

TIME THEY'LL NEVER FORGET

4-H Boys and Girls Encamped For Week at the Ledges.

MANY WIN EMBLEMS IN FOUR-FOLD EXAMS.

Learned Instructors Give Liberally of Time and Knowledge to 80 or More Campers.

The first annual camp institute of Medina County Boys' and Girls' clubs was held at Whipp's Ledges near Hinckley during the week of August 16 to 21.

It was directed by County Agent and Mrs. R. H. Halderson, who since coming to Medina county last January have been organizing and working with the boys and girls in Four-fold Life Club work. Over eighty campers were in attendance and throughout the entire week a spirit of good fellowship prevailed.

Much credit for the success of the camp is due to the assistance of Mr. B. B. Spohn, of Columbus, County Y. M. C. A. Director E. W. Barnes, H. F. Barnes, agricultural teacher in the Medina high school, C. B. Ulery, county superintendent of schools, Miss Constance Hanna, County Red Cross nurse, Brant Early and H. F. Brunskill of the Farm Bureau office, and the five club leaders from Randolph county, W. Va., Misses Elizabeth Perry, Anna Keim, Freda Ward, Delphia Triplett and Mr. Olan Talbott. Especial credit is also due to Mrs. Searles, who so ably kept everybody filled with an abundance of good, wholesome food.

Daily Program: 6:00, Rising hour; 6:15, Setting up exercise, dip in the river; 6:45, flag raising; 7, breakfast; 8-11, assembly; 12, mess; 1:30-5, supervised athletics and swim-

ming; 6, supper; 7:30, vesper; 8:30, camp fire; 10, hit the tick.

The emblem of the Boys' and Girls' Agricultural Clubs is the Four-H pin, each H representing one phase of the Four-fold life. The ideal club boy or girl is one who has attained a high standing in the development of each of the four H's, namely that of the head, hand, heart and health. The club member must be equally developed in each phase in order to receive the Four-H pin. All boys and girls over 15 years of age were charted by Mr. B. B. Spohn of Columbus, who is assistant state Club leader. Various tests of the head, hand, heart and health were given and of the 22 boys and girls charted, the following six ranked sufficiently high to receive the honor of the 4-H pin: Aubrey Hoddinott, Rupert Otterbacher, Ralph Pritchard, Max Stewart, Lea Pohzehl and Evelyn Wideman. In subsequent club work an effort will be made to strengthen those who are weak in any certain phase and make all-around club members of all.

For the purpose of instruction the camp was divided into groups according to ages, the boys and girls being in separate groups. From 8 until 11 each morning organized classes were held and lessons taught in first aid, agriculture, four-fold life, plans for the developing of the social clubs, nature study and leadership.

In connection with the first aid lessons conducted by Miss Hanna, a thorough physical examination of each boy and girl in camp was given by Dr. H. H. Briggs of Wadsworth. The parents of the children examined will receive a duplicate copy containing the facts together with suggestions for the corrections of any existing ailments.

The classes in agriculture were conducted by Mr. H. F. Barnes and instruction in nature study was given by Mr. H. F. Brunskill. Mr. Brunskill also held interesting classes in kodakery and during the week took many pictures of the camp and of the boys and girls in various games.

The Four-fold Life instruction was given to the girls by Miss Elizabeth

Perry and to the boys by E. W. Barnes. Many splendid suggestions were given to the different groups which will help to make better, and more useful boys and girls. Plans for the developing of and creating interest in the local clubs were suggested by Miss Anna Keim. Ways of holding club meetings, picnics, county camps, the keeping of records and preparation of exhibits were explained and the boys and girls were enthused with making their Home Club better and more beneficial.

