TAX CLASSIFICATION EFFECTIVE DECEMBER 5

The old uniform rule of taxation in Ohio will become obsolete Dec. 5, when the constitutional amendment to classify property for purposes of taxation becomes effective. The amendment was approved by voters at the recent election. The coming General Assembly must provide for the classification of property and fix rates. It is not expected the Legislature will revolutionize taxation.

CARD OF THANKS

We wish to express our sincere thanks to our relatives and many friends and neighbors for their kindness and sympathy in the loss of our mother and daughter.
