Valley City

The Christmas season in Valley City was characterized by a world of action and enthusiasm; there was something doing every minute with variety enough to suit the fancy and taste of everyone.

Thursday evening the Junior high school pupils put on their play—"The Elopement of Ellen." It was a decided success—the staging, costuming and acting were excellent and greatly appreciated by the audience.

Friday evening the Valley City church presented Dickens' "Christmas Carol" at the church and, in spite of very limited stage facilities, they succeeded in making the famous Christmas story very impressive.

Saturday night, Christmas eve, all the various churches had elaborate programs of music and recitation

in which the children took the leading part. It seemed that everyone was in some church that evening. The Valley City church observed a White Gift Christmas on this occasion. A collection of considerably over one hundred dollars was taken up at the time to be sent to the relief of the starving children in Russia.

At 5:30 on Christmas morning the local church bell roused the people of the valley from their slumber and immediately a bugler passed up and down the streets coaxing people to get up, with the famous "You-got-to-get-up you-got-to-get-up you-got-to-get-up-in-the-morning" call. At 6 o'clock the early morning service was held in the church and the crowd that attended was the largest ever.

A very severe ice storm struck this city last Friday night, and it is still with us. It has been the cause of some accidents and considerable property.

The Community Christmas exercises at the U. B. church last Friday evening were attended by practically every one for miles around and many were unable to gain admittance and had to go home; and as every one was there it is unnecessary to give a very extended report of it. In the first place, we had a Santa Claus, and he created considerable amusement by

reading several letters that he had received from Chippewa Lake people, telling him what they wanted for Christmas. Funny, isn't it, that some people will declare that there is no such bird as Santa Claus, and then turn right around and write him a letter? The little ones all did remarkably well, and there was not a dull number on the program. Of course the flute choir and the juvenile band were the principal attractions, and they certainly entertained the big audience. Mr. and Mrs. Bart have the faculty of getting the best there is in them out of children, and we congratulate them on their ability in this line.

Litchfield

The Christmas exercises at the Congregational church Sunday evening were something different than had been given before. The church was well filled with people. The Community spirit seemed to be in our little village and showed in the way people came with their families, and with the vegetables, fruit and other things which were brought in to send to the Salvation Army in Cleveland.

Why can't we have a Community church in our village? We would have better church, better music, better Sunday school, and a better feeling among the people. Can't we forget some of our creeds and doctrines and come together in one church?
