Church Directory.

DISCIPLE CHURCH.—Services every Sabbath at 10:30 A. M. and 7:00 P. M. Sabbath School at 12:30 P. M. on Thursday evenings. W. Thompson, pastor.

CONGREGATIONAL CHURCH.—Services every Sabbath at 10:30 A. M. and 7:00 P. M. Sabbath School at 12:30 P. M. on Thursday evenings. A. L. Taylor, pastor.

METHODIST EPISCOPAL CHURCH.—Services every Sabbath at 10:30 A. M. and 7:00 P. M. Sabbath School at 12:30 P. M. on Thursday evenings. J. H. Smith, pastor.

Arrival and Departure of Mails.

HACK LINES.

On Saturdays arrive from Toledo and Saturday morning at 10:30 A. M. Leave at 11:30 A. M. for Toledo.

On Saturdays arrive from Toledo and Saturday morning at 10:30 A. M. Leave at 11:30 A. M. for Toledo.

Publisher's Notice.

The address on each paper shows the date to which the subscription has been paid. If the subscriber wishes to change the date, he should notify the publisher at least ten days before the expiration of the subscription.

A. M. Fitch is now in the

Eastern market. He will visit New York, Boston and the leading markets of the East. When he returns his customers may expect to see the nicest line of Clothing and Men's Furnishing Goods ever brought to Wellington, and at prices that can't be beaten.

Mr. Fitch writes to his clerk, Mr. Kilbourn,

that the clothes that he has bought some months ago and that he is having made into suits and overcoats, have advanced from 15 to 30 per cent since they were purchased, and that the factories will not now take orders except at the advanced price. Goods that were purchased before the advance will be sold as though no advance had been made. Those who buy their clothing of Mr. Fitch this Fall will save money.

DIAMOND BRILLS, 75 cents to \$1.50;

other brands at 50 to 75 cents at Fitch's.

For Sale.

House and lot on North Main street. Inquire of A. S. Powers.

Thoroughbred Jersey.

Wanted, stock-breeders and dairymen to know that E. F. Jones, of the noted Jersey bull, bred by the noted importer and breeder, W. L. Gardner, Norwalk, Ohio. It is thoroughbred and is recorded in the American Jersey Cattle Club Register, and a very fine animal. Those interested please call at his farm in the north part of the village.

No Deception Used.

It is strange to many people will continue to suffer day after day with Dyspepsia, Liver complaint, Constipation, Rupt Stomach, General Debility, when they can procure at our store Bland's Compound, free of cost. It does not cure or relieve them. Price 75 cents. Sold by Everett & Starr, Wellington.

Dr. Fessner's Blood and Liver Remedy

and Nerve Tonic may well be called "The conquering hero" of the times. It is the medical triumph of the age. Whoever has "the blues" should take it, for it regulates and restores the disordered system that gives rise to them. It always cures Biliousness and Liver Complaint, Jaundice, Dyspepsia, Constipation, Headaches, Fever and Ague, Spleen Enlargement, Scrofula, Erysipelas, Pimples, Blisters, and all skin eruptions and blood disorders; Stomachic Weakness and Dropsy; Sleeplessness, Impaired Nerves and Nervous Debility; Restores flesh and strength when the system is run down or going into decline; cures Female Weakness and Chronic Rheumatism, and relieves Chronic Bronchitis, Croup, all Lung and Throat Affections. It does these things by striking at the root of disease and removing its cause.

Dr. Fessner's Improved Cough Honey

will relieve any cough in one hour. Dr. Fessner's Golden Relief cures any pain, as tooth-ache, neuralgia, colic or headache in 5 to 30 minutes, and readily relieves rheumatism, kidney-complaint, diarrhoea, dysentery. For sale by Dr. B. E. Emerson, Dr. Fessner's St. Vitus Dance Specific. One bottle always cures. For sale by dealers.

At wholesale by Swift & Dodd, Detroit, Mich.

MARRIED.

We publish the following marriage notice by request, but cannot vouch for its accuracy.

REED—CARTILLO.—At the residence of the bride's aunt in Sandusky, O., Isabelle REED, grand niece of Don Sebastian, and Albert J. Reed, of Wellington, O., nephew of Don Pedro, married by Bishop Jackson, assisted by Fathers Beam and Wilder. No guests. They expect to spend the winter in Cuba.

LOCAL AND MISCELLANEOUS.

—New Fall goods at Harvey's.

—Gents' calf and kip boot, very cheap, at FRANK B. SERAG'S.

—Beren reports a large number of new students at the opening of the Fall term.

