 11, 1914.

NO. 2

Mrs. Moulton Called by Death

At 12:35 Thursday morning Mrs. Geo. P. Moulton died at her home, 533 South Broadway. While her health had been reasonably good for a long time, yet she was stricken a few days ago with illness, which, while seemingly of no special significance at the time, resulted fatally.

The deceased was born in Lafayette, March 27, 1855. She has been a resident of Medina for the past fifteen years. Besides the widower there survive three children, Mrs. Pearl Emory and Miss Flossie Moulton of Medina and Ernest E. Moulton of Colorado.

The funeral will be held at the home Saturday at 2 o'clock eastern time, Rev. Dimmock of the Baptist church officiating. Burial in Spring Grove cemetery.

ANOTHER DIVORCE CASE

A new case in court is one wherein Mattie Hampshire of Wadsworth is seeking a divorce from her husband, William Hampshire.

This unfortunate couple were married in Bowling Green, Ohio, March 15, 1913, only a year and a half ago. Fortunately, perhaps, no children were born. Plaintiff avers that William, ever since marriage, has habitually sought for his happiness in the flowing bowl. In other words his periods of drunkenness, according to plaintiff, have numbered three and sometimes four a week. While under the influence of liquor, asserts Mrs. Hampshire, it has been a favorite practice with him to hit her on the nose, choke her and make use of language in the presence of their daughter so vile that it ought not to be spread upon the records of the court. Further, Bill is charged with squandering money at the gambling table. Plaintiff still further charges that defendant has been arrested twice, through complaint of neighbors, for his abuse to plaintiff. In each case he was found guilty and punished. Possibly because his vision encompassed the extreme length of his tether, Hampshire left for parts unknown in September, 1913, and it is on this account, as well as his alleged cruelty and mistreatment, that the wife asks a legal separation. Fred O. Smoyer of Wadsworth is attorney for plaintiff.

SATURDAY'S RACES

The driving matinee club had some good races Saturday with the following results:

First Event—Pace:			
Florence M. Elgin	4	1	1
Lady Belle Huffman	1	2	2
Hallie B. Weightman	2	3	4
Calanthe Leatherman	3	4	3
Time, 2:35, 2:37 1/2, 2:31 1/2			
Second Event—Pace:			
Fred Barlow, Randall	1	1	2
Maggie W. Canfield	3	2	1
Allen F. Pocock	2	3	3
Time, 2:19 1/2, 2:19 1/2, 2:23 1/2			
Third Event—Pace:			
Newtie, Barlow	1	1	
Harry L. Elgin	2	2	
Time, 2:30 1/2, 2:25 1/2			

DEAF AND BLIND MAY ENROLL

Although he is both deaf and blind, Leslie F. Oren is planning to enter the Ohio State University this fall. He will become a student at the University if a suitable interpreter can be found for him. The Leslie F. Oren Educational society has been organized to send the lad through school and is looking for a person who can act as interpreter and aid him in his class work. This person should be a college graduate and would have to learn finger spelling.

A blind girl graduated from the University last spring and a young man who is blind will be a senior in the College of Arts, Philosophy and Science next year, but this is the first time that a person both blind and deaf has aspired to become a student of the University.

Announcement has been made of the coming marriage of Miss Janette Webber to Mr. Howard Goodman of Herrin, Ill. Miss Webber is a daughter of Dr. and Mrs. J. W. Webber, and she has been a governess in the Cleveland Christian Orphanage for some time. On Tuesday she was given a shower by officers of the Orphanage. The president gave a touching address which was responded to by Miss Webber.

Monday being the 100th anniversary of the writing of "The Star-spangled Banner," schools throughout the country will celebrate the occasion by carrying out a set program.

WINS MEDINA GIRL

A neat, but beautiful and impressive ceremony, was the wedding Thursday night of Miss Fideia Jane Hard (by her wealth of friends known as "Tess") to Mr. George M. Fawell of Lincoln, Nebraska.

The bride is one of Medina's best known girls, although for the past few years she has been connected with Lakeside hospital, Cleveland, as a nurse.

Only immediate relatives and close friends of the bride and groom were present at the ceremony, among whom were George Fawell, Sr., father, and Mrs. G. M. Stony, aunt of the groom, of Lincoln, Neb., and Mr. and Mrs. Walter Webber of Akron, Mr. and Mrs. Ewing (the latter formerly Miss Viva Sargent), Miss Littleton and Mr. Will Noble of Cleveland.

