

HOME HAPPENINGS

The Canfield Motor Co. is having a well drilled. Lincoln's birthday Saturday and St. Valentine's day next Monday. Parkview Rebekah lodge has arranged to give a dance in town hall Valentine night, Feb. 14.

With frequent rainy days weather conditions in this latitude are more like spring than mid-winter. Westminster Presbyterian Guild met Wednesday night with Mrs. R. D. Fowler at her home on West Main street.

The Dispatch is always glad to receive items of local news, but they must be turned in while they possess news value.

In common with other banks, the Farmers National bank of Canfield will be closed Saturday, Lincoln's birthday being a holiday.

Messames Edwin and Sylvester Arnold entertained the Stitches Club at the home of the former on South Broad street Tuesday afternoon.

The Canfield Gas & Electric Co. has been making changes in gas meters about town, some of them showing defects not profitable to the company.

The chicken dinner served by the Presbyterian church ladies last Friday night was enjoyed by a considerable number of people. The receipts amounted to \$110.

Last Saturday evening Mr. and Mrs. B. M. Powers entertained a company of friends at their home on East Main street, the occasion being greatly enjoyed by all participants.

A large audience in college chapel Wednesday night greatly enjoyed the interpretation of "Evangeline" by the sixth and seventh grades of the main school, under the direction of J. E. Carmine.

The primary and intermediate grades of the Canfield schools will give a Washington program in college chapel, Friday evening, Feb. 18th, at 8 o'clock. Admission 15 and 20 cents. Proceeds to be used for Reading Circle Books. You are invited.

People who find it necessary to travel by rail may pay an increase in fare of 20 per cent or 3 1/2 cents a mile, as compared with the previous straight 3 cents a mile. In the "good old days" the fare from Canfield to Cleveland was \$1.40; now about \$2.60 is exacted.

Last Sunday Sheriff Morris and Federal Officers Brown came to Canfield from Youngstown and unearthed an illicit still and a quantity of raisin jack. Dilaena Kensky, who not long since moved to Canfield from Youngstown, was taken into custody charged with illegal possession of intoxicants.

At the meeting of Council Monday night a resolution was adopted authorizing the construction of a brick pavement on Lisbon street from the postoffice corner to the borough limits. The resolution is printed elsewhere in this paper. Steps were taken some time ago to have the road macadamized for the third time but that plan was abandoned when the county commissioners agreed to assist in paying for a brick pavement.

About 10 o'clock last Saturday night an automobile owned by Mr. Doolittle of Akron and occupied by three young girls and three boys was forced to stop on the Canfield-Ellsworth road, three miles west of Canfield, because of a farm wagon and team blocking the road. Two men impersonated federal officers and insisted on searching the automobile for liquor, one of the girls and one of the boys were taken into custody and the car was impounded. The team and wagon were also taken to Youngstown. The team and wagon are owned by a Canfield man who claims he did not know for what purpose they were to be used. It appears the cider was purchased in the fall of an Ellsworth township farmer and the moving of it had been delayed until it had kicked in it, an analysis showing 7 per cent alcohol. Ford and Yeager were released on bail for a hearing later.

BOYER COMMUNITY CLUB ENTERTAINMENT The Community club of Boyer district, Beaver, inaugurated the social season Monday evening in the old Boyer school house, in presenting an entertainment which was thoroughly enjoyed by a large and appreciative audience. Those present never before realized that such high class talent was obtainable from among those whom they came into contact with daily. Each and every one enacted the role assigned in a very creditable manner, and great praise must be given to Glen Bertolotto, who drilled them.

The opening number, a short playlet entitled "Borrowing Trouble," was a scream from start to finish. Worthy of mention was the splendid characterization by Mrs. Clark Fitzpatrick. The intermission between the first and second part was taken up with singing and recitations. Humor was displayed by Homer Schaeffer.

"Fun in a Photograph Gallery," constituted the second part, which consisted out to be a rapid-fire dialogue which kept the crowd in an uproar to the finish. Mr. Bertolotto closed the evening's performance by rendering a well known ballad in a very pleasing manner and answered the encore with a laughing song.

NEIGHBORHOOD NEWS A great many people fondly imagine that if they are honest, pay their debts, and do not speak disparagingly of other people that they are among the mainstays of the town. But such is not always the case. Honesty and a careful mouth are always to be commended but this town needs more than that. It needs citizens who will go out of their way to do something for the town, who will labor to better local conditions, who will do their best to bring new people and new industries to our community. Such people as these are in reality the mainstays of a town.—EX.

Five bandits visited the Y. & O. passenger station at Leontonia early Monday morning and after overpowering agent Clyde Frankfort and watchman Wm. Bincham, blew the office safe and secured \$1000. Later they robbed stores in Leontonia, concealing the loot in box cars where most of it was recovered. The Washingtonville Erie station was also broken into but nothing of value secured. A car was broken open and merchandise taken. Three men were arrested in Youngstown Monday on suspicion and one of them was positively identified by Frankfort as one of the bandits. The men were taken to jail in Lisbon.

Louisville Herald: Frank Sluss of Louisville, is a pioneer in the rural mail delivery service. He began his duties as carrier on Route 1 November 1, 1900, and has been on the job steadily ever since. Mr. Sluss figures that during this time he has traveled about 200,000 miles, or more than eight times around the globe. Mr. Sluss had one horse which covered upwards of 95,000 miles in the service, and when it grew old and stiff he humanely put it to sleep. McKinley Schlott, who is soon to quit as carrier on Route 3, has been in the service 11 years and six months. He has traveled about 86,000 miles.
