

HOME HAPPENINGS

As was to be expected the influenza ban has had the effect locally of slowing up business. The Canfield Gas & Electric Co. is preparing to drill another gas well on the Dickson farm, east of the village. County Road Superintendent E. S. Smith is making plans to have many miles of macadam road in this county laid the coming spring and summer. The influenza ban is still on in Canfield and no one knows how long that order will continue. Only a few new cases have been reported the past week. The board of county fair managers met in Canfield Wednesday and revised the premium list and made plans for the big fair to be held here next fall, the dates being Sept. 9, 10 and 11. The groundhog had every opportunity to view his shadow last Sunday, which means, of course, six weeks more of winter. But we can stand that much more winter of the kind we have had. The Mahoning County Agricultural Society is a member of the North-eastern Ohio Racing Circuit which met in Youngstown Monday and discussed the speed program for fairs in the circuit next fall. Mayor Basinger requests the Dispatch to call attention to the fact that roller skating and the running of coaster wagons on the sidewalk on the west side of Broad street is prohibited and that riding bicycles on any sidewalk is not allowed. Hereafter offenders will be called to account. Complaint is made that for some considerable time graves have been appropriating flowers placed on graves in the village cemetery, along with wreaths, ribbons and ornamental baskets in which flowers were placed. A determined effort is being made to learn the identity of the offenders that they may be prosecuted. At the meeting of Council Monday night Solicitor Ziegler was instructed to prepare an ordinance declaring it necessary to improve Lisbon street, the chicken ordinance was amended so as to cover the entire year. It was the sense of members that an ordinance requiring that dogs be kept off the streets should be enacted and the matter will come up at the next meeting. Miss Pearl L. Wilson, daughter of Mr. and Mrs. W. C. Wilson, and Clarence W. Weber of Youngstown were united in marriage at the home of the bride on Lisbon street Tuesday evening at 8 o'clock. Rev. W. P. Hollister, pastor of the Presbyterian Church, performing the ceremony in the presence of the immediate families of the contracting parties. The young people, who have the best wishes of many friends, will reside in Youngstown. L. T. Peterson's palatial residence on the Canfield-Ellsworth road, about 3 1/2 miles west of the village, was discovered to be on fire about 5 o'clock Tuesday evening. The Canfield Volunteer fire department quickly responded to a call for help but the blaze had been extinguished before it arrived. The fire originated from a chimney spark which landed in a parrot nest in the cornice. Not much damage was done. The Peterson home is the most elaborate in Ellsworth township. It was built by the late G. W. Harding. Horticultural Meeting. The annual meeting of the Horticultural Society will be held in Greenford grange hall at 10 a. m. Thursday, Feb. 13. Officers for the coming year will be elected and the committees will make their report. Everyone is cordially invited to attend and bring their basket. Program Music. Planting an Orchard—F. W. Calvin. Pruning an Orchard—D. R. McConnell. Best Method of Growing Tomatoes, Staked or Unstaked—W. G. Cope. Discussion. The meeting will be held at Greenford on account of the flu ban in Canfield. We anticipate a large attendance because of the election of officers and splendid program besides we are planning some very extensive work for this year. Everyone is cordially invited to attend whether they are members or not. Those who have not paid their dues for 1919 are requested to pay them at the meeting. M. B. TEMPLIN, Secretary. SURE WE CAN DO IT. Some folks seem to think that Uncle Sam is going to have trouble this spring in floating his Victory Liberty Loan of \$5,000,000,000. That now that the war is over, all are signing the peace treaty, public support is going to waver on the way to the bond counter. But don't you believe it. The great American public, which means of course nothing more nor less than the American people, are going to finish the job. They've been behind Uncle Sam every minute. They're behind him right now. They're going to be behind him until the last nail is driven on the coffin of Kaiserism. Until democracy is really safe for the world. It took just three weeks in the Fourth Liberty Loan for these same folks to subscribe something like \$500,000,000. And it wasn't such great shakes as an effort at that. They have bought something like \$17,000,000,000 worth of Liberty Bonds since the war began about 18 months ago. Let no one have gone broke in the performance. We cannot fall down this time. We will not. PRESBYTERIAN TAKE NOTICE During the time of the influenza ban, contributors to the Presbyterian church, will kindly take their envelopes, properly filled to F. A. Morris' drug store or to J. I. Manchester at the Manchester Hardware Co. Remember the church year ends March 21. The Trustees. \$25.00 REWARD A reward of \$25 will be paid for information leading to the arrest and conviction of the parties who have been guilty of stealing flowers, ribbons and flower receptacles from graves in the village cemetery. By Order Cemetery Trustees. Cy-Bill knows—ask them.

NEIGHBORHOOD NEWS

The Ohio Senate passed by a 20 to 7 vote, the Archer bill which provides that a personal damage suit must be brought in the county where the accident occurred. The bill now goes to the house. It beats all how often the 17 year locust is scheduled to appear. The insect was here in 1880, in 1897 and again in 1914. In some sections there were great numbers of them in 1914 but they didn't stay long nor is it a matter of memory that they did much damage. The agricultural department says the locust will visit 21 eastern states the coming summer, including Ohio. There is nothing to do but to let him come and stay until he packs his grip and moves away.

EXPRESS APPRECIATION

Editor Dispatch:—I would like, very much, to express my appreciation through your paper to my neighbors and friends of Canfield and Ellsworth for their valuable assistance at the fire in my home on the Ellsworth road. The manner in which this emergency was handled would do credit to any well organized fire department. In fact a disastrous fire was averted by good level headed work. With many thanks to those who so kindly responded to the call for help and assuring all that I will be glad to reciprocate at any time, I remain, L. T. PETERSEN.
