Cash Paid For Raw Furs, Hides, Pelts and Tallow. S. L. CURTIS.

Summer Goods. A nice line of Brandenburg cloth, Black Dragon, striped and plaid Cos mos, White Goods, black and white Robes at Wilson's.

Settle Up! All of those knowing themselves indebted to me, either by book account or note, are requested to come forward and settle, as I have disposed of my furniture business. An early settlement is requested.

Turn Out. Hugh Cavanaugh, Grand Worthy Foreman has promised to deliver an address at the P. of I. and K. of L. Picnic to-day at Knipp's grove. Let every good member of these orders turn out and hear what this high officer has to say in regard to the leading issues of the day.

Boats! Boats! Wallace Blair has just placed a number of new pleasure boats on the river. For the convenience of those who wish to boat after dark Mr. Blair has had an electric light placed on the river bridge. Nothing is more pleasant than a boat ride upon the Maumee.

To Dispel Colds. Headaches and fevers, to cleanse the system effectually, yet gently, when constive and bilious, or when blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to activity without irritating or weakening them, use Syrup of Figs.

Letter Idist. Letters remaining un-called for in the Napoleon Post-office for the week ending June 11th.

Catarine Botens, Lillian Carew 2, Kattie Griffin, Mrs. Chas. E. Nicholas, J. Hert, Jason Daris, Geo. Mays, Abe Marretto, Elias Miller and Fred Schlumbohn.

Persons calling for letters will please say they are advertised, and give the date. D. M. JONES, P. M.

A Funny Story. They tell a funny story on a Toledo policeman which hasn't reached the papers of that town yet. A few mornings ago the policeman saw a man trying to open the front door of a house. Supposing it to be the resident of the place he went up the steps and tried to help the man. It was no go, and the two went around to the rear. The back door couldn't be budged, and they returned to the front. The policeman ascended the steps first, and when he turned around his recent companion was flying up the street at 208 1/2 pace. The man was a burglar.

Nice Houses. It is not only new houses which look nice, but very old houses can frequently be made to look nice as new with but very little expense, and that little, properly invested in wall paper and paint. A great many people, who never had their houses papered before, are taking advantage of the cheap wall paper sales at Saur & Balesley's Drug and Book Store this spring and they are really astonished when their bills are footed up to see how very little it takes to buy the paper for a room, as one old lady remarked the other day "that the price of a few dozen eggs would buy paper enough at Saur & Balesley's drug store to paper her whole house." Don't fall, when you are in town to see this grand stock of paper and get prices, and if you don't want to paper your own house, tell your neighbors what you have seen and heard that they may know where to go.

W. E. Doud will loan large or small sums of money on farms in this county and will give ten years time if desired, the borrower paying back as much as he may be able each year and thus stopping interest. Over \$100,000.00 loaned in this county on this plan during the past year. Call on W. E. Doud, manager at Napoleon, Ohio; or John H. Folker, Napoleon, Ohio; W. A. Hanna, McClure, Ohio; J. O. Merritt, Hamler, Ohio; George Fisher, Holgate, Ohio.

20,000 Yds. of NEW TOULOU-NORD, JUST OPENED THIS WEEK AT SHOEMAKER BROS. BEST WASH GOODS ON EARTH.

Silk Umbrellas! An immense line cheap at Wilson's. 21 Settled Monday.

There seems to be a general impression that the waterworks and electric light dilemma will be settled by the council next Monday night, either adopting some system or burying the question, for the present at least.

A Fine Improvement. The painting of the Vocks Block now in process, will give the building a metropolitan appearance. It is the largest block in town and will materially help the appearance of both Washington and Perry Sts. in its new dress.

Pic-Nic. The Patrons of Industry held a meeting at the city hall last Saturday to perfect arrangements for a grand pic-nic to be held in Knipp's grove southwest of town to-day. Several extemporaneous speeches were made for the good of the order. All patrons are cordially invited to attend.

A Narrow Escape. A boating party consisting of Wm. Brownell, Billy Hague, Bob Dittenhaber and Charley Rummel met with a mishap Monday that night have ended with serious results. The boat became upset while in the middle of the brink. Happily they all reached shore, minus considerable wearing apparel however.

No Truth in the Report. William Shelt of this place is in receipt of a letter from S. O. Rakestraw to the effect that he is well and still occupying the disputed claim. The report that he was shot also appeared in western papers, doubtless originating from the prolific brain of some reporter who had heard of the killing of Rakestraw's horses.