The couple were married by Rev. Hawthorne, a former rector of St. Paul's. The room in which the ceremony was performed was decorated with white clematis and fern. The music room contained asters and palms, while the dining room was also laden with clematis. Mrs. Zoe Prouty Boult sang during the ceremony and Mr. F. O. Hobart played the wedding march. Dr. Harry Hard of Seville, an uncle of the bride, gave her away.

Immediately following the ceremony Mr. and Mrs. Fawell left for a trip through the east, after which they will reside in Lincoln.

The best wishes of the Sentinel and a host of friends are herewith extended.

ANNUAL OUTING TO TOLEDO

The Medina Board of Trade announces their third annual trolley trip, this time to Toledo, Wednesday, Sept. 23. Every man is invited to go, providing he makes known his desire by Tuesday morning, Sept. 22, that the local board may know exactly how many to arrange for, in the way of car service. The individual expense for this trip will be \$3.50, which covers transportation and dinner. The Toledo Chamber of Commerce will entertain the local delegation in a royal manner. They will be taken about the city and shown the many points of interest in that bustling city and banqueted at 6 o'clock in the evening. Further particulars will be given in next week's Sentinel. Tickets may be procured from Pres. H. S. Orr, Sec. W. H. Sipher, or any local business man.

Frederick Palmer, the author of the remarkable story, "The Last Shot," is a typical cosmopolitan. He not only knows war and the men who make war, but he knows the world and has been practically all over it.

Mr. Palmer is a native of Pennsylvania, born at Pleasantville in that state in 1873. He was residing in England at the time the Greco-Turkish war of 1895 began and went to the front as a correspondent. At the close of this war he went to the Klondike as a correspondent. He was in the Orient in 1898 when the war between the United States and Spain began, and was with Admiral Dewey at the battle of Manila, reporting it for the London Times and a number of American newspapers. He remained with the American army in the Philippines throughout the campaign against Aguinaldo. When the international expedition for the rescue of the foreign residents in Peking was organized at the time of the Boxer uprising in China he joined it in the capacity of a correspondent for his papers.

From 1900 to 1903 Mr. Palmer saw service in the Central and South American and the Macedonian insurrections. With the breaking out of war between Japan and Russia he joined the first Japanese army in the field as the representative of the London Times and Collier's Weekly, and was almost the only correspondent who saw active service with the Japanese army. He was in Constantinople during the Turkish revolution of 1909, and was with the Bulgarian army throughout the Balkan war of 1912-13.

In addition to this active career as a war correspondent, Mr. Palmer has circled the globe with Admiral Dewey, and again with the American battle ship fleet in 1907-8. He is familiar with every capital of Europe, and has a personal acquaintance with a very large number of prominent European government officials and military and naval commanders.

Mr. Palmer is now at the front reporting the present war for the papers he represents, and is witnessing the fulfillment of the prophecy contained in his notable story, "The Last Shot."

We notice in our exchanges a number of towns are having heavy penalties to pay on account of damages sustained by dilapidated sidewalks. A broken board in the walk cost one town \$2,500. A word to the wise is sufficient.

Aged Engineer Goes to Reward

After several weeks of gradually diminishing power, and intermittent visions of companions and experiences of other railroad days, Martin (better known as Matt) V. Green passed from life at an early hour Thursday morning.

The deceased was born in Sharon, this county, in June, 1840, which would have made him 74 years old at the time of his death. He was one of the oldest railroad men in the service. He had been with the Erie railroad in different capacities for 48 years. Most of his life had been spent at Kent, although ten years previous to the great flood which overtook many cities of Ohio two years ago, he was employed at Dayton, which latter city was one of the worst to suffer and in which the deceased underwent experiences that it is believed had direct influence in hastening his death.

He was married in 1862 to Aurelia W. Whitmore of Medina. To this union were born three sons, all of whom survive—Charles, with the North American at Philadelphia, Forester, engineer for the Santa Fe R. R., and Frank, with the River Terminal at Cleveland.

The funeral has been set for Saturday at 2 o'clock eastern time, at St. Paul's Episcopal church, Rev. Robert Kell of East Liverpool officiating, assisted by Rev. Edwards, rector of St. Paul's.

Prayer For Peace

President Wilson Tuesday signed a proclamation calling on the people of the United States to pray for peace in Europe.

