## THE DIME SAVINGS BANK

Large Increase in the Volume of Its Business Since the Failure of the State Bank—Reasons For It.

"Every cloud has its silver lining," is an old adage that has been verified in the case of the Dime Savings Bank of this city. Since the failure of the State bank the increase of business at the Dime is proving extremely gratifying to the directors and its officers. The run that was on at the Dime some months ago proved to the satisfaction of every one that the bank is as solid as a rock and that it can weather any storm in financial matters.

One of the greatest standbys of the Dime is the high standard of its directory. Comprising as it does the flower of the city's solid business interests, F. E. Case, the president, is the head of the Harvard Chair Co. and one of the wealthiest men in the city.

Henry A. Wise, ex-probate judge, is a man of sterling qualities and solid business judgment.

Jacob I. Piper, cashier of the bank, is a painstaking and competent man who thoroughly understands his business.

Julius Whiting, Jr., is one of Canton's leading capitalists and property owners.

W. J. Poyser is one of the leading spirits in the Bucher-Gibbs Plow Co., and a large property owner.

J. P. T. Walker is secretary of the Savings and Loan Co., and a gentleman of much experience.

Oliver M. Coxen, ex-clerk of court, has excellent judgment and conservatism.

Andrew Pontius is one of Stark county's successful farmers.

L. A. Lotchot, cashier of the First National bank, needs no recommendation, as his ability is well known.

W. H. Smith, mayor of the city, completes the ten members of the board.

Canton takes pardonable pride in having a bank like the Dime, that has successfully withstood what most banks are afraid of, a run, the fact that every depositor was given his money at once upon request, and that after the run was over that it had thousands of dollars on hand, and that it did not ask any one for assistance spoke volumes for its stability and the soundness of the institution.

That the people appreciate what the Dime has done is shown by the large increase in the business recently. The failure of the State bank caused the opening of numerous new accounts in this bank, and people who are tired of trying new institutions are now going to an old reliable bank like the Dime, where they know their money will be safe.

Friends of the Dime are congratulating the institution upon the fact that it had a run when it did, as by no other means could such an excellent testimonial be shown, and just at this time the reward is coming in the shape of largely increased business, so that the apparent misfortune was in reality a favor in disguise.

## QUITS BASEBALL

Rather Than Pay Fine and Stand Suspension.

Louisville, Ky., June 2.—Charles Dexter, manager of the Louisville baseball team, today announced determination to quit baseball rather than pay a fine of \$150 and 15 days' suspension entered against him by President O'Brien of the American Association. He threatens to go into the courts to test O'Brien's right to punish him so severely, and says if he loses he will never play again. George Tebeau, president of the Louisville club, will support Dexter. The punishment is the result of Dexter's action at Kansas City last Sunday, when he refused to leave the park when ordered. The umpire forfeited the game, and O'Brien announced the punishment of the Louisville player. No legal action has yet been taken.

Only people who have been cured of throat-ache and sore lungs by this remedy can quite realize what the feeling is. There is no opium in the Balsam; its good effect is radical and lasting. ### Mails to Tahiti.

Washington, June 2.—The postmaster general has received but one bid for carrying the mails from San Francisco to Tahiti, ten trips a year for ten years. It is that of the Oceanic Steamship Co. at one dollar per mile voyage. The bid will probably be accepted.

## COUNT CASSINI

Has a "General Talk" With President Roosevelt.

Washington, D. C., June 2.—Count Cassini, the Russian ambassador, saw the President for half an hour this afternoon and talked with him of the war, but their discussion was of a general and informal nature. It was apparent that, following the repeated visits to the White House of the Japanese minister, Mr. Takahiri, the ambassador expected to be given an outline at least of the general terms on which Japan is willing to open negotiations for peace, but the President did not go beyond the statement that if Russia is ready to end the war he believes Japan will meet her half way and in a spirit which will cause no humiliation to the czar, and that he will gladly extend his good offices to that end. This representation has already been made, in the most friendly way, at St. Petersburg, through Ambassador Meyer.

Count Cassini said, after leaving the White House, that his visit was devoid of significance and did not relate to any peace negotiations. He said he had a "general talk" with the President, but had received no proposals to be sent to his government nor any intimation of the conditions Japan would impose if Russia was willing to talk of peace.

## STRIKE SITUATION SHOWS NO CHANGE

ANOTHER GRAFT STORY ABOUT TO BE SPRUNG.

This One Implicates the Labor Men Instead of the Employers—Probing Bribery Charges.

