COMING AND GOING

Mr. and Mrs. C. C. Neff spent Tuesday in Youngstown. O. J. Messerly of Green township was in the village Wednesday. Mrs. Lydia Wallace of Salem is here visiting her nephew, P. F. Myers, and family. F. A. Eckis of North Jackson mingled with Canfield friends Tuesday afternoon. Mr. and Mrs. Irvin Harmon of Berlin Center were in town Saturday morning. Mrs. Emily Shingfield and F. J. Church spent last Saturday in Youngstown. Mr. and Mrs. M. J. Welsh of Youngstown spent Sunday with Almon Eastman and family. William Keen of Ellsworth favored the Dispatch office with a call while in town Tuesday. Miss Lucy Ruggles has returned from Youngstown where she spent a few days with relatives. Mrs. Ella Tate and daughter, Mrs. Herbert Van Arsdale, spent Tuesday afternoon in Youngstown. Miss Alma Mead of Cleveland visited the past week with C. H. Hine and family, west of the village. Frank Williams of Chicago visited here the latter part of last week with his father, James Williams. Mrs. W. P. Hollister spent a few days this week with old friends and neighbors in East Palestine. Mr. and Mrs. Carl Eidenour of Vandergrift, Pa., are here visiting Mrs. Ella Tate and other relatives. C. H. Hine, who resides west of the village, was confined to his home by sickness several days the past week. Mr. and Mrs. Marcellus Zedaker of Poland visited Tuesday evening at the home of Dr. Campbell on Broad street. P. F. Myers, J. C. Starr, Joe Engler and H. W. Corll were among the Canfielders in Youngstown Tuesday afternoon. Mrs. W. A. Cronk, who was quite ill for a number of weeks, is now up and around and steadily regaining strength. O. B. Moore, general manager of the Smith-Backmann Machine Co., returned Tuesday night from a business trip to Wisconsin. Mrs. C. M. Sonedecker returned home to Pittsburgh Monday after a short visit with her parents, Dr. and Mrs. J. M. Kendig. Miss Ethel Lehman, teacher in the Greenford schools, visited here last Saturday and Sunday with her brother, H. A. Lehman. Michael McCoy of Lisbon visited here the latter part of last week with his aged mother, Mrs. Mary McCoy, and other relatives. John Follweber of Boardman visited Canfield relatives and friends last Sunday. Mr. Follweber has enlisted in the navy and expects a call to the colors any day. L. D. Strook of Youngstown, for many years a resident of Canfield, is in very poor health and it may be necessary for him to undergo a surgical operation. Mr. and Mrs. R. A. Burky on Tuesday removed from their farm north of the village to a home recently purchased in Berlin Center. W. Corll expects to move into the residence on the Burky farm. Henry Clay and Miss Caroline Toot, who spent several months in Akron with the former's daughter, Mrs. Nellie Wilson, returned home the latter part of last week, accompanied by Mrs. Wilson who came for a short stay. Amos Mellinger and little son of Lynhaven were in the village last Saturday afternoon and favored the Dispatch office with a call. Mr. Mellinger badly cut his hand several weeks ago and the injured member still gives him considerable trouble. Mr. and Mrs. C. H. Neff arrived home the latter part of last week from Florida where for some time they had enjoyed the sunshine. They had expected to visit Cuba, but having failed to secure passports were not permitted to do so. Allen Flickinger, assistant cashier of the Farmers' National Bank, went to Cleveland the latter part of last week and passed the physical examination for the navy. He enlisted some weeks since as an apprentice seaman. Just when he will be called for service is not definitely known, but it will probably be very shortly. Sergeant Major Irving H. Hine, son of Mr. and Mrs. C. H. Hine, who was called to the colors early last September and has since been stationed at Camp Sherman, made application for transfer to the aviation branch of the service and last Friday went to Cleveland and was given a most rigid examination which lasted several hours. He met every requirement and expects to be called shortly to an aviation camp to begin training.

W. S. STAMP CANVASS TO COVER THE STATE "Blue Post Card" Solicitors Will Visit Every Home.

Columbus, O.—(Special)—Solicitors for United States War Savings and Thrift Stamps will canvass every house in every section of the state under operation of plans being worked out by local War Savings organizations through the state committee. These solicitors will be enrolled locally from volunteers among school children, mail carriers, boy scouts, insurance agents, women's organizations, labor unions, churches and all War Savings societies. Use is being made of the government's "Blue Post Card" in conducting the house-to-house canvass. It is, in effect, a collect on delivery plan. These cards bear, on one side, an order on postmasters to have letter carriers deliver to the subscriber, on any specified date, whatever amount of War Savings or Thrift Stamps may be desired. Delivery and collection will be made by the mail carriers. Those who are so collected are informed to pay nothing to the solicitors, but to have the money ready to deliver to the postman when the stamps are presented. After the "Blue Post Card" order has been executed, the order cards will be turned over to the county chairman by the postmaster, thus furnishing an accurate record of the sales made in a given community in this manner. Volunteer your dollars, lest they be drafted by the Kaiser. Buy War Savings Stamps.