The president's proclamation sets aside Sunday, Oct. 4, as a day of prayer.

President Wilson's proclamation was as follows:

"By the president of the United States of America.

"Whereas great nations of the world have taken up arms against one another and war now draws millions of men into battle whom the counsel of statesmen have not been able to save from the terrible sacrifice; and

"Whereas in this as in all things, it is our privilege and duty to seek counsel and succor of Almighty God, humbling ourselves before him, confessing our weakness and our lack of any wisdom equal to these things;

"And whereas it is the especial wish and longing of the people of the United States, in prayer and counsel and all friendliness to serve the cause of peace;

"Therefore I, Woodrow Wilson, president of the United States of America, do designate Sunday, the 4th day of October next, a day of prayer and supplication and do request all God fearing persons to repair on that day in their places of worship there to unite their petitions to Almighty God, that overruling the counsel of men, setting straight the things they cannot govern or alter, taking pity on the nations now in the throes of conflict, in his mercy and goodness showing a way where men can see none, he vouchsafe his children healing peace again and restore once more that concord among men and nations without which there can be neither happiness nor true friendship nor any wholesome fruit of toil or thought in the world; praying also to this end that he forgive us our sins, our ignorance of his holy will, our willfulness and many errors and lead us in the paths of obedience to places of wisdom and to thoughts and counsels that purge and make wise.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington this 8th day of September in the year of our Lord one thousand, nine hundred and fourteen, and of the independence of the United States of America the one hundred and thirty-ninth.

"WOODROW WILSON,

"By the president:

"WILLIAM JENNINGS BRYAN,

"Secretary of State."

Clara Gardner has entered suit against Frank R. Judson for \$10,000 for having criminally assaulted and ravished her on the night of July 18 last. Plaintiff was in ill health at the time and claims that defendant availed himself of her helplessness and of the fact that her husband was absent. The state has taken no action as yet, we are informed.

Wadsworth Dedicates New Church

The dedicatory services of the new Trinity Reformed church on Sunday morning were the most impressive ever witnessed in Wadsworth. All the other churches had cancelled their regular morning services and the elaborate program was carried out in the minutest detail. At the conclusion of the Sunday School service, which was presided over by superintendent W. Beecher Lee, and addressed by William Freeborn and W. J. Frank, superintendent of Grace Reformed Sunday School at Akron, the curtain dividing the auditorium from the Sunday School room was raised and the seven hundred people present witnessed an inspiring scene.

The stage setting was complete. The pews are arranged in a semi-circular form facing the north east alcove, in which is placed the large pipe organ. In front of the raised dais which has a choir capacity of 25 chairs, the pulpit is placed, and as the opening strains of the prelude pealed forth the audience gazed upon an array of churchmen who have made history in the Reformed organization. At the extreme right sat the pastor, Rev. G. T. N. Beam, whose personality and energy were strong factors in the accomplishment of this great undertaking. Next to him was his father, Rev. S. Beam of Tiffin, who has devoted many years of service to the church, and on his left sat another son, Rev. H. L. Beam, D. D., a professor in Heidelberg college and who preached the dedicatory sermon.

The presence of Dr. C. B. Etter, pastor of Grace Lutheran church, impressed the audience with a sense of the strong spirit of Christian unity existing among the Wadsworth churches. Then came the venerable Rev. Dr. J. A. Keller, whose life has been devoted to good works and many active years in the ministry. Next to him sat the highest dignitary of the church, Dr. H. J. Christman, president of the Theological Seminary at Dayton, Ohio. The next chair was occupied by Rev. L. C. Edmunds, who was present at the organization of the first Reformed church in Wadsworth. The dedicatory program was as follows:

After an anthem by the choir, "Unfold, Ye Portals," Rev. S. Z. Beam led a responsive reading from the twenty-fourth psalm. This was followed by the invocation by Dr. Keller, after which the entire congregation sang "All hail the power of Jesus' name." Dr. C. B. Etter then read the Scripture lesson, Eph. 4:1-24. After S. P. Hartzell, chairman of the building committee, turned over the key of the church to the pastor, Rev. G. T. N. Beam then delivered the dedicatory address. In a few chosen remarks he gave the history of the erection of the new church. On Easter day a little more than two years ago, the congregation decided to build a new church at an estimated cost of \$18,000. This was afterwards extended to the limit of \$25,000. On account of change in plans and equipment, the cost of the present structure was over \$40,000. Rev. Beam was pleased to announce that upon dedication morning a few hundred dollars more than forty thousand had been pledged. He congratulated the members for their unselfish efforts and the building committee and consistency for their faithful service. At his suggestion there would be no public begging for funds, but those who desired to assist could quietly drop the amount upon the plates as the offering was taken.

