CHICAGO GRAIN.

Chicago, August 3.—Heaviness of the wheat market was felt immediately at the commencement today and was unrelieved by anything that afterward occurred. Hope appeared to have deserted those who had previously thought prices too low, but there was not great effort made by the bears to press offerings at the lowest prices on the crop. September sold at 73 1/8 cents, the previous lowest figures having been 73 1/4@73 3/8. The close was 73 3/8, or 1-2 cent lower than final quotations of the day before. Corn was firm and must have done better on the crop news but for heavy tone in wheat. Oats was at 1-8 cent advance. Provisions had a material advance in September pork which left off at 32 1-2 cents improvement, and in ribs, which were from 7 1-2 to ten cents higher, with lard at the close from unchanged to 2 1-2 cents better for the day.
