The great engines of the body worn out, refusing to perform their natural function. The cause—disease, dissipation, overwork. The result is inability to nourish, build up, maintain. The end—a suspension of all faculties, a collapse, death, and from that which is very similar to starvation. In such cases follow Dr. B. Bush Field's, of Easton, Pa., advice, administer

Bovinine

He says of it; "While prison physician I used it not only the weakened by disease, but those whose previous lives of exposure and neglect had completely broken down their constitutions. The results were always most satisfactory." Bovinine will create strength, enrich blood, make flesh and nourish generally in all cases of exhaustion and debility. Physicians the world over endorse it as a food stimulant.

ILLINOIS AND WISCONSIN TOO.

In the elections on Monday, Ohio and Michigan show by the returns that they will be debatable ground for the presidential struggle. States that only recently gave ninety and a hundred thousand Republican majority now wheel around, the Democrats capturing nearly all of the municipal offices in a large majority of the cities. And now comes Illinois and Wisconsin, which held their spring elections on Tuesday of this week, and the Democratic victories there are as pronounced as in Michigan. The Democrats are waking up all over the country. No doubt that local causes were partially responsible for the Republican defeats in the spring elections, but the course of the "do-nothing congress" had as much to do with it as anything. The people want parties to either "govern or get out" when they get to Washington. They want business done there on business principles and by business methods and they stand ever ready to smite the party that indulges in "boy's play" and mockery of legislation. The Democratic party is sure to profit in the presidential election by the "do-nothing" policy of the present Republican Congress.

In the state of Illinois the Democrats make substantial gains all over the state. The vote in Chicago shows a Democratic gain of 23,000 over last year. The election in Joliet resulted in substantial gains for the Democrats. Where everything the past two years has been overwhelmingly Republican, the Democrats carried the head of the ticket by 443 majority, and captured one or two other offices on the ticket, besides cutting down the Republican majorities in every precinct. The result in Vandalia has been very gratifying to the Democrats, and a large Democratic gain. At Warsaw, the Democrats gained a sweeping victory, carrying every office for which they contended and gaining two aldermen and town clerk. At the election in Salem for township officers, the entire Democratic ticket, with the exception of commissioner of highways, was elected. Last spring the entire Republican ticket was elected. At Rock Island the city election resulted in an overwhelming victory for the Democrats, contrasted with the contest last spring, when the Republicans swept the city by 1,300 majority. Tuesday the Democrats elected aldermen in four of the seven wards, by comfortable majorities. At Galena, the home of Grant, the Democrats scored a brilliant victory. At Freeport, Ill., the Democrats elected their whole ticket, from top to bottom.

In Wisconsin the Democrats make great gains all over the state, although not as substantial as in Illinois. The greatest surprise to the Republicans was in Milwaukee, where the Republican candidate for mayor gets through by a scratch. Milwaukee has not had a Democratic mayor for over six years, ex-Governor Peck being the last one. The fact that the Democratic gain in Milwaukee is over 10,000 has demoralized the Republicans. The election of the Republican ticket, however, is almost tantamount to a Democratic victory, and the managers of the Democratic campaign are very jubilant. At Keaukeau, Mineral Point, Mayville, Chilton, Fond du Lac, Jefferson and many other places the Democrats elected their city tickets.

A REPUBLICAN PAPER MISFORMED.

COMMENTING on the election results the Canton News-Democrat says: "It is no small thing to cut down the usual Republican majority at Alliance to substantially nothing." To use a phrase of the day, "Come off!" Wipe the dust off your glasses and look at the returns. Last fall the plurality for Bushnell in Alliance was 570. Last Monday there were six Republicans elected on the city ticket. With a smaller vote than last fall, their average plurality was 506.—Alliance Review.

Our information that the usual 700 Republican majorities in Alliance were cut down to about 100 was taken from the Pittsburg Dispatch, a Republican paper. It is not the policy of the News-Democrat to misrepresent the Republican majority in Alliance or in any other city. We are running a newspaper, and not an organ.

OUR INCREASING EXPORTS.

There is a marked increase in the exports of American manufacturers in spite of all the twaddle in the Republican newspapers about the Wilson tariff law, which is not yet two years old. The exports of this class of merchandise from the United States in February, 1895, were \$12,221,895 out of total exports of \$54,909,944, while the manufacturing exports of February, 1896, were \$17,365,164 out of total exports of \$76,383,848. The exports of eight months ending with 1895 were \$116,828,908, in manufactured articles out of gross exports of \$559,340,519. The corresponding figures for 1896 were \$144,067,836 for manufacturers, out of a total of \$590,287,053. The percentage of manufacturing exports to gross exports for 1895 was 21.26 and for the same months of 1896 was 24.41. These figures hardly suggest that paralysis of business Republican orators prate about so tirelessly.