Sidewalk Repairing. A grist of sidewalk resolutions were introduced and passed by the council Monday evening. Those in the poorest condition that are ordered to be constructed are those abutting the Suhr property on Washington, the Eagle block on the same street, the Osborn property on Clinton street, and the Yackee and Curtis buildings on Perry street. The council does well in taking this matter in hand and the work should not stop with these few.

Family Reunion. Mr. John Knapp lives in Liberty township and has for a great many years, being known far and near as an old pioneer. The death of Dr. Martin called his children who have grown up and moved away, back to the old homestead and Monday a re-union was held. It was the first one in twenty years. Those present were: Mrs. E. T. Martin, J. M. Crawford and family, Columbus Grove, DeWitt C. Crawford and Mrs. Russell Crawford, Liberty twp., L. L. Crawford, Auburndale, Lucas county.

Road Contractors. W. J. Ramus & Bro. of Malinta, general contractors, have been awarded the contract of grading and graveling the Infirmary Road a distance of two miles and fifty-seven rods. They will begin the job about the 16th inst., and will employ none but competent workmen, and with this one essential point in view, and being under their personal supervision, they guarantee the Commissioners of Henry county a job of road work that will not only be acceptable to them, but will be a credit to the county as well as to the contractors.

Prepare a Place. While Napoleon is on the eve of a reformation it would be well to consider the erection of a building or buildings on some spacious and convenient piece of ground to accommodate the farmers with teams. Other towns are not without this convenience and Napoleon being partly an agricultural town has not given matters of this kind due consideration. It is cruelty to animals and no humane society should permit horses to be hitched on the street from ten to fifteen hours per day and through all kinds of weather, yet a few farmers do this whether through compulsion, ignorance or a pure spirit of cussedness, it matters not.

"Tax Payers." Talk about "tax payers" has a tendency to make people weary. Every man who works for a living; every man who is not a loafer is a taxpayer. The man who happens to have enough money to pay some one \$20 to \$25 a week is no more of a tax payer than the poor devil who works with both hands and brains to make success of business ventures. When people talk about not permitting men to vote on projects, such as waterworks, unless their John Hancock appears several times on the tax duplicate, they manifest a state of ignorance in political economy that becomes only a Hotentott. We are all tax-payers and don't you forget it.

Marriage of Mr. John Wilson and Miss Franc A. Gillman. WILSON-GILLMAN.—At the home of the bride's sister, Mrs. Roll Yeager, Marshall, Mo., June 1st, 1891, by Rev. Mayfield, Mr. John Wilson of Napoleon, Ohio, and Miss Franc A. Gillman.

The many friends of Mr. Wilson in Napoleon, where he has lived for many years were expecting something availing of the above, when he departed about two weeks since for Marshall. In fact we ourselves were pretty certain of such a denouement before last week's impression of this paper was issued but refrained from publishing until we could see "Uncle John." That he looks happier and ten years younger goes without mentioning, and that happiness unalloyed will follow him and his fair bride through life is the wish of entire Napoleon.

Rivalry, Battle and Arrest. Albert Meyerholtz and Ben. Hilgendorf enjoy the same taste in regard to beauty, in that, they both became infatuated with the same young damsel. The feelings of the two suitors, passing through all the stages of ill will towards each other finally merged into that state when vizars were lowered and fists upstretched. They met in combat down by the co-operative store Saturday night. Both had seconds, (these individuals are always on hand at roll call) and becoming enthusiastic as the battle proceeded, joined the fray until it was a free-for-all with four on a side. One young out-thrust drew a knife and attempted to disembowel his antagonist, but was promptly kicked over a lamp post by a bystander having a penchant for fair play. After the disgraceful scene, and when the smoke of battle had cleared away, Meyerholtz, Hilgendorf and Rosetter were arrested and fined \$15, \$10 and \$5.

Lawn Fete. The Sunshine Circle of Kings Daughters will give a lawn fete, the first of the season, at the home of Mrs. Amelia Cary, on Tuesday evening, the 16th inst. Strawberries, ice cream and cake will be served. Good music in attendance. All are invited.

The Latest. The latest out for men's wear is a sort of stretched out and hammered down cap that brings to mind vividly the rush and flurry of "Castle Garden." They are not named yet but "Castle Garden" would be one that is very appropriate. To say that they are homely as a mud-fence would be putting it mildly and serenely.

