REPORT CARRANZA READY TO QUIT

Charges Made by Political Opponents That the First Chief is Preparing to Leave Mexico.

Washington, Oct. 25.—Hard on the heels of the news that Pancho Villa has arrived at the outskirts of Chihuahua City and that the populace is fleeing in a panic comes the unconfirmed report that Gen. Carranza, provisional president of Mexico, is preparing to quit the republic.
Charges that Carranza is ready to leave are being freely made by his political opponents in Mexico City. They are based upon his announced decision to quit his capital for Queretaro and the fact that Mrs. Carranza already has crossed the border in the United States, accompanied by the wife of her husband's war minister and chief supporter, Gen. Obregon.
Information to this effect is reaching officials here from various reliable sources. So far nothing tangible tending to support the story has come through official channels.

Political Blunder.
It is known, however, that many officials here believe Gen. Carranza has committed a political blunder at least, if he is not in fact preparing for flight, by permitting his family to leave Mexico at this time. The trip, they say, was certain to be construed by his enemies as a confession of weakness.
The purpose of the visit of Mrs. Carranza and Mrs. Obregon, as explained at the Mexican embassy, is for a tour of the United States.
The state department has not received word that Gens. Carranza and Obregon have left Mexico City for Queretaro. Previous advices, however, said that the first chief would go to that place in connection with the meeting of the constitutional convention, for which delegates were elected last week. This is the only explanation obtainable here for Carranza's departure from his capital.
Persistent reports that Carranza was about to leave Mexico have been in circulation along the border for some time. It is not known that the American military authorities have been able to gather any definite information in regard to these reports outside of the coming of Mrs. Carranza and Mrs. Obregon.
Saw Hold Weakening.
Many war department officials have privately expressed their conviction, however, that the de facto government, or at least Gen. Carranza's personal control of the political situation, is growing steadily weaker. They have anticipated that the time might come soon when he would be forced to leave Mexico.

Confirmation of the report that Villa has reached the outskirts of Chihuahua City and of fighting in the suburbs between Villa's men and Gen. Trevino's command was contained in a dispatch received by Gen. Funston at San Antonio from Gen. Bell, commanding at El Paso. Gen. Bell's report is understood to be based on information from Gen. Pershing. Information has reached army circles from several sources that Gen. Trevino is short of ammunition.
Reports received by United States agents say Villa is receiving recruits from Sonora, Durango and Coahuila, but is unable to arm and equip them.
In direct contradiction to reports that the Carranzistas are not in shape to fight is the statement, made by Andreas Yarcia, inspector general of Carranza consulates in the United States, to the effect that 12,000 Carranza troops are to be sent north at once to take part in the campaign against Villa.

BURIED ALIVE, RESCUED
TWO MEN TRAPPED BY SEWER CAVE-IN TAKEN OUT AFTER TWO HOURS' WORK.
Cleveland, Oct. 25.—Pinned by broken planks and buried up to their necks in loose soil, two Syrian excavators directed their own rescue when they were imprisoned nearly three hours after a sewer trench cave-in in Bratenahl.
The planks that caused the cave-in also saved the lives of the two men. The broken timber formed an arch that left an air space and enabled the prisoners to carry on conversation with the rescue party during the two hours and 45 minutes it took to liberate them.
Attempted Robbery Fails.
Millersburg, O., Oct. 25.—Burglars attacked the Holmesville bank, five miles north of here, and tore the outer safe to pieces, but failed to break the strong box and got nothing. Posses are on the trail.
Will Discuss Hog Cholera.
Findlay, O., Oct. 25.—A meeting will be held at Columbus Grove, Nov. 1, to take action to aid in the fight throughout the state against hog cholera.

when you replace the old stove with
Cole's Original Hot Blast
Because It Gives—
—Even, steady heat day and night with little attention, instead of the hot and cold changeable results of the old stove.
—The sizzling base heat makes floors warm and comfortable for the baby.
—A warm breakfast room and early morning comfort by simply opening the hot blast fuel-saving draft on the coal put in stove the night before.
—Cleanliness and fire-holding results not excelled by any base burner selling at twice its price.
These results give healthy, rosy cheeks to the children and happy hearts to the parents.
Besides all this, the guaranteed fuel saving soon pays for the stove. Burns any fuel—hard coal, soft coal or wood.