Chicago, June 2.—In spite of several peace conferences held today and tonight, the teamsters strike situation remains unchanged, with a prospect of other concerns being dragged into the matter before 24 hours have passed.

A new committee from the team owners' association tonight conferred several hours with a delegation from the strikers, headed by President Shea. At the conclusion it was announced that new propositions had been made on both sides and the teamsters returned to the joint council and laid the matter before them.

After a long discussion it was decided to refer the matter to the local truck drivers' union "with power to act." This is not looked on as very promising, as the truck men have been among the most ardent in the stand for a general settlement.

A rumor was afloat tonight that another "graft" story, this time implicating the labor men instead of the employers, is about to be laid before the grand jury. The amount involved is alleged to be \$50,000, which was to be divided among certain people for "giving up" the strike under certain conditions. The rumor could not be traced to any responsible source. Rumors of indictments to be returned by the grand jury in connection with the "bribery" investigation were flatly denied by the states attorney's office.

The grand jury probe into the charges of bribery continued today. More of the secrets of the inner room became known to the public, regarding the alleged conference at which \$10,000 is said to have been offered the teamsters' leaders to call a strike against Sears, Roebuck & Co. Fresh information is said to have been laid before the jury by M. J. Connelly, president of the National Butchers & Meat Cutters' union, who conducted the great stockyards strike concerning attempts made to bribe the teamsters at that time to call off their sympathetic strike. Other labor men told of overhearing the conference at the Sears, Roebuck meeting. Their statements are said to have differed from those of Shea and Young and will therefore not have much weight.

President Shea was before the grand jury today and is said to have made more charges of money offers in the stock yards and the Livery Drivers' strikes and investigation was begun at once concerning an alleged attempt to mule the employers' association or some of its members out of \$3,000. This last case arises out of the present strike.

Robert J. Thorne, of Montgomery, Ward & Co., was again a witness and when he left the jury rooms he said he had told the inquisitors that he never heard of a saloon such as the one named where the noted conference was held. In a later interview Mr. Thorne asserted he believed he had been made the target of a plot by men he has "put out of business." In this sense he referred to certain "grafters" in labor circles.

States Attorney Healy said this evening that the testimony in the greater part referred to events which were out of reach because of the statute of limitations. However, he added, that while no indictments could be brought under such conditions, he proposes to go ahead and investigate what promises to be a great scandal until he reaches the bottom.

The day's most important development in the strike situation was the prospect for a strike tomorrow or Monday of 400 drivers and 100 stablemen, working for the Frank Parme-

## TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter: Dear Mrs. Pinkham:— I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me.—Mrs. Mary Dimmick, Washington, D. C.

Her second letter: Dear Mrs. Pinkham:— You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or pain, and I wish every suffering woman would read this letter and realize what you can do for them.—Mrs. Mary Dimmick, 50th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life. Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

## BAIR FAMILY

Eighteenth Annual Reunion Held at Akron Thursday.

The eighteenth annual reunion of the Bair family was held Thursday at the home of Christian Snyder, at Akron, and was attended by several hundred members. The original member of the family, so far as Ohio is concerned, was one of the first settlers in Plain township. The Canton contingent left on the 8 a. m. C-A car.

An excellent program was given in the afternoon, the principal speaker being Major Bair of Canton. Other addresses were made by Rev. Grubb of Wadsworth, Rev. Chenot of Louisville and Jefferson Bair of Oval City. Music and recitations also formed an interesting part of the entertainment.

The following officers of the association were elected for the coming year: President, Jefferson Bair, Oval City; vice president, Addison Bishop, Canton; secretary, E. R. Mathie, New Berlin; treasurer, George A. Hake, Canton.

The next reunion will be held at the home of I. B. Druckenbrod on the first Thursday in June, 1906.

## Forest Fires in Manitoba.

Winnipeg, Man., June 2.—Fierce forest fires are raging in northern Minnesota and along the boundary between Fort Frances and Port Arthur, on the Canadian Northern railway, wiping out lumber camps and making villagers fight night and day to preserve their homes. The towns of Bemidji, Grand Valley, and Black Duck are threatened with destruction.

## Doing the Right Thing.

The trouble begins with a tickling in the throat and a nagging little cough. Soreness in the chest follows and the patient wonders if he is going to have an all winter cold. Probably, if he does the wrong thing or nothing. Certainly not if he uses Perry Davis' Painkiller, the staunch old remedy that cures a cold in twenty-four hours. There is but one Painkiller, Perry Davis'.

To the Pacific Coast—to California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service.
