# BOER INVASION.

A Host of Burglers Pour Into Cape Colony.

Situation at Mafeking, Ladysmith and Kimberley Shows Little Change—An Army of Burglers in England—Other War News.

Estcourt, Natal, Nov. 17.—An armored train, having on board a half company of the Durban volunteers and a half company of the Dublin fusiliers, steamed to Chieveley Tuesday morning. On its return it was shelled by the artillery of the Boers, placed in four positions. Two trucks in front of the engine left the rails, tipping over. While the train was thus helpless, the British troops faced the Boers in skirmishing order and the Boers poured shot and shell into the crippled train. The derailed wagons were with great difficulty removed and the line was cleared, when the engine and tender steamed back.

London, Nov. 18.—The absence of news of any serious movement against Ladysmith seems to show that the Boers are repeating the strategy adopted by them at Dundee, when they appeared in front and endeavored to effect a surrounding movement. This seems to be their object regarding Estcourt, and since it is impossible that relief should reach there for some days to come, it is not unlikely that a further retiring movement on Mool river will be made. Maj. Murray has returned to Pietermaritzburg to take command of the lines of communications and Col. Long, of the artillery, has taken command at Estcourt. The forces now at Pietermaritzburg are too weak to attempt to reopen communications. Artillery and cavalry especially are badly needed and it necessarily will take a very long time to obtain either, owing to the difficulty of training and the necessity of allowing horses to rest after the long sea voyage.

Kimberly was safe on Friday. Last Tuesday a Boer force of 600 entered Alwal North, Cape Colony, hoisted the flag of the Free State and declared the town and district to be part of the republic.

Special dispatches from Pietermaritzburg and Lorenzo Marquez say that Ladysmith is bombarded night and day and hard pressed. On November 9, having during the night placed men close to the town, the Boers, after a heavy bombardment, began an assault, but were repulsed at every point with heavy losses. The Boers have destroyed one of the bridges over the Tugela river.

London, Nov. 21.—The reports of heavy fighting at Ladysmith last Wednesday have not been confirmed. On the contrary the most reliable advices from Estcourt indicate that there was nothing more than a desultory cannonade. Probably the rumor of a serious engagement, grew out of the fact that the Boers threw a few harmless shells late Tuesday night, leading to the supposition that an attack was imminent. Nothing, however, happened Wednesday.

The Boer invasion of Cape Colony continues rapidly. There are 1,500 Boers at Coleberg and news has reached East London that Ladysmith, near Alwal North, has been deserted by the British and is now in the hands of the Boers. A Pretoria dispatch declares that the British on Sunday made two unsuccessful attempts to oust the Rustenberg command from a position near Mafeking, and that severe fighting took place. From Delagoa Bay come reports of the arrival of more German officers and artillerymen who have volunteered to serve with the Transvaal forces.

The plan of operations on both sides is slowly unfolding itself. Gen. Joubert is evidently moving south to prevent, if possible, the junction of the British relieving force with the forces at Estcourt and Ladysmith, while on the Orange river border the Boers are believed to be concentrating at Donkerpoort to oppose Gen. Buller's advance. It is said 6,000 Boers have already inerged at Donkerpoort.

The English plan seems to be a three-fold advance from Durban to Ladysmith, from Orange river to Kimberley, and from East London by way of Queenstown to Burgersdorp.

The Chronicle says: Hitherto we have hesitated to speak of the quality of the tinned meat supplied to our transports, much of which has had to be thrown overboard. But we have made inquiries in quarters not likely to be influenced by rumor, and we find there suspicions, that some of the meat supplied to the government for use on British transports was meat which had been rejected by the United States during the hostilities in Cuba, where it was picturesquely known as "embalmed beef," and relabeled with the mark of the current year.

Berlin, Nov. 21.—The Cologne Gazette publishes the following dispatch from Cape Town: Everything is prepared for a general rising of the natives throughout Cape Colony. They are ready at any moment to make common cause with the Boers.

