The death by diphtheria of Mrs. Hessel, following close upon that of her three children, adds another to the list of remarkable examples of the fatality of this dreadful disease. The duty of Reconciliation was the subject of the pastor's discourse Sunday morning and evening, at the M. E. Church, the topic of the morning being the duty of the wrong-doer, and in the evening that of the wronged.

We understand that Mr. Perkins, the humorist and wit, will give one of his side-splitting lectures, on Monday evening, November 10th, at the Town Hall in LaGrange. Tickets have been put at the very low price of 25 cents. He will undoubtedly have a crowded house, as he always draws well.

The Wellington artisan well has been abandoned and all the machinery removed. The men who diverted themselves there so long, did not lose all their time as many may suppose, the town Council and others helping them by money, machinery and assistance. The hope of finding a good supply of water by that process in this city county is pretty generally given up, while not a few are consoled the over-sanguine with the usual, "I told you so."

The anonymous writer of a postal supposes a very absurd case in assuming that we do not sympathize as much as others can with the affliction of the Hessel family. Our ideas of what is humane and just and Christian-like, will probably compare favorably with those of any person who picking up one inadvertent paragraph lets it out-weight every serious thought expressed in these columns. If a person going into a butcher's stall should chance to find one little scrap of defective meat that no one claimed was good, or any sample of the whole, and should go about crying: "See what kind of meat this man sells! They must be dreadful people, indeed, who offer such meat as this." It would be a proceeding as senseless as it is evidently unfair.

Rev. J. A. Daly has been ill for several days, his pulp being supplied by Rev. M. Frye of Oberlin, last Sunday. Gov. Bishop was a passenger in a car last Thursday evening, in which a number of Wellington people were returning from Cleveland.

Mrs. Gideon Adams was seized with symptoms of apoplexy more than a week ago, and is still suffering from partial paralysis. Her daughters in the East were sent for and reached home a week ago today.

Dr. McClaren a week ago last night, left the Cleveland Tabernacle in a heated condition, no other day or evening having brought such a crowd to the Moody and Sankey meetings, and coming out in the face of the cold wind that prevailed, he reached home chilled and ill, and has not since left his bed, a serious congestion of the lungs very soon resulting.

Late News Notes.

Frank Beard, the artist and caricaturist, will give one of his chalk talks in Oberlin, November 11th. The storm of Oct. 31st, was extremely severe in Nova Scotia and on the coast of New Brunswick, working great damage to shipping.

The Methodist bishops have been in session at Long Branch, making the assignments of bishops to the spring conferences. A spark from an engine set fire to the bridge over the Little Miami, between Dayton and Xenia, Saturday. Loss \$4,000. Another bridge beside it badly damaged.

Nearly 25,000 bushels of wheat were bought by the grain merchants of Wooster week before last, prices \$1.25 and \$1.30. A correspondent of the Medina Gazette mentions a great yield of pumpkins raised by S. P. Porter of Richfield, one of which weighed 89 1/2 pounds, circumference 6 feet.

Peter Hall's barn near West Salem, O., was burned with all its contents Oct. 31st. A spark from the engine used in threshing started the fire, which still rages in the woods. Loss of barn and contents, \$2,000.

The State Congressional Conference at its last session adopted a plan by which missionary meetings, under the management of committees in each district, will be held at various points, one at Wellington, Nov. 12th. Zachariah Chandler addressing an audience of 3000 in Chicago, Friday night, retired at the Pacific Hotel in usual health, and was found dead in his bed Saturday morning. For nineteen years he has served his state, Michigan, in the National Senate.

The sale of the Robinson homestead addition to Wooster, was engineered by H. J. Raffensperger, real estate agent of Toledo, and the sales aggregated nearly \$35,000, coming off Oct. 29th. It was a case of judicious advertising; thousands of copies of the local papers containing page advertisements, besides posters and circulars, had been used, and a free ride to the estate and free lunch, brought a crowd like that that goes to the fair. The readiness with which bidding was done showed a lively interest in landed property and restored confidence in the good time coming.

Charles Dickens was the John Bunyan of the secular world—the unpriestly preacher to the wayward multitude, rebuking them for their follies, vices, and decencies—little gospels of charity and good-will to all mankind.—N. Y. Independent. It is astonishing what a capacity for doing brain work or unscrupulous or vicious person has. An unusual talent for lying, for instance, gives its possessor a chance to commit as much political evil as can be overtaken and neutralized by the most industrious truthfulness.—M. H. H.

Another Savings Bank gone up.—This has been said so often of late, that people are beginning to look for safe investments for their surplus cash. Any man who has 25 cents to invest can do better than to buy a box of Mott's Liver Pills, for they never fail. Always keep them in the house.

The coughing and wheezing of persons troubled with bronchitis or asthma, is excessively harassing to themselves and annoying to others. Thomas' Electric Oil obviates all this entirely, safely and speedily, and is a benign remedy for lameness, soreness, injuries, piles, kidney and spinal troubles. Important information is given in advertisement in another column.

POSITIVE RESULTS.—There are numerous remedies that cure sometimes and become trusted as useful, but none have ever proved so effectual—cured as Ayer's medicine. Dr. J. C. Feltner has restored great numbers of patients who were believed to be hopelessly affected with consumption.

Ayer's Compound breaks up chills and fever quickly and surely. Ayer's Compound Extract of Sarsaparilla eradicates scrofula and impurities of the blood, cleanses the system and restores it to vigorous health. By its timely use many troublesome disorders that cause a decline of health are expelled or cured.

Ayer's Pills and their effects are too well known everywhere to require any commendation from us here.—Scranton (Pa.) Times. ARCOLA, Fort Bend Co., Texas, August 27, 1877.

Wm. M. GILES, Esq., Dear Sir:—I have been suffering for the past four months with a terrible attack of rheumatism in my back and hips. I could not move; I thought I should never get well, as I had used most every known remedy. By chance I got hold of your circulars, and thought I would try it—not having any faith in it, or anything else—but what was my astonishment after one application, I got instant relief, and now after using it one week I am nearly well. I have bought one dozen bottles of it, and never intend to be without it. I have also used it with great benefit on protruding piles. I shall try to tell all of the people in this section about your remedy, but most of them know of it, as they used to come to see me when I could not move in bed. You will please to excuse this writing, as it is my first letter in four months. I hope I do not intrude on your time, but my dear sir, I owe you a debt of gratitude which I can never repay. Wishing you every success in the introduction of your medicine, I am, Dear Sir, Yours sincerely, J. W. CARROLL.

Wm. M. GILES, Esq., Dear Sir:—Your favor of Jan. 20th, 1877, just received, and I thank you for the information therein. I have been suffering for some time with the rheumatism in my back and hips, and a little salt, pulverized in a mash, at night, and using Liniment freely down her back, loins and limbs. I procured the quart bottle from Johnson, Holloway & Co., and am satisfied that the trouble arising from the loins and kidneys is fast disappearing. The stiff lameness, I am pretty well satisfied, has been done for some time. I shall give her the purge-ball, (which I know how to do), and then the powders put her in a good condition, meanwhile trying your Liniment on the stiff trouble, or in the loins and hip, whichever it may be. To prove that your Liniment and the rest are doing her good—a week ago she was "all gone" behind; on Saturday night, while walking her, she broke away, took a truck and down a large lot, equal to about a ton of powder, and then she struck a bee-line for her old home. Her former owner was surprised on Sunday to see her had improved, and said, "Darnd if I don't think you do, they that were all right, and if you do, why, I'm stuck." Again thanking you for your prompt reply, I am respectfully yours, GEO. K. CHURCHMAN.