Rev. Dr. Christman in ritualistic form and with prayer then consecrated the church to the service of God. This was followed with a solo by Mr. William E. Strasser of Canton entitled, "The Publican," after which Dr. H. L. Beam of Tiffin delivered an impressive dedicatory sermon. After a prayer by the congregation, "Our Father who art in heaven," and another solo, "My Redeemer Liveth," by Mr. Strasser, the exercises were closed with the doxology by the audience, and the benediction by Rev. S. Z. Beam.

At 6:30 o'clock in the evening more than 800 people were crowded into the different rooms to listen to the praise and devotion services by the Christian Endeavor society, led by Miss Erma Swigart and Rev. W. S. Harmon of Kenmore.

At 7 o'clock Dr. H. J. Christman delivered a splendid address. His Church ideal was one whose members were active workers, loyal to the faith and interests of the church, and had a sincere devotion to the cause of Christianity.

At 7:30 the Lutheran orchestra in charge of director O. L. Nolf rendered two fine selections, which were followed by an anthem, "Hark, Hark, My Soul," by the choir. After a duet by Mrs. Schlabach and Claud Waltz, Rev. E. R. Willard of Akron delivered the sermon of the evening. Rev. Willard is a pleasing and forceful speaker and is always appreciated by Wadsworth audiences. After a hymn by the congregation the benediction was pronounced by father Beam.

The new church is a beautiful and substantial structure, complete in every detail, and with modern equipment. Has beautiful art memorial windows, comfortable pews, splendid basement for church suppers, kitchen, good light and heating systems, proper ventilation, piano and pipe organ, large Sunday School rooms, rest rooms, toilet rooms, and beautiful grounds.

The congregation was organized on October 24, 1858 with six charter members and the first church was dedicated Oct. 6, 1861. Second building was dedicated December 23, 1873. The present structure was started in the fall of 1912 and the corner stone laid January 19, 1913. The different pastors were: Jesse Schlosser, Jesse Hines, D. H. Reiter, J. J. Excell, S. C. Goss, D. D., S. I. Royer, H. L. Beam and G. T. N. Beam. The congregation has more than 400 members and has bright prospects for the future.

HERE'S CHANCE TO WORK FOR STATE

Some splendid positions in the state are to be filled from the successful applicants who take the non-assembled examination which is to be conducted from Sept. 10th to Oct. 10th by the State Civil Service Commission. In these examinations it is only necessary for the applicant to secure the blanks from the Commission which will be sent to any resident in the state upon request. When these blanks are received, they are filled out at the home of the applicant and returned to the Commission when they are graded. Positions to be filled from this examination are as follows:

Local Pike Superintendent, Inspector, Culvert and Bridge Inspector, Rodman, Chairman, Attendant, Poultryman (laborer with live stock experience), Waitress, Butcher Deputy Game Warden (salary \$100 or less per year), Seamstress, Houseman, Machinist, Relief Officer, Orderly, Chambermaid, General Domestic Help, Dairy Help, General Kitchen Help—Male or Female. (Candidates should state clearly the institution in which they desire to serve if seeking that class of employment.)

Persons desiring to enter the service of the state or county in any of these positions should make request for this examination.

This is a non-assembled examination which is to be held statewide for the purpose of creating an eligible list for employment in the State and County service.

Other positions which are to be filled by the Commission, as announced in the Sept. Official Bulletin, are:

Teachers for All State and County Institutions. To be conducted at Cleveland, Columbus and Cincinnati, Sept. 15.

Supervising Nurse. Examination to be held at Columbus, Sept. 22.

Assistant Bacteriologist, to be employed in the hygienic laboratory, State Board of Health. Examination Columbus, Sept. 22.

Penitentiary Guards, salary \$950 per year. Examination Lima, Oct. 3.

Examiner of Steam Engineers. Salary \$1,500. Columbus, Oct. 8.

Plumbers for All State Institutions, Columbus, Oct. 8.