Pietermaritzburg, Nov. 21.—A party of British heliographers cut off by the Boers outside of Estcourt, contrived to escape to New Hanover and arrived here Sunday. They report that 6,000 Boers, driven by starvation, are foraging toward Greytown. No alarm is felt, but it may require a division of the relieving column to annihilate them.

### Insurgents are Active.

Manila, Nov. 21.—There has been a revival of insurgent activity south of Manila, particularly in Cavite province. At Imus on Sunday two columns converged on the Zapote bridge where they found a deserted Filipino camp. The Americans went to Annaboo, south of Imus, and came upon the enemy entrenched at this point. They scattered the Filipinos, but as the latter were subsequently reinforced, the Americans returned to Imus under fire, seven of our men being wounded. Our scouts found 18 lead insurgents at Annaboo.

### PEARLS IN OLD SHOES.

Customs Officials Capture a Jeweler's Hoard of Hidden Gems and Arrest the Owner.

New York, Nov. 21.—Ten thousand smuggled pearls of all sizes, some imitation and some genuine gems, were taken to the custom house yesterday and spread out in Collector Bidwell's office. To-day they will be taken to the appraisers' stores, where the government experts will pass upon their value. The pearls were seized by Special Treasury Agent Theobald from Francois Bock, a dealer in gems, of Providence, R. I. Bock arrived on the Bretagne, but preceding him had come a cable message to the customs officials telling that the Providence man had pearls of great price in his possession. To the inspector Bock declared that he had nothing dutiable. He declared also that he was going to Mexico at once and said nothing about his business in Providence. So Special Agent Theobald and the inspector made a rigid investigation into his baggage and his pockets.

In Bock's trunk were three pairs of worn shoes, tied together, heel and toe, and wrapped compactly in newspapers. Inside each pair of shoes were many packages of half pearls.

There were two quarts of the gems altogether. They were of all sizes and until the experts examine them it will not be known what are genuine and what are imitation. These half pearls are used extensively in the manufacture of jewelry, and the imitation article is expensive. Both the true and the false are dutiable.

When the officers had secured all the pearls from Bock's trunk they examined his wearing apparel. In the inside pockets of his top coat they found packages containing 40 beautiful specimens. In the tail pocket of his cutaway coat was another package and there were more in other pockets. The custom officials are inclined to think the pearls found on Bock's person are genuine and that the others are possibly imitations. A rough estimate of the value of the entire seizure is \$30,000.

Bock does not speak English. He said he was born in Austria and had gone from Trieste to Paris. Special Agent Theobald has learned of a trip that Bock made from Paris to this country last May and regrets that Bock's baggage was not searched at that time. Bock spent Sunday night in police station and yesterday was taken before United States Commissioner Shields and held in \$5,000 bail. He had no means of securing bail and went to Ludlow street jail. The treasury agents say they have no evidence to show that Bock had any accomplices.

### RIOT FOLLOWS A STRIKE.

A Mob Attacks Two Men Guarding a Street Car.

Bellevue, Ill., Nov. 21.—The street car strike resulted in a riot last night in which two armed guards were beaten after one of them had fired a shot into the crowd. The bullet struck a man in the arm.

The two guards, Jack Hanson and Guy R. Trendler, had been brought over from St. Louis. They were assigned to protect the motormen and conductors at the terminus at the public square. A car had just left the square for St. Louis when a crowd of 1,000 men surrounded the two guards. The jostling crowd forced a boy against Hanson and he struck the lad. Instantly a dozen men jumped on the guard and the crowd became a mob. The two men were knocked down and kicked and trampled.

The two guards, drawing revolvers, began to fight their way out to the police station. One of them fired a shot into the crowd, the bullet striking Benjamin Taylor in the arm. The crowd stoned the police station and tried to take them out, but was beaten back by the police with drawn revolvers. The two men were locked up and bail refused.

### GEN. WHEELER'S ADVICE.

He Says Congress Should Declare that American Sovereignty is a Fact in the Philippines.

