## Don't Hoard.

May be you have been scared by the way gold has been drawn from the Treasury and shipped abroad and have put your money into an old stocking or under a tumbler on the top pantry shelf. Had you not better invest it in goods when they are so cheap? It is very singular how people get scared into taking their money out of solid Napoleon banks, where it earns something, and put it in some fancied secure place in the house and lie awake nights fearing visits from festive burglars who may pop out of some closet or from under the bed and by threats, accompanied by a revolver that under the circumstances looks like a Krupp cannon, compel the shivering victim to lead the way to their "safety deposit." There were three cases noted last week of burglars in other towns robbing hale and hearty people of all they had so carefully hidden. In one case they made the husband dance on a table keeping time to their chopping at his toes with knives; in another they cut little pieces out of the arms and limbs, possibly to keep as souvenirs; and in another they actually forced a young married man to eat a piece of pie his wife had made. Torture could hardly go farther. Sensible folks keep their money right in banks where it is safe and do not add to the financial troubles by locking up all the loose coin at home to worry over. Our banks are perfectly safe, and it is all folly to horde your money in some out-of-the-way place in your home. Don't do it. Some genius for figures, mathematical, says: "The money lost in this country since its inception does not amount to one cent per capita." We've put our one cent into circulation and if you'll do the same money will be easy here. Just remember when you stuff your money into that old bottle or under the corner of the spare room carpet, that if others do the same your husband, father or sweetheart will soon be minus a place. 'Tis the circulation of money that enables employers to do business and pay employees. Saving is to be commended up to a certain point, but to be miserly and hoard "turns one's soul into a hard substance that only the fires of the other world can melt." We try to enable you to be economical without sacrificing any comforts, and the thousands who leave their dollars at our store know they get more than their value in return. Spring is here, and your home needs fixing up. Your walls need new paper and the inside and outside woodwork of your house need a little paint, to brighten them up.

### A Word to the Wise is Sufficient.

I suffered terribly from roaring in my head during an attack of catarrh, and because very deaf, used Ely's Balm and in three weeks could hear as well as ever. A. E. Newman, Grading, Mich.

One of my children had a very bad discharge from the nose. Physicians prescribed without benefit. After using Ely's Cream Balm a short time the disease was cured.—G. A. Barry, Corning, N. Y.

Price of Cream Balm is fifty cents.

### IMPORTANT DECISION.

Regarding the Sale of Refunding Bonds Rendered by Circuit Court.

Circuit Court Judges Hayes, Scribner and King sitting at Toledo, have made an important finding affecting the validity of refunding bonds and the time at which old bonds may be taken up by the proceeds of the new bonds. The common pleas court held that regular bonds and refunding bonds to pay off the former could not exist simultaneously without creating a double debt, but the circuit court reversed the decision and holds that a reasonable length of time may intervene between the sale of the old bonds and the taking up of the bonds without involving the city in the payment of interest of two sets of bonds issued for a similar purpose and running concurrently. The decision helps out the sale of municipal bonds.

### Council Meeting.

The council met in regular session Monday evening with Mayor Meekins, Clerk Allen, and the following members present: Cahill, Brownell, Shoemaker and Van Hying.

The most important business transacted was the passing of the tax levy for 1895.

The following bills were allowed:

Wabash Ry. freight	\$1.35
Meyerholt Bros. brick	2.00
Geo. Lightner, hauling dirt	47.79
Geo. Hollingshead, cleaning	3.03
Chris Davis, night watch	15.15
Jas. Shay, engineer	40.00
Thos. Burns, marshal	46.50
Ed. Allen, clerk	20.00
Barrett & Son, stationery	1.00
A. Hahn, drying hose	1.50
E. Brown, health officer	15.54
Philomena & Hildner, lumber	21.90
Hose Co. suits	100.00
W. H. Kernan, stationery	3.50
S. M. Cameron, street com.	100.25
W. E. Sworden, labor	99.48
W. Blair, board	10.00
H. Zinn, board	55.13
J. J. Young, labor	8.57

### Contract Let.

On Friday last the county commissioners let the contract for furnishing the material and building the new house on the infirmary farm. There were three bids before the commissioners, as follows:

J. A. Mehring, of Ridgeville, \$3,184.94.

Geo. Kraus, of Napoleon, \$3,008.25.

