The class will be represented at seven different schools. Following is the list and the schools they expect to attend: Miss Margaret Miller, Ross Hartman, Oberlin; Miss Mildred Richard and Leon Miller, Heidelberg; Wayne Young and Leonard Bowman, Wittenberg; Ernest Gilbert, Clare Kremer and Marjorie Aulsebrook, Akron university; Wade Hart and Dwight Hart, Mt. Union; Earl Baker, Actual Business college at Akron; Miss Dorothy Durling, honor student to Wesleyan. A number of others are planning to enter college a year from now.

Discussion during the past few days shows more hope of the citizens' ticket being elected unanimously than the new Cleveland & Ohio railway entering Wadsworth via Pardee street. The citizens of that thoroughfare, notwithstanding that the company would pave a portion of the street, claim the street is too narrow and strenuously object to the noise caused by night traffic. Should these objections become general the company may be compelled to locate its depot along Holmes brook, or have a jitney connection with Curtard Hook. The question is now up to the transportation committee of the Chamber of Commerce.

Forty-six Wadsworth soldier boys of Co. G. came marching into town Monday evening with faces as tanned as their khaki uniforms and looking none the worse for their week's engagement at the annual encampment at Yellow Springs.

This has been one of the worst harvests within the memory of the oldest residents. Wheat and oats were a large crop, but with the wet condition of the fields, it has been almost impossible to harvest the crop. A large amount of the oats are not cut yet. Many are mowing with machines, and some are cutting by hand, while some others are waiting for dry weather.

Clyde Tanner threshed the first oats reported Saturday, nine acres of mowed oats yielded nearly 50 bushels per acre.

**A Merciless Judge**

One Who Shows No Favor  
A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Medina resident has withstood the sternest of all tests.

Mrs. Fred Schmidt, 531 W. Smith Road, Medina, says: "My back was lame and sore for at least five years. If I stood for any length of time, the pain was almost unbearable. I always felt tired and had no energy to do my housework. I used Doan's Kidney Pills and was surprised and delighted with the results. Every kidney ailment left me and in a short time I was well." (Statement given May 12, 1909.)

OVER THREE YEARS LATER  
Mrs. Schmidt said: "I haven't had to use a kidney medicine for some time. I give Doan's Kidney Pills the credit." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schmidt had. Foster-Milburn Co. Props., Buffalo, N. Y. adv

**KEEP THEM SEPARATED**

It has been demonstrated time and time again that fertile eggs do not remain usable so long as infertile eggs. Infertile eggs are laid by hens that do not have a rooster running with them. These eggs, that is infertile eggs, will not hatch. The rooster makes the fer-

tile eggs, but he does not help the hens to lay. A fertile egg is not perfect for food after being incubated at 103 degrees F. for 24 hours, but an infertile egg is still usable as food after being kept at 103 degrees F. for 7 days.
