It's Easy To Take

Thin, pale, anemic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

SCOTT & BOWNE, Chemists, New York.

RHEUMATISM, RHEUMATISM, RHEUMATISM. Ath-lo-pho-roo cures Inflammatory Rheumatism, Chronic Rheumatism, Muscular Rheumatism, Rheumatic Gout, Scleritis, Lumbago, Neuralgia, Rheumatism of the Joints, Rheumatism of the Heart, in fact, any kind of a disease due to the accumulation of uric acid in the blood. Ath-lo-pho-roo expels the uric acid from the system in quick time, leaves no reaction, and its cures are undeniably permanent. We know that it will do this because we have received 50,000 letters from grateful patients. Here is one letter out of that vast number:

KALAMAZOO, Mich., June 2, 1898. Gentlemen—My uncle had the Rheumatism so that he was drawn up almost double, and he got Ath-lo-pho-roo and it drew him back as straight as he ever was, and my mother had the Rheumatism so bad that she could not walk nor lie down. We had the doctor 24 times and he did not do her any good, so she got three bottles of Ath-lo-pho-roo and is entirely cured of Rheumatism. Yours truly, Miss Eva Shaffer.

SCHOOL NOTES. Conducted by R. H. KINNINGSON.

The following were the questions given at the teachers' examination held in Elyria, March 4:

ARITHMETIC. Divide \$38 between two boys in proportion to 1-4 and 3-4. Prove that your answers are in the required proportion.

Express 5 yd. 1 ft. 4 in. as the fraction of 1 yd. 2 ft. 4 in. and reduce the fraction to a decimal.

If I sell 3/4 of an article for what 1/2 cost me, what per cent do I lose on the part sold? Analyze.

If a man's money is 50 per cent. more than B's, how many per cent less than A's is B's money? Analyze. 2-3 is what per cent of 4-5?

If my retail gain is 33 1/3 per cent and I sell at wholesale for 10 per cent less than at retail, what is my gain per cent at wholesale? Analyze.

GRAMMAR. Write a message to be sent by telegraph. Write sentences, using phrases as the different elements of sentences.

Decline goose, beef, rose and your surname. Give good prose for the following stanza, and parse the words in Italics: "Tolling, rejoicing, sorrowing, onward through life he goes, Each morning sees some task begin, Each evening sees it close.

GEOGRAPHY. Locate Borneo and Celebes islands and give latitude and longitude.

In what direction from Borneo are the Philippine islands? What direction from Farther India?

Name the agricultural productions of the Philippines—Speak of the climate. Which is the shorter route by water to the Philippines, from New York, or from San Francisco?

Name the bodies of water through which a vessel would sail in going the shortest route from New York to Manila.

U. S. HISTORY AND CIVICS. Name and locate the chief cities of the Colonies.

Give names of men connected with the fall of Yorktown, the signing of the Declaration of Independence, the siege of Vicksburg, and the surrender at Appomattox.

Write about the battle between the Merrimack and the Monitor.

Give current news items. In what respects is the government of the United States better than other governments.

PHYSIOLOGY. Distinguish between physiology, anatomy and hygiene. Which is the most important to people generally?

How do plants differ from animals? What are the chief uses of the skeleton?

Name the three kinds of joints and give example of each.

What is alcohol? How is it made? For what is it used? Why is it injurious to man when used regularly?

If the names of your visitors do not appear in the Enterprise, don't blame us, but yourselves, as we have not sufficient time to get all of the happenings around town.

The obituary of Mrs. Margaret Holcomb, who died at her home on the river road Wednesday March 8, will be published next week.

Little Kenneth Gott is reported seriously ill.

Mrs. Nellie Gott, who has been on the sick list for several weeks is improving. Miss Edna Riard has returned to her home in Medina.

A man who is sincere in his expressions and regulates his outer life by principles for which he has no reverence in his heart is dishonest—even though he pays every account with scrupulous punctuality. There are thousands of dishonest talkers and dishonest lives in the world, and against joining their ranks youth cannot be too strongly warned. Remember that sincerity will adorn your intellect and ennoble your heart; that it will make your life attractive; that it will make you respected and esteemed in the sight of all true men.

THE NEW WAY. WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping their health. \$1.00 at the drug store.

For advice in cases requiring special directions, address: getting systems, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ARDIN, M. D., Cary, Wis., says "I use Wine of Cardui extensively in my practice and find it most successful preparation for female troubles."

THEORY AND PRACTICE. What benefit did you derive from the last county institute you attended? What book on teaching has helped you most? Tell in what way it helped you. If you were to omit any portion of Ray's or White's arithmetic, what would they be and why? What method do you use in your first reading lessons? Name one or more other methods for such work. What is your accustomed way of teaching spelling to advanced classes? Write ten words suited to such a class and diacritically mark and accent the words. Do you favor township supervision? Why? Do you favor the consolidation of small schools? Why? Give age, experience and length of last certificate.

There were 49 applicants, 38 women and 11 men.

The Boxwell examinations will be held in Elyria on the 2nd Saturdays of April and May.

Pneumonia Follows La Grippe. But pneumonia cannot follow the use of Foley's Honey and Tar. Pneumonia is striking down hundreds of those who thought they were cured of the gripp. Foley's Honey and Tar, taken during or after a gripp is guaranteed to prevent pneumonia.—W. H. Tisott & Co.