The Talmadge tragedy is another evidence of how officers may be mistaken in connecting a man with crime. Anson B. Strong, an ex-convict, was arrested on suspicion and confined in the Summit county jail to await trial for the murder of the Stone family and Ira Stillson. Excitement ran high and Strong came near being sent over the Jordan river by the inflamed anger of a mob. It now

turns out that the fiendish murder was committed by one Rowland Cottell, alias John Smith. A good bit of credit is due to the fine work of the detectives in getting at the right man for it is more than probable that Strong would have suffered long incarceration and possibly death for the crime of another.

MORE GOOD NEWS.

The great Democratic gains in Ohio on Monday were supplemented by still larger Democratic gains in the state of Michigan.

At Saginaw a most brilliant Democratic victory was achieved, in which a Democratic mayor and city ticket was elected by 1,500 majority.

At Niles the most fiercely-contested election ever held took place, but the Democrats triumphed with signal majorities.

The Democrats carried the city of Holland with a whoop. The Republican majority is 400, but the Democrats carried their ticket by safe majorities on a vote 300 larger than ever polled before.

At Adrian, there was a great Republican slump, the Democrats electing their mayor and all the important offices.

There was a great change in public sentiment at Battle Creek. The Democrats elected their mayor where last year the Republican mayor was elected by 800.

Potosky follows up the list by a great Democratic victory, electing their mayor and council, and getting all the city patronage.

The Democrats scored the greatest triumph in Pontiac's history at the city election. The city has always been Democratic, but Monday's election was a signal victory. The Republicans carried only one ward. The entire city ticket is Democratic.

Grand Haven and Flint are also in the swim, each electing a Democratic mayor by handsome majorities.

THE CUBAN SITUATION.

After many days, the House has passed, by an overwhelming vote, the Cuban resolutions reported by the conference committee.

It is known that the President has cherished sympathy for the Cuban cause, and the administration has given close attention that no opportunity be lost to do everything that could be done justly and under diplomatic rules and international law, to bring the struggle to a close, and there is little doubt that such a course will continue to be followed. It is doubtful if this action of the House in itself, will furnish further opportunity any more than similar action aided President Grant during the ten years' Revolution.

Meanwhile the insurgents' cause seems to be gaining rather than losing ground. General Weyler has failed ignominiously to bring about the results that he so bombastically promised.

The Cubans have continued their sort of warfare with even greater success than against General Campos, and they have secured at least some reinforcements in the line they so much needed, arms and ammunition. They have practically secured and held possession of nine-tenths of the actual area of the island. The outlook for Cuban victory is better than ever before, and all of it has been deservedly earned.

COMPULSORY VOTING.

General Wylie, of Wooster, made a determined fight to get a bill through the legislature which compelled electors to vote at any municipal, county, state or congressional election unless prevented by sickness, death in the family or other unavoidable casualty under a penalty of \$10 to \$100 fine. General Wylie takes the patriotic ground that the state had the right to demand this just and reasonable service from her sons just as much as she had the right to demand their services and lives in time of war. He believes that the dangers threatening the country are more largely due to neglected duties of citizenship than to any other cause. Though Wylie's bill has been defeated a bill of this kind should in the near future, become a law. It would sound the death knell to the hoodlums who sell themselves to remain away from the polls. A similar law was passed in Missouri and it works satisfactorily. In that state the fines are paid into the school treasury. The first year the fines were enormous for the hoodlums believed that the law was only a dead letter on the statute books, and they paid no attention to it. But when prosecuting attorneys began to enforce it they reported at the court house for jury duty. Another good feature about such a law is that it would do away with men, teams and committees around the polls on election day.

WHERE BEST KNOWN 'TIS LEAST WANTED.

The decline of Populism in Massillon, the home of Coxe, is worthy of more than passing comment.

It has been annihilated—has gone like a shadow.

Only 43 votes were cast for the Populist candidate for Mayor in Massillon this spring—scarcely more than the immediate workers in the various enterprises controlled by Coxe in that place.

These figures tell their own story—the fanciful and often fanatical theories of Populism are discarded and disowned in the place of their creation.

Where was the best opportunity to study them, there have they first fallen into deepest disgrace.

tendency to decrease capital crimes in the state, remains to be seen.

Electrocution is by all odds a neater and more respectable way of dispatching murderers than hanging. It is devoid of that brutality which sometimes attends a hanging, especially when murderers die from strangulation.

THE MASSILLON INDEPENDENT SAYS THAT IN MASSILLON WHERE THE POPULIST VOTE WAS ONCE MEASURED BY FIVE OR SIX HUNDRED, IT HAS DIVIDED TO LESS THAN 50.

