The great popularity which MOFFAT'S LIFE PHAS and PHENIX BITTERS have attained in consequence of the extraordinary cures effected by heir use, renders it unnecessary for the proprietor to enter into a particular annalysis of their medical virtues or properties. Having been more than twenty years before the public, and having the united testimony of More than Three Millions of persons who have been restore to the enjoyment of perfect health by them, it is believed that their resultations the hear very testing the surface of the public persons who have been restore. the enjoyment of perfect health by them, it is bolieved that their reputation as the best regeta-ble medicine now before the public, admits of no dispute. In almost every city and village in the United States, there are many who are ready to testify to their efficacy in removeting disease, and giving to the whole system renewed vigor and health.

Incases of SCROFULA, ULCERS, SCURVY or ERUPTIONS of the skin, the operation of the Life Medicines is truly astonishing, often remov-ing in a few days, every vestige of these loathsome diseases, by their purifying effects on the blood. Fever and Ague, Dyspepsia, Dropsy, Piles, and in short most all diseases, soon yield to their curative properties. No fandly should be without them, as by their timely use much

suffering and expense may be saved. PREPARED BY WILLIAM B. MOFFAT. M. D. AND FOR SALE BY BOOKINS & SON, Jan. 31st, 1856-1y. Eaton Ohio.

A HUMAN LIFE SAVED!

Downstac, Aich., March 11. 1856.

J. A. RHODES, Esq.: Dear Sir—As I took your medicine to sell ou consignment, "no care, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. Coxklin told me-"I had taken nine bottles of Christie's Ague Balsam, and continually run down white using it until my lungs and liver were Congested to that degree, that blood dis-charged from my mouth and bowels, so that all thought it impossible for me to live through an-other chill. The doctors too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomache, and pain in my head and bowels, and produced a permanent cure in a

H. M. Conklin says: " I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifies without any good result, from 25th August to 18th December. But seeing how nicely it operated on my brother. I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using twe-thirds of a bettle."
S. M. Conglin was not here, but both the other brothers say his case was the same as H. M's,— I sold the medicine to both the same day, and the

cure was as speedy from the same small quantity and I might so speedy. Yours with respect.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number

one thing more. Lest year I had occasion to Caution the Public in these words:-',I notice one firm who have taken one of my general circulars sub tituted the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclomation, 'Let the proprietor of any other medicine say as much if he dare,' ' ko. Now I take pleasure in saying that the caution

referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate There are several other judustrious people wh are applying to their poisonous trash all that I publish, about my Fever and Agne Cure, or Antidote to Malaria, except the certificates of cures, and the certificate of the celebrated Chemist .Dr James B. Chilton, of N. Y., in favor of its perfectly HARMLESS CHARACTER, which is attach-ed to every bottle. These will always serve to

distinguish my medicine from imitation JAS. A. RHODES, Proprietor. Wholesale Agents, St. Louis, H. BLACKSLEY; Chicago, Barchay Bros.; Eaton, J. P. Brook-1898 & Co. And for sale by Bruggistsgenerally. April 24, 1856-8m.
