Consult the columns of THE ENTERPRISE for bargains before coming to the fair. Our merchants mean what they say when they advertise.

Chas. Van Noyen has brought an action against H. L. Taylor before Esq. Peirce for wages due and unpaid. The case is set for hearing Aug. 23rd.
We have been favored with most too comfortable nights for sleeping the present month to make it profitable for the proprietors of the watering places.

A number of our people are visiting the onion and celery fields at Lodi. The celery crop is immense, and sales are readily being made of all that is marketable.
S. M. Hall says the Buckeye farmers cannot place horses on the market as cheaply as it can be done in Kansas, where corn is worth only seventeen cents per bushel.

Lewis Kerr's military band with Al G. Field's minstrel will appear on the fair ground on the afternoon of the second day of the fair and discourse music for the occasion.
There is no use of going to the watering places to bathe when we can purchase soap so cheap at home. The quantity of water can be reduced by applying plenty of soap.

The order of F. and A. M. has been receiving a number of new members this year. The chapter known as the Royal Arch Masons does not convene during the summer months.

The evening train from Cleveland did not reach this place Monday evening until near ten o'clock on account of a wreck caused by a freight train running off the track near Berea.
The managers of Harper's Bazar pay no attention to the teachings of Mrs. Jenesse Miller in dress reform. The corset and bustle factories still have the united support of the temple of fashion journals.

Persons wanting printing for the fair and desiring us to do the work will confer a great favor on the employees in the office by leaving their orders as early as possible. The boys will want to take a little airing by giving the fair their presence.
The police protection has been very efficient at the fairs held here in former years, and the same kind of service may be looked for this time. Pickpockets and outlaws find this an unhealthy place to stop if they attempt their operations.

Monday afternoon H. H. Saunders photographed the residence of Dr. J. W. Smith, the family group, consisting of Dr. and Mrs. Smith, Mr. and Mrs. L. G. Somers, of Cleveland, Arthur Smith, wife and child; and his fine black matched team.
There was a blue racer killed on the premises of D. P. Sheldon Friday, measuring four feet and three inches. A mate to the dead racer was discovered the next day on the premises of S. W. Avery, but ran under a building and could not be captured. The query is where they came from, as a racer has not been seen in these parts for the past thirty years.

Friday last the editor and Mrs. Smith spent the day very pleasantly calling upon the patrons of THE ENTERPRISE in Huntington and Spencer. This being our first visit to the former place in the interest of the paper we were highly pleased at the interest manifested by the citizens in the general welfare of the people and interests of the cheese city. They looked upon THE ENTERPRISE as a welcome weekly visitor, for in its columns something of interest would be found. Huntington receives the largest package of ENTERPRISES of any foreign office, and we are pleased to say it is gradually on the increase. The farmers were all busy caring for their oats and flax, there being a larger crop of the latter than for many years. We expect to visit the place again before the snow flies in order to become better acquainted with our patrons. Thanks are due Mr. F. J. Eckels for special favors.

Fun reigned supreme last night at the Opera House, Al G. Field & Co's Operatic Minstrels being the cause. The effect was the uproarious hilarity of an overly well pleased audience. What an oasis in the desert of amusements is the coming of a company like the above. "Something to please everybody" is their motto, and, best of all, their entertainment is refined and clean. Minstrelsy, as presented by this company, is a line of amusement in which it would be hard for the opponents of the stage to find an objectionable feature in the long performance given by the company. The music, particularly the singing, was far superior to that usually heard with traveling shows. The marches, drills and specialties were executed with neatness and precision. The encores were so numerous that the program was drawn out to a great length, and when the curtain fell there was a prolonged round of applause. The manager of the Opera House has secured this attraction for a date later in the season.—Lansing Journal.

OUR FAIR.

Our Fair, which takes place next week, Aug. 27, 28, 29, and 30, gives promise of being one of the best ever held in Wellington, and we promise those who attend three days of fine amusement.

The Floral Hall, under the management of the Ladies' Relief Corps "as a Loan Exhibition," will present an unusually fine appearance. Merchants' Hall will be filled, as the space has already been assigned to exhibitors. The Dining Hall will be under the management of Mr. Geo. Watson, who, having had years of experience in that line of business, will be enabled to give satisfaction. If all those who have signified their intention to be present with their attractions come, the grounds will be covered with amusements.

Tuesday, the first day, will be devoted to making entries and arranging the same for exhibition.

Wednesday, the second day, the fun begins. At 9:30 a. m. horses and cattle will be brought out for exhibition. At 10 a. m. a game of base ball, to be followed by a second game. In the afternoon at 1 p. m. the races begin, among which is the 2 year old stake race. This will be especially interesting, as 17 horses have entered and paid second money.

Thursday, the third day, at 9:30 a. m. horses and cattle will again be on exhibition, and at 10 a. m. another game of base ball. At 1 p. m. the races will be called, among which will be a half-mile running race.

Friday, the last day, at 10 a. m., athletic sports will take place in front of the grand stand, giving two hours of solid fun. The races will be called promptly at 1 p. m., which consist of the free for all three-year old stake race in which 9 horses have paid second money, and the one mile running race.

The management have tried to so arrange a program that any one of the three days will be very interesting and worthy of your patronage. Remember, then, that the Wellington Fair comes but once a year. Make your arrangements to devote at least two or three days and thereby encourage a continuance of our Fair for future years.

An Imperative Necessity
What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the germs of disease destroyed. Scrofula, Salt Rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

Don't Get Caught
This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid, and whole system liable to be perverted by disease—but get yourself into good condition, and ready for the changing to warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving an appetite, and for general spring medicine.

The many remarkable cures Hood's Sarsaparilla accomplishes are sufficient proof that it does possess peculiar curative powers.

Vigor and Vitality
Are quickly given to every part of the body by Hood's Sarsaparilla. That tired feeling is entirely overcome; the blood is purified, enriched and vitalized, and carries health instead of disease to every organ. The stomach is toned and strengthened, the appetite restored; the kidneys and liver are roused and invigorated; the brain is refreshed and the mind made clear and ready for work. Try it.

It won't take bread—in other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.
