

HOME HAPPENINGS.

Help the Board of Trade to boom Canfield. Many hunters were afield Thanksgiving day. Stores are already beginning to take on a holiday appearance. A daughter was born Tuesday morning to Mr. and Mrs. Boyd Cronk. Union Thanksgiving services will be held this (Thursday) evening in College Chapel. Rev. R. E. Pugh will deliver the sermon. The Normal and public schools closed Wednesday afternoon for the Thanksgiving vacation which ends next Monday morning. The next session of the Akron District Conference of the Methodist church will be held in Canfield. Bishop Anderson will probably preside. The Canfield football eleven went over to Poland last Saturday afternoon and played against a much heavier team. The visitors lost by a score of 24 to 0. Freight traffic on the Niles & Lebanon railroad continues heavy, several double header trains going over the road every day. Passenger business also shows some increase. Extensive improvements are being made at the plant of the Altimo Culture Co. on High street and it is expected the new flower and seed business will be greatly increased the coming year. Quite a number of wells never before known to fail are now reported dry. Unless soaking rains come before the ground freezes the water problem may become serious in this locality before winter is over. Ruth Crockett of Cleveland, three-year-old daughter of Mr. and Mrs. Perry Crockett, formerly of Canfield, was struck by an automobile in Cleveland Monday evening and had her left arm and shoulder blade broken. Sparks from a passing locomotive set fire to the grass along the railroad near P. T. Jones' woods, one night last week, and before it was extinguished many acres were burned over and considerable damage was done. Steps have been taken by the Presbyterian congregation of this place to either buy or build a parsonage. A committee recently selected was authorized at a congregational meeting last Sunday to work out the details. This (Thursday) afternoon the local football team will have the Salem Tigers for their opponents on the home gridiron. This will probably be the last game of the season which has not been a very successful one for the Canfielders. Fred Bader, a native of Germany 66 years old, died of blood poisoning in the county infirmary Tuesday night. He was taken to the infirmary from Strubbers Nov. 19. Funeral services were held Thursday morning and as he had no relatives in this country, he was buried in the infirmary cemetery. There is a rumor that the Wabash railroad has an option on the right of way for the proposed Canton & Youngstown line through Canfield and that the road is certain to be built. This would give the Wabash a through route to Youngstown from the west, such as the company has long desired. Developments will be awaited with interest. Last week Thursday Mrs. Laura Ferrell celebrated her seventy-ninth birthday anniversary and a number of elderly friends enjoyed dinner and spent the afternoon at her home. Mrs. Electa Church reached her eightieth milestone and she also entertained a number of old friends at dinner. On the same day I. S. Reed celebrated his eighty-third birthday at his home on West Main street. Miss Kessie Boardley died last Sunday at the home of her niece Mrs. W. C. Wilson, after a long illness. Deceased was born in Canfield Dec. 25, 1836, and consequently was nearly 72 years of age. She is survived by two brothers, Almus and Philo, and one sister, Miss Mary, all of Canfield. Funeral services Tuesday morning were conducted by Rev. D. D. Burt. Burial in the village cemetery. A meeting of those interested in organizing a Board of Trade, whose object is to put Canfield to the front, was held Tuesday night in the office of the Altimo Culture Co. The organization starts with a membership of 25 but that number will be largely increased. A constitution and by-laws were adopted and officers elected as follows: President, W. J. Smith; vice president, C. C. Fowler; secretary, G. W. Wilson; treasurer, D. C. Dickson; board of directors, J. R. Taber, Dr. L. D. Coy, John Bowen, L. A. Manchester, W. J. Dickson, Dr. D. Campbell, G. N. Bough-ton, Aaron Wiesner, E. A. Arnold. Regular meetings will be held on the third Tuesday night of each month. A strange dog believed to be suffering from rabies passed through Canfield Wednesday morning, going out the Salem road. While in the village it bit a dog belonging to Roy Dickson and possibly other canines may have been attacked. A goose owned by Walter Cook was bitten as were six dogs belonging to L. C. Manchester, one for Isaac Clay and one for Fred Cramer. Mr. Clay's sheep were chased by the dog but it is not known that any of them were bitten. The dog continued his way out the Salem road and is believed to have bitten several dogs. At the farm of B. L. Manchester, five miles from Canfield, the dog got among the hogs and one of them gives evidence of having been bitten. Frank Williams succeeded in shooting the dog. His head will be set to state authorities so that it may be determined whether or not he was suffering from hydrophobia. Meaning great care should be exercised in localities known to have been visited by the dog. Hexamethylenestrainine. The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenestrainine is recognized by medical text books and authorities as a uric acid solvent and antispasmodic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious attack. John Taber, Canfield. Fine line of Picture Moulding at Carpenter's. Call and see them.

MUSINGS.

Poor judgment is the blossom and bad luck is the fruit. A girl's cheeks naturally burn when she is made light of. After inheriting a fortune a crank gets to be merely eccentric. The man who gets his price seldom wins the public's applause. All the world's a stage, and nearly all the actors thereon are high kickers. Absent treatment is one of the things that will sometimes cure a love-sick youth. No woman can be very friendly with any other woman whom her husband likes. If any man lives for himself alone it must be because he has found his earthly ideal. Remember that as the guest you get more enjoyment out of it than you would as the host. Did it ever occur to you that the majority of life's real pleasures are comparatively inexpensive? One of the worst things that can be said about love is that so much of it is adulterated with money. A woman thinks a man is extravagant because he would just as soon pay \$10 for anything he wants as \$9.98. If only men without freckles on their reputation should butt into the political game it would be something like solitaire. PENCIL POINTS. When a woman has her hair fixed up she is half dressed. Let's wife may have been peppery before she turned to salt. It's awfully hard for a crooked man to be truly in the straight path. A man may follow his natural bent and yet be perfectly straight. You can flatter a homely man by telling him that his baby looks like him. Many a girl who marries for money doesn't even draw a housekeeper's salary. If you require food for thought go to the public library and get a free lunch. Beauty is only skin deep, but the skin of a rhinoceros is too deep to show it up to advantage. And it occasionally happens that after sowing his wild oats a young man reaps a grass widow. A woman would rather have a man say he loved her and lie about it than have him really love her and say nothing. A spendthrift, like a buzz saw, scatters lots of dust while running around, and has nothing but his board to show for it. POINTED PARAGRAPHS. The best way to kill a falsehood is to let it lie. A man's talk shows up best after a good dinner. If a man is financially weak he's unable to stand a loan. The things that would make a woman a happy look foolish to a man. It's only a matter of time until a white lie takes on a somber hue. Many a man who can't write has made his dollar mark in the world. Never show your dislike unless there is a point to be gained thereby. If a man is a financial success people overlook the means that made him so. It doesn't take a girl long to catch a husband after she begins to pose as a man-hater. The largest sinking fund in the world is represented by the money lost in the sea. Nothing pleases one woman more than being the first to convey a piece of information to another. The average girl treats a new acquaintance better than she does an old friend—the old friend thinks.

QUIPS.

To gain happiness, give it. Remorse is merely indigestion of the conscience. When twins arrive, either of two proverbs are appropriate—"It isn't that Fortune knocks twice at one's door," or "Trouble never comes singly." If you suffer from constipation and liver trouble Foley's Orino Laxative will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Orino Laxative does not grip, is pleasant to take and you do not have to take laxatives continually after taking Orino. Why continue to be the slave of pills and tablets. John Taber, Canfield. Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Remedy operates easily, soothes the stomach, cures constipation. So, ask your druggist for them. Take your watches and clocks to Carpenter's.
