W. H. Townsend has sold his entire greenhouse business to T. G. Yale, and the greenhouses are to be removed to the Yale premises. Mr. Townsend has turned his attention to lawn mowers, making Wellington a distributing point for Ohio, Michigan, Indiana, and other contiguous territory, for the sale of the celebrated mower invented by his brother, Mr. S. P. Townsend, and manufactured by S. P. Townsend & Co., at Bloomfield, N. J. Already, a car-load of these mowers have been unloaded in Wellington, and another carload is expected in a few days. Wellington must be in the land of the Midnight Sun. If Norwalk only had "shining hours" all night, we could save about \$7,000 per year for street lights, but then Wellington is the green cheese city and as the moon is supposed to be made of this stuff, doubtless the Observer is right in calling the night hours, "shining ones over there.—Norwalk Chronicle.
