

NASH MAKES APPOINTMENTS.

Eastern Ohio Figures to Quite an Extent in the List.

SINGLE TAX ASSOCIATION

Meets in Conference on Saturday Delegates Present From All Over the State—News Letter From Columbus.

Special to News-Democrat.

Columbus, May 21. Eastern Ohio figures to an appreciable extent in the appointments just announced by Governor Nash and State Insurance Inspector A. J. Vorys.

George Hay, of Coshocton, and George Pate, of Youngstown, were appointed members of the commission created by the Saffin law, to investigate and make a report on convict labor and its relation to free employment, to the next general assembly.

Hay is a former member of the board of managers of the penitentiary, and Pate is the man who is endorsed by the Amalgamated Association of Iron and Steel Workers to succeed Hon. M. D. Hatchford, the present state labor commissioner, as member of the United States Industrial commission. Of course now that Pate has been given a state position, his claims for the other berth will be no longer urged.

Members of the commission will be compensated in the sum of \$10 per day, but the service of each individual must not exceed 100 days in a year. The duties cannot be considered arduous and in fact the positions are regarded as sinecures.

Thomas E. Drake, the new deputy superintendent in the insurance department, and E. P. McCorkle, examiner in the building and loan bureau, are both from Belmont county, McCorkle formerly having been auditor of that county.

The position of actuary—one of the most lucrative berths in the state insurance department—is still unfilled, that is by a new official. The emoluments of this office, it is stated, approximate \$7,000 per annum, but a mysterious feature is that there are few applicants for the place.

The fourth annual conference of the Ohio Single Tax association was held in Columbus Saturday and Sunday. Delegates were present from various parts of the state, but the attendance was not as large as was expected. "Billy" Radcliffe, of Youngstown, who has strong Populist tendencies, accompanied by his wife, was on hand as a delegate. Field Secretary Harry P. Skinner reported that the single tax movement was progressing satisfactorily throughout the state. Sunday afternoon prominent speakers expounded the single tax doctrine and discussed economic questions before a fair-sized audience, composed chiefly of local people.

The Prohibition state convention will open in this city tomorrow and the sessions will last two days. It is rumored the convention will pass resolutions disapproving the attitude of government officials on the army canteen. It is expected that Stark and Columbiana counties will be well represented at the meeting.

The Pan-American commission appointed in the last days of the Seventy-Fourth general assembly has met and organized by choosing W. S. McKinnon of Ashtabula county, president, Chas. S. Swain, of Cincinnati, secretary. The commission will have full charge of Ohio's exhibit at the Buffalo exposition next year and the members will leave for that city this week and enter upon their duties. It is declared that Ohio's display will not be discounted by that of any other state.

Secretary of State Kiney in speaking of the certification of the nominations of candidates for presidential electors, said:

"The law of Ohio requires certificate of nominations by political parties to be signed by the officers of the convention at which such candidates are nominated, and as it is customary in Ohio to nominate candidates for presidential electors in district conventions, the certificates of nomination should be signed by the chairman and secretary of such convention. In addition to stating the name of the person nominated, with his place of residence and post office address, the names of the candidates for president and vice president should be added to the political appellation, and the certificates filed with the secretary of state at least 30 days prior to the November election."

GEORGE T. BLAKE.

The hotels and restaurants were fairly well filled Sunday.

CARRIERS WERE RELEASED.

Express Company Officials Release Over 300 Pigeons Sunday Morning.

The homing pigeons which were received at the local office of the American Express company on Saturday, were released Sunday morning at promptly 7 o'clock. The six large baskets containing the pigeons were carried into the center of Walnut street and twelve men were placed about the baskets, and at a signal they lifted open the coverings and the 300 pigeons sped skyward and after circling around several times the greater portion of them started northeastward, in the direction of Buffalo. Not all of the pigeons started off at the same time, as a number of them were seen circling around over one hour afterward, apparently lost in their flight. The release of the birds caused a large crowd of people to assemble in that vicinity and quite a number of amateurs with their cameras were noted. It was not more than a few seconds until the birds were high in the sky and swiftly soaring in various directions, some times in a circle, in order to secure the direction of their destination. The flight was interesting to behold, as the birds occasionally flocked and then scattered in small numbers.

CHARACTER BUILDING.

In pursuing the subject at the men's meeting held at the Young Men's Christian association Sunday afternoon, General Secretary Boyer said: "I shall first point out the means of forming such a character, and second, offer some considerations illustrative of its inestimable value. The first step in the formation of a good character is to have a just idea of such a character. A good name is based on permanent excellence and is as inevitable as virtue and truth. It consists in a fair, unswerving reputation awarded to us by the intelligent and good on account of our good qualities and good conduct. In such a name we look first of all for integrity, independence, benevolence and piety toward God. These are the essential properties of that good name. A good name is the fruit of personal exertion; not inherited, no necessary appendage of birth, but the result of one's own exertions. No young person, however, humble their birth, obscure their condition, is excluded from the invaluable boon. Worthiest and best citizens have arisen by their own persevering exertions. In the learned professions, in every department of business, they stand forth as bright and animated examples of what can be accomplished by resolution and effort. Some start in life with an object in view; others live without plan. They do not task their faculties nor improve their powers, nor attempt to rise to superior excellence, and pass away life without object or aim. "Determine you will be something in the world and you will be something. Aim at excellence and excellence will be yours. "I cannot do it" never attained anything. "I will" has wrought wonders. Another thing of great importance in forming a good character is intercourse with people of decided virtue and excellence. Nothing more essential than the choice of your company. Your reputation is effected in the view of the public by the company you keep. Let every man take heed how he buildeth. The man of true religion stands on firm and devoted ground, his heart is fixed and his character established.