Manila, Nov. 21.—Gen. Wheeler has decided not to return for congress. He is writing a letter to President McKinley with the request that it be forwarded to the house of representatives. In an interview he said: "Congress, if it occupies the first day of the session in passing a resolution declaring in unmistakable terms that the sovereignty of the United States is to be maintained in the Philippines, thus dispelling Aguinaldo's delusion that the anti-imperialists can assist him, will be performing a sacred duty. Such a resolution would save the lives of many American soldiers and of thousands of deluded Filipinos, would avert famine, suffering and desolation from these islands and would render unnecessary the expenditure of hundreds of millions of dollars."

The people of Corta Bato, on the southwestern coast of the island of Mindanao, desire the establishment of American government there and have addressed a petition to Gen. Otho, asking him to send troops.

### Democrats Gain Two Legislators.

Louisville, Ky., Nov. 21.—The county board of canvassers adjourned Monday until Wednesday, after having completed the official count of the ballots cast November 7. The city and county give Taylor a plurality of 3,418. The work of the board yesterday was the consideration of the contested precincts in various parts of the city, which had been passed as the count progressed. Five of these were thrown out and five were counted. This resulted in a gain of two members of the legislature by the democrats.

# NEWS OF OHIO.

Gathered by Telegraph From All Parts of the State.

Nash's Plurality is 49,023.

Columbus, Nov. 21.—The canvass of the official vote in Ohio was completed Monday. It shows that Judge Nash's plurality is 49,023. The total vote cast was 908,159, divided as follows among the six candidates for governor: George K. Nash, republican, 368,176. Seth H. Ellis, union reform, 7,799. George M. Hammel, prohibition, 5,825. Robert Bandlow, socialist labor, 2,439. Samuel M. Jones, non-partisan, 106,721. The plurality of John A. Caldwell for lieutenant governor over A. W. Patrick, who was supported by the Anti-Saloon league, is 15,720. An analysis of the figures show that about 40,000 electors who voted for Jones failed to vote for any other candidate for state officers.

### Whitecappers Tore Down the Barn.

Bellefontaine, O., Nov. 20.—There was a sequel to the West Liberty whitecapping early Sunday morning when a mob from that place tore down the livery barn of Edward Jackson and turned the horses loose. Jackson was one of the trio, consisting of two colored men and a white woman, Jackson's daughter-in-law, who were taken from the jail at West Liberty Saturday morning by a mob and tarred and feathered and run out of town. The trio came to this city, where Nell Jackson, who was severely beaten, is in a critical condition. Jackson is nearly blind from vitrol thrown in his face.

### A Plan for Political Fusion.

Columbus Nov. 16.—One of the most prominent democrats of Ohio is authority for the statement that a conference is to be held by the leaders of the democratic, union reform and socialist labor parties and the leaders of the Jones campaign, seeking to bring about a fusion of those interests. The reason given for this is that Nash did not have a majority of the votes cast in the recent election for governor and it is hoped, if the fusion can be brought about, that the anti-imperialists can defeat McKinley in Ohio at the presidential election.

### Got a Judgment for \$1,000.

Akron, Nov. 18.—Detectives Doran and DeCelle, of Cleveland, were yesterday given a judgment for \$1,000 against the Summit county commissioners, after a trial lasting nearly a week. The detectives were employed three years ago to assist in finding the murderer of the Stone family at Tallmadge. They arrested Romulus Cotell and he was convicted. They then claimed the reward offered by the county, but it was refused on the ground that they were paid for their services and not entitled to it. The judgment was for the full amount.

### Will Soon be Completed.

St. Mary's, Nov. 18.—The Columbus Northwestern railroad, that branch of the Detroit & Lima Northern running from this place to Columbus, is at last to be completed. Hon. C. N. When this new road was projected two years ago, the people of St. Mary's donated the right of way between here and Wapakoneta, together with \$23,500 in cash.

### A New Oil Field.

Elyria, Nov. 17.—Another large oil field has been discovered in Lorain county. The new field is located five and one-half miles west of Elyria. It was discovered by the accumulation of crude oil in sink holes on the farm of David Schwartz. Oil men from the St. Mary's O. field have leased 2,000 acres of land, and are preparing to sink wells at once. A stock company will be formed here to develop the field and pipe gas to Elyria for fuel and lighting purposes. The work of sinking wells has already started.