—For boots and shoes, go to

FRANK B. SERAG'S.

—Head-quarters for school books and all school supplies is at Houghton's.

—A new crossing was put in between

E. I. & Co.'s corner and Benedict's block, last week.

—Misses' and children's school shoes at FRANK B. SERAG'S.

—Henry Sprague lately sold twenty

spring calves for \$200; extra good calves or a remarkably fine sale.

—For stationery, school books, and all school supplies, go to Houghton's drug and book store.

—Table and hand lamps, chimneys,

etc., have been added to F. T. Smith's regular stock, and also to his 5 and 10 cent counter.

—Genuine Vienna bread sold only at 50-3.

—Punching holes in United States

is now punishable by two years imprisonment and \$2,000 for every offense.

—We have got in a good assortment of new styles of Hats, which we are pleased to show. W. W. HARVEY.

—Something ought to be done with

the diagonal crossing on R. R. street, running from Horv & Warner's office southwest; either take it up or put down a good one.

—Our new Fall suits will please you, as they are complete in fit and style, and what is more we make no advance in prices. W. W. HARVEY.

—F. T. Smith has lately planked in

front of his place of business, making a convenient place for hitching teams, and has also put in new hitching posts and rails.

—The refitting of Russell's mills guarantees that the new lot of Russell's best flour just received at Harvey's, is better than ever. 50-3.

—We are under obligation for favors

conferred by the secretaries of the fair, one to be held at West Salem, Oct. 1, 2 and 3, and that of Beren, Sept. 23d, 24th and 25th.

—We have a few odds and ends which we will sell at cost, and some even less than cost, to make room for winter goods. W. W. HARVEY.

—Dr. Holbrook has rented and is

fitting up the second story of the post-office for dental rooms, and will have them ready for occupancy about the middle of October.

—The funeral services of Miss Lois Adams were held at the residence of her brother-in-law, R. F. Jones, at 1 o'clock, Monday afternoon, conducted by her pastor, J. A. Daly.

—In casting about where to go for

Fall and Winter goods to buy for the advertising columns of the Enterprise, we then go and see the new goods constantly arriving at our store.

—About 375 pupils are enrolled on the class-books of our Union schools this week, and a happier, more enthusiastic company than such a troop of bright faced, cleanly and neatly dressed boys and girls, one would not wish to see.

—A young lady student at Beren,

wrote a letter with the usual handwriting and postmark, but on opening it found it only contained an order for books instead of "his" sweet words. Now the question is what unhalloved bookkeeper read the other one.—Beren Advertiser.

—Most men at seventy-three are laid

aside from a heavy or continuous day's work. E. O. Fooks, one day last week, took from the machine and put into bags over 500 bushels of oats, which would have made steady business for a young man to accomplish the same result in the same time.

—We learn that Mrs. Kennison, wife of the new Superintendent of schools, is an accomplished musician and teacher of both vocal and instrumental music, and of landscape painting in oil, and that she will soon arrange to give her time to instructing in these branches. It will be a fine opportunity for those wishing to pursue these studies in art.

—We have need for two months or so

of the Windsor coffee pot, manufactured by Hubbard & McCarty, Windsor, Vt. The ground coffee is held in a colored metal that does not corrode or discolor the coffee, and which is suspended in such a way that the boiling water percolates through it and no settling is necessary. J. W. Wilbur has them for sale.

—We have reset our business notices on the first page of our paper in new type and new style, adding much to their appearance. The number of our business men represented there is largely increased and we hope to make still further additions. Keep your names before the public. It will not fall to increase your business, and should be so full as to be a complete directory of Wellington business houses.

—A fresh blossom from the vine

known as the passion flower, was shown us the other day by Mrs. Holbrook. We had long cherished some dried specimens sent from a distance, but had not noticed a fine growing in this region before. A fancied resemblance to the circumstances of our Lord's passion and death has given the flower its name, every part of which is supposed to represent one of the instruments of crucifixion.

—The Wellington Cornet Band were out serenading Saturday evening, and favored us with several choice pieces of music, which were very highly appreciated. Specially grateful to the favored couples are such sweet harmonies upon a Saturday night, when one is physically conscious of the cumulative effects of the whole week's work and worry, and mentally not over sanguine and buoyant. But good music always has a renovating effect and sends one to sleep with views complimentary to human kind.

—A post mortem examination was

made on Monday, in the case of Mrs. Lois Adams, in the presence of Drs. Rust, McClaren, Hathaway, Bech, Rust and Houghton, conducted by Dr. Canan, which showed the cause of death to have been a cancerous tumor in the abdominal cavity, of considerable size, and involving in its growth several of the organs and conclusively proving it to have been an incurable malady from the beginning.