No Park. The petition praying the council to purchase the Yeager property near the railroad for park purposes was presented at the adjourned session Monday evening. By an unanimous vote of that body action in the matter was indefinitely postponed. This practically cooks the park business a seal brown.

A Fine Entertainment. The Junior Epworth League gave a very creditable entertainment at the M. E. Church, Tuesday evening consisting of recitations, songs, musical selections etc. The performers were all young and the entire program was enjoyable to the parents and friends composing the audience.

Buggies and Wagons. All those thinking of buying a surrey, buggy or wagon, should call on John Miller and investigate his prices and work. A fine stock always on hand, made from the best material and in a workmanlike manner. He warrants all his work, and long years of experience in the business should recommend him for honest work. Don't purchase until you have examined his stock. Shop between the river and canal, Perry street. je-11-3m.

New Yacht. C. S. Miller has just completed his new steam yacht the "Minnie V." It is a little beauty, run by a three-horse power engine, covered with a tasty upper deck, and large enough to accommodate at least ten adults. It is his intention to run her up or down the river for the accommodation of parties who wish to avoid the inconvenience of a skiff or the bustle of a larger steamer. It was built at a cost of \$400, and will be an ornament to the river.

Will Go in Business for Himself. Mr. Charles Boyer, who has been in the employ of H. H. Lane in the furniture business, will soon branch out in that line for himself. Whether he will be a member of the mercantile fraternity here or elsewhere, he has not yet decided; but wherever it is, he will make it a success and rather interesting for opposition. He is a first class undertaker and embalmer, having taken a regular course in that branch. He is also a cabinet maker whose work has always attracted attention.

New Officers in the Morrison R. Waite Lodge K. of P. At a regular meeting held on the 5th inst., the following officers were elected to serve the last half of '91: C. C.—D. C. Brown. P. C.—W. W. Campbell. V. C.—W. E. Balesley. Prelate—C. W. Jackson. M. at A.—James P. Mason. W. E. Doud, K. of R. & S., H. H. French, M. of F., and A. E. Angenstein, M. of E., will serve in said capacities until Janu ary '92, their term of office being one year.

A Tough Gang. John L. Sullivan, brute and prize fighter has done some scenery shifting on the stage, and becoming weary of this, poses before the world as a hypnotist of no mean ability—that is, so John says his ability should be classed. His great success, he claims is due to his eye in the sun frenzy rolling during a fight. "My mind is stronger than theirs, and when I bring my eye full upon them they turn away." Yes, "they turn away," but 'tis because they dislike to gaze upon his ugly, beasty mug without the assistance of smoking glass.

It is, to a certain extent, a recitation of John's "noble traits" that inculcates the mind of our youths with a thirsting desire to fight. We have here a young element that frequents the scene of Saturday night's fight, using foul language to such an extent that females are unable to pass by on that side of the street after dark. The feats of John L. and vile stories make up the evening's entertainment, occasionally punctuated with a fatig encounter. Not, necessarily, that the participants in Saturday night's melee belong to this gang but the corner on which the fight took place has always been the leading place of some of our hardest characters. It is a nuisance and the gang should be broken up.

QUADRENNIAL ENUMERATION

Of Males Having Attained their Majority as Returned by the Assessors of 1891. Every four years the enumeration of voters is taken by the assessor and returned to the Clerk of Courts who must report to the State Department by the 1st of Sept. Through the kindness and assistance of Clerk Brown we are able to submit the following: Flatrock..... 389 Ridgeville..... 327 Monroe..... 510 Liberty, East Precinct..... 269 Harrison..... 353 Marion, Hamler Precinct..... 291 Wamsouer..... 290 Richfield..... 462 Pleasant, N. Bavaria Precinct..... 371 do Holgate Precinct..... 318 Freedom..... 287 Napoleon..... 284 Liberty, West Precinct..... 224 Marion, S. Precinct..... 179 Bartlow..... 505 Napoleon Corporation..... 490

The last four precincts have not reported and the figures given in the above table show the vote merely polled at the Fall election of these precincts. Using these figures with the others which for all practical purposes are official, Henry County has 5,949 voters. This is 652 in excess of the vote polled last Fall, the excess being due to the acquisition of new voters and a failure to get out the entire vote at the Fall election. Grenedines, China silks, black and colored silks, plain and figured sarrahs, lace dress goods, trappings and velvets, an immense line to select from at D. & J. Wilson's.