Yet the People's party, through its Mr. Coxe, is spending more money to "educate the people," than both of the older parties put together.

THE RISE AND FALL OF THE POPULIST PARTY.

The most serious drawback that the Democrats have had to contend with for the past two or three years in this city and county was the Populist vote. When the depression came on, they managed to get a foothold in this county. Such men as Coxe, Carl Brown and C. W. Tate, the latter two of which could not successfully manage a small blacksmith shop or a peanut stand, were brought here to discuss the financial question.

What they did not know about finance and the financial management of this great nation was not worth knowing. The greatest minds of this and every other nation have been devoted to solving the perplexing and knotty questions of national financial management. Many have made it the study of their lives. But these men, unlettered and untutored, would solve the most vexatious problems therein, with a readiness, ease and glibness, that astounded one.

The unthinking multitude fell an easy prey to these agitators. No matter how peacefully and contentedly a man may have lived in this country year after year, these chronic grumblers would find a grievance for him, and prove it by their own peculiar tracts and arguments. They scattered an immense amount of Populist literature throughout the county that was a marvel and a revelation to the uninitiated. In it, men were vilified who deserved naught but praise. Men were praised who merited only contempt. Speeches and writings were distorted, misinterpreted and misrepresented to deceive the people. But as Lincoln said, "you can't fool all the people all the time." It is when those who were hoodwinked see how their parties, and especially the Greenback and Populist parties, are offered by conscienceless agitators and political mountebanks that they begin to leave it by the hundreds.

Such is the condition of the Populist party today in this county, and it has simply been ground to powder by public opinion at the ballot box.

To show you how such parties rise and fall we herewith append the vote of the old Greenback party as compared to that of the Populist party. The panic in the seventies brought about the Greenback party just as the recent business depression brought about the Populist party. Following is the vote in Stark county of the Greenback and Populist parties:

Table with 4 columns: Greenback Vote, Populist Vote, Greenback Vote, Populist Vote. Rows show years 1872-1880 and 1890-1896.

Now, look at the rise and fall of the Greenback and Populist vote in this city:

Table with 4 columns: Greenback Vote, Populist Vote, Greenback Vote, Populist Vote. Rows show years 1872-1880 and 1890-1896.

It will be observed that the high water mark for the Populist vote in this city was in the fall of 1894, when they polled 1,492. At the next spring election, in 1895 it fell off 500 votes. At the fall election in 1896, it fell off about 300 more. At this spring election it fell off 400 more. It cannot fall off 400 more next fall, for there are only 212 votes left.

The Populist vote has been the chief obstacle which stood in the way of Democratic success in Stark county since 1893. Now that it has been removed, we shall go forward and place "Molly Stark" where she rightfully belongs, in the Democratic column.

WHY NOT TELL THE TRUTH?

"Ar no city in Ohio, where the contest was waged on strict party lines, was there any letting down in the Republican majorities that have characterized the elections in the past two or three years. Indeed, those majorities were, in many instances, increased. The Republicans won notable victories in such places as Newark, where they made a clean sweep of the city and township; Canton, where they elected their entire ticket, gaining control of the council and board of education.—Cleveland Leader.

In politics, the Leader could not be fair and honest, if it wanted to. It prints only that sort of news which tickles Republicans. When the truth does not fit, it is cast aside. How the Republicans have gained control of the Canton city council, where a Republican majority of two has been wiped out altogether, and a Democratic mayor has the casting vote in the organization of the council, we fail to see. But it would not do to let the Republicans of Cleveland know that the Democrats had rescued the city council from the Republicans in McKinley's own town. So the truth was cast aside.

There must be a cure for you somewhere. If your doctor can't cure you, perhaps he has mistaken the case. Anybody is liable to make a mistake sometimes.

BRAKEMAN HURT.

He is Caught Between the Bumpers and Escapes Without a Part of His Hand.

Herman J. Kemper, of No. 65 Patterson street, had a narrow escape from instant death and met with a serious accident at 2 o'clock this morning. Kemper is employed as brakeman on the Valley railroad, and was coupling cars when his hand was caught between the bumpers. His hand was terribly smashed, but it is believed that only his thumb will be lost. Dr. Schilling was called and took the injured man to Aultman hospital, and rendered medical assistance. Kemper was nearly caught between the bumpers about a month ago.

ROBERT H. FOLGER.

A Tribute Paid Him Upon His Re-election to Massillon's Bench.

The Massillon Independent pays this clever and deserved tribute to Robert H. Folger, an honored member of the Stark county bar: "Is not old wine wholesome, old pippins toothsome?" Let us all unite in offering our felicitations to Citizen Robert H. Folger upon his re-election to the bench of the city of Massillon, in this, his 85th year, endowed with all the blessings of sound mind and sound body.