Personal.

Mr. and Mrs. J. W. Wilbur are absent

visiting in Canada.

Hon. James Monroe is to speak at Painesville, September 10th.

Mrs. J. Turley has a parrot of very

light, bright green plumage, one of the best looking of his kind.

Messrs. S. S. Warner and R. A. Horv have been speaking before Republican clubs in Medina and Spencer.

Rev. V. C. Randolph left for Illi-

nois, Monday, to attend his conference. Mrs. Randolph will remain a fortnight longer, on account of the accident to her father, E. W. Houghton, Esq.

Mr. and Mrs. O. J. West returned from Minn., where they have been spending the past three months, and report that they have had a very pleasant summer and are greatly improved in health.

J. H. Wright returned Saturday from

ten days visit in Ashtabula and Geauga counties. His daughter, Mrs. Clara Pitkin, accompanied him from Chardon to Ashtabula; and is expected to visit her old home in a short time.

A. M. Fitch returned Saturday evening, after an absence of several weeks in the East on business and pleasure. Owing to bad weather and taking a severe cold, he did not secure such an improvement in health as he anticipated.

Mr. and Mrs. E. C. Everest reached

Wellington, Saturday evening. We are sure that everyone will be much pleased to see the bride, who has come so far, and to the husband who has already won good opinions here.

Mrs. E. F. Webster and son, and Miss Julia Speer, returned Tuesday of last week from a tour to Chicago and back, by way of the lakes. The roughness of the water on a part of the trip made it heroic treatment for delicate persons abroad for their health.

Jay Woolley was one of the singers

at the Franks family reunion at Chippewa Lake, and the enterprising taking it for granted that everyone there was a member of that numerous fraternity, designated our townsman as Jay Woolley Franks.

The friends of E. W. Houghton living at a distance will be glad to learn that in this connection his arm seems to be doing finely; his general health is improving and the indications are that he will have a successful and speedy recovery, notwithstanding the fall produced a great shock to his nervous system and he still suffers severe pain from his wounds.

Mr. H. B. Franks, who has heretofore

considered Oberlin his temporary residence, has now decided to make it his permanent home. He has just completed a neat dwelling house on Walnut St., which has been rented to Mr. Wetherbee, and is about to erect two more near the corner of North Main and Walnut Sts. His plan is to build houses which can be rented or purchased by men of moderate means, thereby always finding a demand for them.—Oberlin News.

Miss Lois Adams, whose painful ill-

ness of a year and a half has caused much sympathy and anxiety, passed away at half-past six Sunday morning, the 7th, inst. In July and August she had frequently been able to ride, and through all her long period of suffering her cheerful courage and hope of recovery was remarkable, scarcely deserving her, even in the last days of extreme weakness and pain. Her sister and brother-in-law, Mr. and Mrs. R. F. Jones, at whose house she died, have devoted themselves to her comfort with unfailing tenderness and attention.

Bloom's New York Theatre Co.

will appear in Wellington for the first time, on Thursday, Friday, and Saturday evenings, of this week. This celebrated troupe is composed of rare talent, and will undoubtedly play to large audiences each evening. Their repertoire is first-class, and we believe a rare treat is in store for the theatrical people of Wellington. Reserved seats for sale at Rininger's dry goods store.

The Chautauque Literary and

Scientific Circle.

1. AIM.

This new organization aims to promote habits of reading and study in nature, art, science, in secular and sacred literature, in connection with the routine of daily life, especially among those whose educational advantages have been limited, so as to secure to them the college student's general outlook upon the world and life, and to develop the habit of close connected, persistent thinking.

It proposes to encourage individual

study in lines and text-books which shall be indicated; by local circles for mutual help and encouragement in such studies; by summer courses of lectures and "student sessions" at Chautauque, and by written reports and examinations.

3. COURSE OF STUDY.

The course of study shall cover a period of four years. An experimental course for the first year has been arranged as follows: 1. Studies in English history and literature. 2. Bible history and literature. 3. Greek history and literature. 4. Astronomy. 5. Science of every day life.

A meeting will be held in the Town

Hall, Saturday, at 7 p. m., to organize a Chautauque literary and scientific circle, when the object and scope of the course of reading will be more fully explained. All are invited.

Cincinnati Exposition—Reduced Rates.

Fare from Wellington to Cincinnati and return and one admission to Exposition, \$9.55. Tickets good going one day from date of stamp; returning good for five days from date of stamp.

The Chippewa Lake Excursion.