DAILY W.S. STAMP QUOTA \$290,400

If Ohio is to "Go Over," Distribution Must Equal \$3.53 Per Second. Columbus, O.—(Special)—Ohioans must buy United States War Savings and Thrift Stamps at the rate of approximately \$3.53 per second during all of 1918. If the \$108,000,000 quota for the state is to be passed. Daily sales must equal \$290,400 or the state will fall short of its allotment. With a per capita quota of \$20, it is obvious that every man, woman and child in the state must put forth some particular effort to insure the success of the government's campaign in Ohio, the Ohio War Savings committee explains. Some individuals will be forced to buy more than their proportion of stamps to meet the deficit occasioned when his neighbor fails to respond to the nation's request. Reduced to hourly terms War Savings and Thrift Stamps worth \$12,100 must be sold each 60 minutes of 1918; every cycle of the minute hand on your watch must see sales amounting to \$202.

LEADS IN W. S. S. AGENCIES.

Lima, O.—(Special)—With one authorized sales agency to every 72 of population, Allen county holds the state record for number of agencies accepting responsibility for distribution of War Savings and Thrift Stamps. The treasury department has asked that one authorized agent be established for every 200 of population. Help buy a shell; do your part and do it well. Buy War Savings Stamps. Boy Scouts Buy W. S. S. Woodsfield, O.—(Special)—In one month members of the Boy Scouts War Savings society of this city bought \$624.75 worth of War Savings and Thrift Stamps. This society is the first of its character organized in Ohio by Boy Scouts.

Idle Money

Is like an idle horse or automobile or anything that doesn't produce something. To buy a first mortgage, on good real estate, makes that idle money start to work at once and it will produce 7 per cent. too. For instance a \$2,000 mortgage will turn a profit of \$140 annually—payable every 6 months. Security absolutely sound and safe—you just receive the full amount of interest that is payable at a Youngstown bank—you get it all—no risk, no trouble, no expense, no "divvy" with any one—you just start your lazy dollars to work. Why don't you look into this investment—remember it's a first mortgage on improved Real Estate, too. Call or write for information. MORTGAGE DEPARTMENT

Mother's Cook Book.

War Time Dishes. A two-pound cut of short ribs cooked in a kettle as stew with a bunch of carrots put around it while cooking and about twenty minutes before meat drop in a few potatoes to cook, the meat seasons and flavors the carrot and the carrots sweeten the meat. The broth may be saved and used for soup, adding an onion, a tablespoonful of rice and egg noodles or any vegetables set over from a previous meal. Cut up a tablespoonful of parsley in the soup just before serving.

ROUGH ESTIMATE.

Bread Crumb Bread. Take two pounds of left over bread, crusts, or rolls, soaked well in plenty of water then squeeze out and pass the mixture through a sieve to make it fine grained, add two tablespoonfuls of molasses, a half teaspoonful of salt, and a half cupful of home made yeast, knead in flour until well mixed, let rise, mold into loaves and bake. Save sugar in cooking rhubarb, cranberries by adding the sugar after the cooking and using a little corn starch for thickening, cook well after adding the corn starch.

Save all fats, the reason they are so scarce and so necessary is that explosives are made of glycerine and glycerin is made of fats. Save on butter, by using oleomargarine or any vegetable butter.

Save on coffee, by using instant coffee. Some people never believe in putting off till tomorrow the things they can put off indefinitely. Say you saw it advertised in the Dispatch.

A THRIFT LOAN IS NOT A GIFT.

When you buy a War Savings Stamp what you do is to forego for the present the use of the money it costs. That money comes back to you in five years with interest at 4 per cent, compounded quarterly. You do not give your money away; you simply place it at the disposal of your government in an hour of need. And, remember, these stamps when attached to a War Savings Certificate are precisely like the bonds of biggest denomination—they are secured by the whole resources of the United States. There is no safer security in the world.

TO SAVE GASOLINE

An Automobile Expert Tells How Fuel For Motors is Wasted. We are learning that there is no act of our daily lives which cannot have a patriotic angle the way we run our automobiles, for instance. Here, luckily, patriotism and pocketbook protection go hand in hand. It is patriotic to save gasoline, and it is practical economy, too. It is safe to say that nine out of ten automobiles use more gasoline per mile than is necessary. Running the engine idle. Having the carburetor adjusted for "rich" mixture. Brakes improperly adjusted so that they drag, and more particularly springs, insufficiently lubricated. Tires insufficiently pumped up. Engine not cleaned of carbon often enough. Engine not kept clean of carbon with weekly doses of kerosene. Running under power when gravity and momentum will run the car. False economy in lubricating oil. Cooling system out of order. No one of these causes wastes much gasoline. But all together they may make a difference as great as 25 per cent in gasoline mileage. If one-fourth the cars in America saved 25 per cent of gasoline enough would be conserved to supply all we shall need to send abroad during the war.—Woman's Home Companion.