A. L. Guthrie, of Delta, \$2,011.19.

Mr. Guthrie, being the lowest bidder, was awarded the contract. We should like to have seen our home man get the job, but his bid was not the lowest. Mr. Kraus is a good mechanic, and would have given the county a good job. Mr. Guthrie has a high reputation as a builder, and no doubt he will give the county an acceptable job.

### Don't Forget Your Paints and Wall Paper.

While you are busy planting and cultivating your corn and doing spring work generally, remember that it is just as necessary to do your painting and papering now, if you would have a first class job, as it would be later in the spring. Don't delay this work until hot weather comes when you will have all the dust and flies to contend with, which always improves the looks of paint as well as its lasting qualities. Saur & Balsley have invested largely in the best quality of paints and paper, and they are offering to everybody such bargains that they hardly need to look elsewhere for lower prices or better quality, for the reason that nearly everyone who does is sure to come back and make his purchases at this house which not only guarantees the quality of their paints but the prices also.

### Condition of Crops.

The crop bulletin sent out by the Weather and Crop Service at Columbus, dated June 3d, gives the condition of crops in the northern section of the state as follows:

The week has been very dry, with not enough rain in any county to make any material improvement. Monday was quite cold, and the last three days of the week have been exceedingly hot, with more than average amount of sunshine. Wheat has not made a good growth and is heading with the straw quite short; is spotted and uneven in many places. Oats have made but little growth, and still show the effects of the late freezing. Rye is in poor condition and some fields are being plowed under, some others are being pastured. Corn, that was killed by the frost and cut worms, has nearly all been replanted. All corn is doing fairly well in nearly all counties; but worms are still at work in some fields. Potatoes that were cut to the ground are coming up again; bugs are numerous. Clover looks fairly well. Meadows and pastures are short, and pastures look brown in many places. Fruits are recovering from the effects of the cold weather, and promise better than was expected, especially apples and peaches.

### Public Sale.

The undersigned will sell at public sale at the residence of the late Henry H. Wittenberg, 3 1/2 miles west of Napoleon, on Tuesday, June 11, 1895, the following described property, to-wit: Two work horses, 10 head of cattle, consisting of cows and young cattle, 15 head of stock hogs, growing wheat, corn and oats and several meadows, hay in mow, oats in bin, spring wagon, farm wagon, double harness, one-half interest in reaper, mower, hay rack and sundries from all other farming utensils too numerous to mention.

Terms of Sale.—All sums of \$5.00 and under cash; on all sums over \$5.00 a credit of 9 months will be given, the purchaser giving his note with approved security.

Sale to commence at 9 o'clock a. m.

HENRY ROHRS,

Administrator of the Estate of Henry H. Wittenberg, deceased.

### Obituary.

REUTER.—Mrs. Anna Reuter died at the home of her daughter, Mrs. Fred. Von Seggern, in Damascus township, Henry county, Ohio, May 29th, 1895, aged 61 years and 1 month. Her sickness was occasioned by cancer of the stomach, with which she suffered for nine weeks bedfast.

Mrs. Reuter was born in Germany and came to this country in 1877, settling in Iowa. She was here on a visit to her daughter, when sickness overtook her and death prevented her returning to her earthly home. She leaves four children and nine grand-children to mourn her departure. Funeral from Olive Branch Church on the 30th of May.

### CARD OF THANKS.

To those kind friends who assisted us in the illness and death of our mother we extend our thanks, with a hope that when sorrow comes to them they will be surrounded with friends as kind.

### Corporation Tax Levy Reduced.

Last year the tax levy for Napoleon corporation was reduced 1 1/2 mills. This year the levy has been placed at 11 mills, a reduction of 1 mill. Not a heavy reduction, but a reduction, nevertheless, as almost everyone was looking forward to an increased levy. More especially on account of the expense of waterworks and electric light plant. This will be good news to the general tax payer.