The Chippewa Lake excursion was a decided success in all points, although the weather in the morning indicated a rainy day. Early in the forenoon the weather was very pleasant, cloudy at times with a cool breeze. Three coaches full-nearly three hundred—with their baskets, boxes, etc., containing various samples for the trip, left the depot at 8:40 a. m., by an extra train; arriving at Grafton, we were attached to a through coal train, arriving at Lake Station about eleven o'clock, where we found waiting, some eight or ten omnibuses, carriages, etc., to take us to the Lake, a mile away. Quite a number preferred to walk and take in all the sights.

At the Lake we found three other

picnic parties. About twelve o'clock the party commenced to cross their way to the contents of the various packages in the hands of our hungry crew. After dinner, boats were hired and all those wishing were given a ride on the Lake by sail and row boats. About four o'clock the party commenced to cross their way to the station in squads, some riding and others walking.

After leaving Lake Station, three or

four of the party formed themselves into a tasting committee and went through the several baskets, etc., that contained remnants of the noon repast. One thing being certain, their appetites were good the whole day, indicating rubber in their composition.

Everything considered, the day was

one of enjoyment to all, and the universal opinion was expressed that we would have to come again next year and bring our friends.

After paying all expenses, a small balance was left in hands of committee for library fund.

Pic-Nic Excursion

To Cleveland and Lake Erie, Tuesday, Sept. 16th, 1879. Train leaves Wellington 9:05 a. m., returning arrives about 6:30 p. m. Fare round trip and ride on Lake Erie, \$1.00. A parlor car will be attached to train. Reserved seat 50 cents round trip. For further particulars inquire at railroad office or see posters.

Foster at Home.

In reply to a letter from Rev. Mr. Albright, one of the clergymen at Foster's home writes as follows, which will remove all scruples from any doubting Thomas:

FORTORIA, O., Sept. 3, 1879.

REV. M. S. ALBRIGHT,

Dear Brother:—Yours came this mail. I am happy for the occasion or opportunity to reply. I have known Mr. Charles Foster intimately for a number of years. He is one of the trustees of our church here, and himself and family attend my services in this connection, and is a friend of temperance; is not now nor has he at any time been connected with any whisky or beer interest. No man in our community has a better reputation for sobriety and good order than he.

I have known personally many of the governors of Ohio, and I do not think a purer man filled the chair of state, than Charles Foster. He is a man of large liberality to all Protestant churches and recently gave \$4,000 for an academy in this place, founded by the United Brethren Church, and \$5,000 for a new Union school building. I most cheerfully send you these facts and you are at liberty to use them in any way that you judge most proper.

I hope all good Republicans and temperance men will support him. I am sure Prohibitionists have nothing to fear or to compromise in supporting him as our next governor.

D. D. MATHER,

Pastor M. E. Church, Fortoria.

Late News Notes.

The Kent, O., Alpaca factory is now in full operation.

Quincy, Ill., had a \$125,000 fire Sunday night.

The term opened at Oberlin College last week with an unusually large attendance.

Of 24 fine sheep, recently 12 were killed and four maimed by dogs, in a Summit county pasture.

The Onedia community have adopted St. Paul's plan, they advocate celibacy, but allow marriage.

The fifth anniversary of the Central Place Friendly Inn, Cleveland, was celebrated Sunday afternoon.

The Miami Conference of the Disciple Church was in session at Eaton, in Southern Ohio last week.

The soldiers reunion of Medina county, no matter what regiment, is to be held at Medina, Sept. 15th.

Switch awindlers have been seeing Oberlin ladies. It is a lesson that should teach them to patronize home dealers.

Woolster is making preparations to receive the North Ohio Conference, Sept. 17th. Bishop Foster of Boston, will preside.

The Medina Gazette mentions the stealing of fourteen nice marketable lambs from the farm of Egbert Green, north of the village.

Wm. Walden of Columbia, two or three days out from Liverpool, on his voyage home from England, died suddenly and had to be buried at sea.

On the night of Sept. 8th, E. C. Sealey's store in Richfield, was entered and the outer door of the safe blown open, and \$300.00 taken from that compartment.

A Cleveland chemist declares that arsenic eating is alarmingly prevalent among women, who take the risk of slow but certain suicide for the sake of a clear but unsightly pale complexion. Paralysis is one of the results that follow the arsenic habit.

Canon Wilberforce, at Westminster Abbey, recently preached a very plain discourse in the presence of the Prince and royal family, in which he alluded to the laxity of morals in English high circles in permitting Sara Bernhardt, the French comedienne, to openly parade among them her defiance of the custom of mothers being married women.