To stimulate competition between individuals and also between the Indian tribes into which the campers were organized for the afternoon and evening contests, a point system was worked out and the record of points was kept by C. B. Ulery. Points were awarded for such activities as helping with actual work about camp, leading devotional exercises, class attendance, nature study, collections or the winning of any tribal contest such as the Treasure Hunt, Bacon Scout or any Team Game championship. The boys and girls were furnished blanks on which they might turn in their claims for points, all claims being O. K.'d by some camp instructor before being accepted by the record keeper. All who earned 1,000 points or more were given the honor of wearing a 4-H cap.

The winning tribe of boys was the Pawnee of which Norman Abbott was chief and the winning tribe of girls was the Huron of which Willis Johnson was chief.

At the last campfire the following boys and girls of the several tribes were awarded caps as a reward for earning 1,000 points or more:

Pawnee Tribe: Norman Abbott, chief; Reginald Perkins, Harold Hunter, Henry Wolf.

Tuscarora Tribe: Aubrey Hoddinott, chief; Carrol Smith, Olan Talbott, Willard Wertenberger, Ronald Spohn.

Huron Tribe: Willis Johnson, chief; Opal Owen, Helen Lytle, Velma Miller, Geraldine Moxley, Nora Kindig, Evelyn Wideman, Freda Ward.

Chippewa Tribe: Leah Pohzehl, chief; Margaret Ralph, Hazel Yorgen, Clo Miller.

Cuyahoga Tribe: Horace Gamber, Rupert Otterbacher, Burdett Aldrich, Gordon Edwards, Chauncey Jones.

Seneca Tribe: Ralph Winters, chief; Miles Whitmore, Robert Gable, Maynard Abbott, Carl Searles, Walter Crum.

Indian names were awarded to the chiefs of the winning tribes of boys and girls. Norman Abbott, chief of Pawnee tribe was given the Indian name of "Omagash," meaning Bounding Buck.

Willis Johnson, chief of the Hurons, was named "Anoki," meaning actor.

The Cloverleaf club of Leroy won the 1921 camp banner. All except two of their members being present and staying until the end. The Montville Hustlers was a close second.

After dinner each day the campers assembled by tribes and were given the plans for the afternoon. Tribe yells and songs were practiced and then group games of volley ball, base ball and the old Indian game of medicine ball were enjoyed. In volley ball the Tuscarora Tribe won the championship over all other tribes, and in Medicine Ball the Pawnee tribe won the laurels. At 4 p. m., everybody went to the river where the swimming was directed by Miss Anna Keim and Richard Reutter.

At 7:30 each evening a vesper service was held out in the open and conducted by the club leaders. Uplifting talks were given and sacred songs were rendered. This was the most impressive service of the day and each girl and boy was inspired to live a better life.

After the vesper service each evening a campfire was made and everyone sat around it enjoying Indian stories and singing songs. The first night each of the leaders was introduced and every succeeding night a special feature such as the Bacon Scout, Treasure Hunt, stunts and the awarding of honors. At the close of each campfire all the boys and

girls stood in a circle about the fire and with arms upraised and palms upward repeated in concert the Omaha Indian Tribal benediction which is:

"Father, a needy one stands before thee; I, that speak, am he."

The County Club officers for 1921-22, are: Ralph Winter, president; Rupert Otterbacher, vice-pres.; Hazel Yorgen, sec.; Aubrey Hoddinott, treas.

On Saturday morning the campers packed and went home each one happy and determined to come back in 1922 to enjoy a bigger, better camp.

What is man that thou shouldst magnify him? and that thou shouldst set thine heart upon him? and that thou shouldst visit him every morning, and try him every moment?—Job 7:17, 18.

COAL FACTS..... Gathered From Here And There

The GOVERNMENT figures show that purchases of coal for the first six months of 1921 were the smallest since the corresponding period of 1915. This total movement was 41 million tons short of the average for the preceding eight years. With FALL approaching these facts should speak for themselves. AUGUST is a good month to arrange for winter fuel, whether it be wood, soft coal, hard coal, Pocahontas coal or coke.

We shall be glad to talk over requirements with you. Our experience may help you.