### In Operation.

The new brick yard of Meyerholtz Bros. is now in full operation, with entire new machinery, comprising all the latest improvements for making brick and tile. They have the best clay in the county and in a few weeks will be prepared to show some of the finest brick and tile ever offered for sale in this locality. Their new yards are situated on the south side, on the river bank, easy of access and nearly opposite the waterworks plant. An inspection of their goods and prices is invited.

### In This Country

everybody is more or less affected with Catarrhal troubles, and all these victims of our atmospheric changes are on the look out for effective remedies. Century Catarrh Cure has proved itself the best remedy on the market, for Cold in the Head, Hay Fever, and all other forms of this insidious disease, it has proved a reliable remedy, cleansing the nasal passages, and allaying pain and inflammation and restoring the senses of taste and smell.

### Services Dispensed With.

The services of engineer of the fire department and janitor of the city building has been dispensed with. The duty of fire engineer and janitor of the city building now devolves upon the engineer and assistants at the pumping station of the waterworks. Mr. Shay has been fire engineer for over seventeen years, and has attended to his duties with commendable fidelity, but his services were no longer required after the waterworks commenced operations. We wish "Jim" success in whatever he undertakes.

### Cemeteries to be Looked After.

Notwithstanding the tax levy of Napoleon has been reduced, the city council included in their levy this year, 1 mill for cemetery purposes. This is a step in the right direction, as all citizens are interested in seeing our cemeteries kept in proper condition. Heretofore too little attention has been given them, and it is hoped that these spots in the future will be made to bloom as the rose inviting and interesting to the people generally.

###### Du Maurier's Lost Eye.

"I was drawing from a model when suddenly the girl's head seemed to me to dwindle to the size of a walnut. I clapped my hand over my left eye. Had I been mistaken? I could see as well as ever, but when in its turn I covered my right eye I learned what had happened. My left eye had fallen me. It might be altogether lost. It was so sudden a blow that I was as thunderstruck. Seeing my dismay, Van Leurs came up and asked me what might be the matter, and when I told him he said that it was nothing; that he had had that himself and so on. And a doctor whom I anxiously consulted that same day comforted me and said that the accident was a passing one. However, my eye grew worse and worse, and the fear of total blindness beset me constantly.

"That was the most tragic event of my life. It has poisoned all my existence.

"In the spring of 1859 we heard of a great specialist who lived in Dusseldorf, and we went to see him. He examined my eyes, and he said that though the left eye was certainly lost I had no reason to fear losing the other, but that I must be very careful and not drink beer and not eat cheese and so on. It was very comforting to know that I was not to be blind, but I have never quite shaken off the terror of that apprehension."—From a Talk With the Author of "Tribly" in McClure's Magazine.

### DEATH OF JUDGE LATTY.

He Passed Away at His Home in this City Thursday Evening.

In the death of Judge A. S. Latty, which occurred at 12 o'clock last night, northwestern Ohio loses one of its oldest and most widely known citizens.

Alexander Sankey Latty was born in Ireland, June 30, 1815, and at the time of his death was aged 79 years and 11 months. From Ireland he emigrated to Canada, where he remained several years coming later to the United States. He commenced operations on the Maumee river in 1827, by accepting a position as overseer of a force of men who were building the Miami & Erie canal between this point and Toledo. Later he took charge of a force of men employed in building the Paulding reservoir. After the canal was completed he resided in Paulding village where he resided for several years.

He was elected Auditor of Paulding county and served two terms. Afterwards he moved to Defiance where he has ever since resided. In 1856 he was elected common pleas judge on the Whig ticket, beating his opponent, Francis C. LeBlond by about 100 votes. He was re-elected judge in 1861, 1866 and in 1871, holding the office continually for twenty years.

After his retirement from the bench he devoted his time to the practice of law and in looking after his large land possessions which he had acquired in his earlier years.