Chief Clerk and Purchasing Agent, to be employed by the Ohio Board of Administration. Columbus, Oct. 9.

Field Officers, to be employed at the Penitentiary. Salary \$1,500 and expenses. Columbus, Oct. 13.

Candidates for any of the above named positions should address the State Civil Service Commission, Columbus, Ohio, when the necessary papers will be sent without charge. Further details regarding the examinations, or the nature of work in any of the examinations named will be gladly furnished by the Commission.

HUNT-HORTON MARRIAGE

Miss Helen Hunt, daughter of Mr. and Mrs. John Hunt of North Huntington Street, and Mr. Harvey Horton were married Saturday evening, at the home of the officiating minister, Rev. Fritch of the Congregational church. Mr. and Mrs. Horton will reside with the groom's parents near Brunswick.

Schools Open Propitiously

The Medina schools opened Tuesday under conditions more propitious than ever before, according to Superintendent Edmund. In the high school 190 are enrolled; in the Garfield building 28 and in the Lincoln building 19. The senior class of the high school starts out with the unusually large number of 45. The Domestic Science course bids fair to prove immensely popular, 28 girls in the senior and junior classes having enrolled the first morning. They will be shown preference this year. In the kindergarten there are 45 enrolled with the usual percentage of those who do not speak English. The first grade showed unusually large, there being 66 straight first-graders. Foot ball practice began last night.

NO EFFORT WHATEVER

Most any man can be an editor. All the editor has to do is sit at a desk six days a week, four weeks in a month and twelve months in a year and "edit" such stuff as this: Mrs. Jones of Cactus Creek, let a can-opener slip last week and cut herself in the pantry. A mischievous lad of Picketown threw a stone and cut Mr. Pike in the alley last Tuesday. Joe Doe climbed on the roof of his house last week looking for a leak and fell, striking himself in the back porch. While Harold Breen was escorting Miss Violet Wise from the church social last Saturday night a savage dog attacked them and bit Mr. Green on the public square. Isaiah Trimmer of Running Creek was playing with a cat Friday when it scratched him on the veranda. Mr. Frang, while harnessing a broncho last Saturday was kicked just south of his corn crib.

SPECIAL DAIRY FARMING

Two special courses in dairying will be given at the Ohio State University this winter. The first one, "Farm Dairying and Advanced Registry Course," beginning January 4 and ending January 30, will be given to meet the demands of those who wish to receive training in the formation of a dairy herd, the caring, feeding and breeding of the herd, the production of milk, preparing cows for the Advanced Registry, and preparing men for the State civil service examination given for the supervisors of the Advanced Registry.

"Dairy Manufacturers" is the second course. It begins February 1 and ends February 27. It has been established to meet the demands for a practical course of training in marketing milk and its products, the manufacture of butter, cheese and ice cream. This course is intended for those who are not able to avail themselves of the advantages offered by the longer courses given by the University. It is given at a time of the year when the butter-makers, cheese-makers, ice cream manufacturers and milk men can best leave their work.

City milk supply will be studied in this second course and instruction will be given with reference to the classification of milk, such as certified, inspected, pasteurized, standardized and modified milk, methods of aeration, clarification, pasteurization and other methods of purification.

W. C. T. U. CONVENTION

A strong program was presented by the Woman's Christian Temperance Union at their county convention on Wednesday of this week at LeRoy. Mrs. S. K. Meredith, a capable and scholarly speaker, gave a double address on the topics: "Present Temperance Situation" and "The World Movement for Peace." The following women from Medina attended the convention: Mrs. Hass, the newly elected president, Mrs. Jas. Gray, Mrs. Mildred Hartman, Mrs. Julia Frizzelle and Mrs. I. A. Snyder. The following officers were elected for the county: Mrs. A. J. Wood, president, Mrs. Ross, vice president, Mrs. Roher, cor. sec.; Mrs. Swigart, treas.; Mrs. Ammerman, rec. sec. In the evening a gold metal contest was held in oratory, resulting in Miss Nell Holderman being the winner.

CARD OF THANKS

We desire to express our sincere thanks for the patrons on Route 3 and other friends for the financial aid given us toward the purchase of another cow.

A. O. Schafer and family.

Farm tenancy is the greatest menace now confronting the nation and can be checked only by affording the tenant and the laborer facilities for acquiring property and by reducing the high rates of interest which are now sapping the vitality of agriculture.