Mrs. O. J. Hodge, wife of one of the publishers of the Cleveland Voice was thrown from a carriage a few days since, breaking her arm badly at the elbow. The irrigation treatment, allowing a stream of water to drip on the elbow was abandoned after eight days, when a lockjaw supervened, her arm was amputated as a last resort, and it is thought she will die.

COMMUNICATIONS.

PITTSFIELD.

SEPT. 6th, 1879.

Our hot, dry weather, has for the present come to a close. A delightful rain fell Wednesday night, and has refreshed everything, so that our farmers are very busy plowing and fitting their land for putting in wheat, being very much encouraged by the crop just harvested and thrashed, wheat for once paying better than any other grain crop.

What few apples there is are falling off the trees, but during time there will be scarce any left.

The visitors from the cities have mostly returned, leaving us poor lonely dwellers in the country, to enjoy ourselves as best we can or may.

Our excessive hot weather has left us with some liability to sickness. I hear of monthly meetings, bilious disorders, and a little rheumatism thrown in by way of change. Still I think we might be worse off, so we will try and make the best of it.

Our M. E. friends brought their socials to a close for a while on Friday evening, with a social at the Town Hall. We had a good time, but the crowd was large, and the coffee and cake.

The old organ was sold, after having done good service for ten years or more. The proceeds, with other funds, are for the purchase of an instrument. Who is to furnish it I have not learned.

The Women's Foreign Missionary Society of the M. E. Church held their first meeting on Friday, Sept. 5th, at the residence of R. T. Worden. The meeting being held before the conference.

—Many ladies are suffering their suffering. Try a box of "Sellers' Liver Pills." 25 cents a box.

—Remember!—The only perfect proprietary medicine as a "Blood Searcher" is that bearing the name of "Dr. Lindsey," and which may be had from druggists.

—No medicine has ever been invented to prevent death! The best that can be done is to assist nature in keeping the functions of the body in a condition of health while life lasts. For biliousness, liver complaint, costiveness, dyspepsia, and all stomachic disorders take Mott's Liver Pills.

—Instead of using opiates or narcotics, which paralyze the brain for a short time but do not remove the cause of the pain, we should advise such a remedy as "Lawson's Curative." It is simple, safe and effective. Pain from rheumatism, neuralgia, inflammation, lame back, headache, etc., cannot exist when the Curative is used properly.

—From Harry Hill, the champion wrestler, No. 26 East Houston street, New York. I know of no remedy that will so quickly remove the discolorations of the skin resulting from injuries, sores and pains of the joints, muscles and bones, the result of violent and continued exercise, as Giles' Liniment Loidie Ammonia. I have used it myself and have seen it used by others and recommend it to all athletes.

Sold by all druggists. Send for pamphlet.

120 West Broadway, N. Y.

—From that old and well-known citizen, George G. Sikes, Esq., father of Major General Sikes, U. S. A., late Minister Plenipotentiary to the Court of Spain: I have resided for the last seventy-five years in the city of New York, and during that time have seen and tried a great variety of remedies. Of all that I have met, Giles' Liniment Loidie Ammonia excels. Have not only used it myself, but a great many with whom I am acquainted speak so highly of its efficacy in curing rheumatism, neuralgia, toothache, rheumatism, pains in the shoulder, back and loins. It is equally serviceable in the stomach. I therefore pronounce it the best combination I know of.

GEORGE G. SIKES,

No. 111 Nassau Street, N. Y.

Sold by all druggists. Send for pamphlet.

Dr. GILES,

120 West Broadway, N. Y.

THE MARKETS.

CHEESE.

LITTLE FALLS, N. Y., Sept. 8, 1879.

A great change in the cheese trade has been indicated by the New York reports during the past week, and it seems to have culminated in the Little Falls and Utica markets, in an almost unprecedented advance of two cents a pound. This market has been very active and the transactions unusually large, and the advance in price has been so rapid that it has become a matter of course to the public, and has prevailed of late could longer continue and wise salesmen have lately been cautious, fearing light shipments in anticipation of better things to come. All are to be congratulated upon the present favorable aspect.

There are several causes that have combined to secure this marked improvement in the trade, among which may be mentioned: the cool weather, the large increase in exports and the advance in foreign prices, and the great shrinkage in production caused by the severe drought. Also advises that an Ohio firm had bought the August cheese in that State, so he kept them for home consumption, and thus reduce the receipts in New York to considerable amount, have doubtless exerted an influence, reaching light shipments in anticipation of better things to come. All are to be congratulated upon the present favorable aspect.