TOWN TOPICS.

Miss Adele Groesel, of Akron, was the guest Sunday of the Misses Ionia and Edith Ensign, at 1632 South Cherry street. She returned to her home in the evening.

Chester D. Potter, of the Commercial Gazette, Pittsburg, formerly editor of the Sunday Herald, of this city, is in town, renewing acquaintances with his numerous friends. Mr. Potter's work for the Commercial Gazette has placed him in the front rank of political writers in Pennsylvania.

Mrs. C. A. Lawson and daughter, Florence, of Cuyahoga Falls, Mrs. Geo. Whatt, of Steubenville, Mr. W. Lawson, of Boston, Mr. Charles DeArmet, of Springfield, Ill., were the guests of Rose B. Snyder, of 515 South Walnut street, city, Sunday.

JOHN WASHER TOOK THE MONEY.

He Got \$300 For Helping To Run Down Wm. Henderson.

RECEIVED HALF THE REWARD

The Commissioners Will Save the Other Half Till the Rest of the Gang Are Captured and Punished.

Warden John Washer, of the police department of Akron, came down Monday morning and had a conference with the county commissioners on the subject of the reward for the work done in connection with the arrest and conviction of William Henderson for the Hartong crime. After going over the case an agreement was reached by which Mr. Washer agreed to accept \$300 as payment in full for his services in the matter. A warrant was drawn and the money paid over.

There was some talk about Mr. Washer endeavoring to ferret out the balance of the guilty parties but he said that he would not undertake the task unless arrangements were made beforehand with the proper authorities for the work. Nothing has been done in the matter and no special effort will probably be made to hunt the others down.

WE WANT SLACK.

Those who pay Weekly Democrat subscription with slack will rush it in now. We need it.

WEAK, NERVOUS and DISEASED MEN CAN BE CURED.

Most men at some time have transgressed nature's inexorable laws, and through youthful ignorance or later excesses have sown the seeds of a weakness that will follow them and wreck an otherwise happy life, unless the effects are eradicated from the system and the nerves are restored to perfect health. Young Men are you suffering from this early self-abuse of later excesses, as losses at night, or in the urine, at stool, or cooing on excitement, weak and small organs, falling memory, tired in the morning, despondent, nervousness, bad sleep and dreams, easily excited and fatigued, eyes sunken with dark rings under them, lack of confidence and energy? You Need Help if you have these symptoms you are unfit for marriage or the duties of life, and must have help or your life will be wrecked. Our New Method Treatment will cure you. By its use all losses and drains are stopped. The organs enlarge and become firm. The brain becomes active. The nerves are built up and become strong as steel, and you are made a man equal to any. Middle-Aged Men who see premature signs of old age, who are troubled with too frequent evacuations of the bladder, and find a milky orropy sediment in the urine, and on account of this unnatural waste and loss of vitality, are unfit for business or marriage, our Direct Method Treatment will cure you even if others have failed. All the good in other systems has been incorporated into this, which is as perfect as science can make it. Gonorrhoea is cured by our direct method in six to ten days. Stricture and Gleet cured rapidly and permanently. No cutting or detention from business. No cases too bad. Blood Poison or Syphilis is a fearful disease. Our vegetable remedies eradicate the poison from the system thoroughly and for all time. Beware of mercury or mineral poisons. The Direct Method Treatment is the most powerful and most perfect system ever discovered. By direct action it builds up and strengthens the nervous system, stops all drains, restores lost vitality to the sexual organs, and enlarges and strengthens them as no other treatment ever discovered will do. We guarantee to refund every cent paid us in any case that we cannot cure. Do not send away for treatment. See us personally. We make a thorough examination and apply the treatment ourselves. CONSULTING FREE. Open Day and Evening.

SECURED A BIKE.

Peculiar Story Related to Police By Robert Hogue Sunday Morning.

Robert Hogue, residing at 209 Slusser street, reported the theft of a bicycle at the police station Sunday. The manner in which the machine was secured is a peculiar story. Hogue told the police that on Friday several boys called at his home and asked Mrs. Hogue for the bicycle, stating that Robert had sent them for it. Naturally when the machine was not promptly returned Friday night, Hogue became alarmed and started in search of it, but failed to learn who the parties were who got the bike. The police have been called upon to assist in locating the bicycle.

MAY DELAY CLARK CASE.

Although Chandler is Expected to Call It Up Today in the Senate, It May Go Over.

WASHINGTON, May 21.—Senator Chandler has given notice that he will ask the senate to take up the resolution concerning the election of Senator Clark, but it now appears probable that the resolution may go over again.

There is no understanding that the consideration of this resolution shall be controlled by the course of Senator Clark with reference to the presentation of his credentials as a senator under his appointment from the governor of Montana, but so far a disposition has been manifested to allow them to travel together, and it is now the understanding in the senate that Mr. Clark will not present these credentials.

It is therefore probable that the entire Clark matter may be indefinitely postponed for lack of prosecution, and that no more may be heard of it during the session. If, however, Mr. Clark should change his mind and put in his credentials, Senator Chandler would move to refer them to the committee on privileges and elections, and if this motion should prevail an immediate effort would be made to have the resolution bearing upon Mr. Clark's original election considered.
