CANFIELD, MAHONING COUNTY, O., FRIDAY, JUNE 17, 1910.

WASHINGTONVILLE LOCAL GLEANINGS

By Peter M. Herold.

The best friend is an atmosphere warm with all inspirations dear, wherein we breathe the large, free breath of life that hath no taint of death.

You are invited to attend the Shelton's Grove camping trip. "Delich" Summerville was here from Wheeling the past week. Bud DeJane came home one day last week with several pounds of cat fish.

The Lxvel brothers have sold their 22 acres of coal land to Geo. B. Baker for \$1,500. Geo. W. Ballantine, wife and daughter Mabel of Leotonia were here Monday in their auto.

The oil well on the Frank Coppock farm is down 1,500 feet and the driller ran out of cable rope. There will be a return wrestling match between Brickie Hughes and Hal Davis in Leotonia Friday night.

There is only one business in this town can afford automobiles, and that is not shoe-making nor blacksmithing. George Senheiser of New Castle spent Sunday here with his wife and son at the home of Charles DeJane and wife.

Thos. Ablett was seriously hurt by a fall of slate in Millville mine about 10 o'clock last week Thursday morning.

Word comes from Cleveland that another son has arrived at the home of Andy Ballantine and wife, formerly of this place.

Mrs. John Carroll (nee Helen Roller) of near Franklin Square was a Sunday guest of the Wilson sisters at the Cottage hotel.

Word reaches here from the M. E. parsonage at Kingsville that a son arrived at the home of Rev. W. E. Hollett and wife last week.

Figures in last week's Dispatch made our gas cost only 5 cents a light, when a cipher should have been added and have it read 50 cents.

A beer glass with a handle was stolen from Sonnie's place Saturday night, and the culprit was quickly run in without man hunters or blood-hounds.

Our base ball team is arranging for two games on the 4th of July, one here and one at Leotonia. East Palestine also wants to play two games here.

Glenn Davis has resigned his position in the Crescent works at Leotonia, after three years' faithful service, to accept a place as machinist in Youngstown.

Leotonia has decreased its tax levy 3 mills, and yet ten and four-tenths mills remain. What that village has lost by going dry Mayor Adams is making up in fines.

Judge L. T. Farr of Lisbon had the degree of Master of Arts conferred upon him at Bethany College last week Thursday. With "Judge" at one end of his name and A. M. at the other, they are not so far apart after all.

The dynamo which runs the pump at Fairview mine broke Saturday evening and J. D. Smith kindly loaned the dynamo at his mine, for it is necessary to keep the pump going all the time at Fairview so that the miners will not be drowned out.

Rev. D. L. Clark preached a sermon in the M. E. Church Sunday night upon the biblical grounds for holding campmeetings. They are called the "feast of tabernacles," and will commence at Shelton's Grove August 11. A ladies' quartette will furnish the music.

A suit for the sale and a division made of the property left by the late Jonas Slagle, of Green township, has been filed in Mahoning county common pleas court by Solomon R. Slagle, against Laura N. Johnson and others. The property is two tracts of land. An order of sale was granted by Judge Rogers on Thursday afternoon and S. R. Slagle was appointed special master. The proceeds will be divided under the terms of the will.

Peter McCave of Gettysburg was here Saturday working up interest in his interurban line from Youngstown to East Liverpool via Washingtonville. Mike Higgins' and Dennis O'Connor's 5 and 10 cent stores were solicited to take stock and they have the project under advisement to learn whether the stock will bear watering.

This road goes away with power houses, trolley wires, bonded rails, etc., and the only motive power now in Mr. McCave's mind is gasoline motors.

John Baghurst, who recently came here from England and visited the home of his uncle and aunt, Thos. McIntosh and wife, secured employment in the W. H. Mullens' works in Salem. Friday afternoon he had the misfortune to be seriously injured in his left hand and arm while working in the press room. It appears that he was working near a buzz saw when in some unaccountable manner his arm was caught in one of the wheels with the result above stated.

Commencement exercises passed off Thursday night in accordance with the program published in these columns last week and to the satisfaction of the management. The graduates were equal to the classes of former years. Dana's orchestra furnished the best music we ever had here for commencement. They entertained the gathering crowd for a half hour before the commencement exercises began, but as they had to leave on the 10 o'clock car in order to reach Warren that night, Prof. Geiger was crowded for time in his class address and could not do himself full justice. Prof. Freed delivered his farewell address to the school and pathetic remarks to the graduates. The evening was incident, no reserved seats were sold, and the low price of admission reduced the receipts to \$19 for a full house. Had the general admission been 25 cents instead of 10 cents the audience would have been the same and the receipts more satisfactory.

There is a well founded rumor that the Cherry Valley Iron Co. will build 100 coke ovens in Shaktown and that a railroad siding will be laid from here to the furnace. The land about the furnace is well stocked with pig iron and raw material, and ground near the old slate dump is the most available for coke ovens.
