

From the Cincinnati Enquirer.

The Way it Works Where Violence Prevails - A City Precipitating its Own Ruin - Louisville, Miss. - Mob Law in the Ascendant.

The prevalence of mob law in Louisville is no secret. It is notorious. The mobsters have been kept busy for some time past, and will not tolerate any industrial class among them. Even now, we learn, the foreign-born yet lingering among them are making preparation for other homes prior to the election. There is no justice, no law, no nothing but lawless violence, where mob law prevails, as it does in Louisville.

Baltimore is involving itself in a similar fate. At its recent municipal election one-third of its voting population were disfranchised - driven from, or prevented from reaching the polls. It is the best of Louisville, with some three thousand votes cast, that gives twenty five hundred majority. Does Baltimore wish to be classed in the same category? If Louisville continue to preserve its present policy a year or two longer, it will not have three thousand voters. Does Baltimore desire to reduce its voting population to fifteen or sixteen thousand?

We do hope that the mob spirit was confined to one spot; that it had been subdued elsewhere, atough Cincinnati, St. Louis, Columbus and other places had experienced some of its consequences. They shook off the blight, however, and were not disposed to revel in their shame.

The Baltimore Republican of the 9th has the proper feeling on the subject. It analyzes the consequences of such scenes of disorder as were enacted in carrying the city for the Know Nothing. The deep degree of clothing their city in sack-cloth and ashes, to perpetuate the K. N. power, is keenly felt. The triumph of fraud and violence is indignantly rebuked, in language not to be mistaken.

Whom the Gods will to destruction they first demoralize, and if Baltimore wishes to lose all rank and character let her continue to enact her recent riots. Her example will not be followed, and her violence will only act upon herself. The fate of the suicide will be hers. Look at the picture as drawn by the Republican, of "Fraud and Violence Triumphant."

Through the instrumentality of the most outrageous frauds and unscrupulous violence, the Know Noughts have perpetuated their power in the city for another term. Nay, we say, the city disgraced by such contumacious scenes of ruffian violence, marked the course of our opponents throughout the day. The sworn brotherhood, aided by thousands who still continue to call themselves old Whigs, carried out the results of their councils. In every ward, where they had the power, they beat off the adopted citizens and many native-born, who wished to vote. Democratic tickets, openly and secretly asserting that they should not vote unless they voted for Swann.

An examination of the vote in the several wards will show the significant fact that, in every ward where peace and order was preserved, and where voters were allowed to put in their ballots, the Democratic vote has been increased, while in those wards where riot and bloodshed, violence and fraud were committed, the Know Nothing has been triumphant. This fact stands out loudly and undeniably, and stamps with eternal infamy the party which sanctions and encourages such outrages. In the First Ward, where there are a thousand Democratic votes, a fraction over four hundred were permitted to be polled. In the Fourth Ward the same infamous course was pursued. In the Eleventh Ward, we are assured by hundreds who were there, that not a Democratic vote was allowed to be deposited after eleven o'clock, the polls being completely in the hands of ruffians, who openly swore that no adopted citizen or Democrat should vote there. But it is useless to pursue the subject further. We turn in disgust from the picture which our city presents. If this is to be the manner in which American rule America, we may as well give up the idea. It is the rule of might and brute force, which must end in making the community in continued bickering and bloodshed.

Henry Clay said he would rather be right than be President, and we say we would a thousand fold rather be beaten than to succeed by such infamous means as those which have placed Know Nothingism in power. The success of our opponents has been achieved only by trampling upon the rights of others - and such triumphs bring no honor, but disgrace to the party.

REASON AND COMMON SENSE.

Our readers may remember we have on several occasions spoken in very energetic terms of a preparation which Dr. S. H. HANCE, of 103 Baltimore street, Baltimore, Md., has discovered for the cure of Epileptic Fits. Now, it being so, we have been astounded by the very best authorities, viz: the alleviation of human suffering. From circumstances which have lately come to our knowledge, we fear there is a certain class of persons who are not disposed to try this remedy in a common sense manner. We allude to the fact of selecting a particular case in a town where perhaps there are six or eight cases, and trying it on one case. Now, perhaps the case selected might be the only one of the whole number that it would not cure. This is neither doing themselves nor the medicine justice. If dozen persons were stricken down with cholera in one town or neighborhood, would they all send for a physician, or would only one employ him, and wait and see if he cured the first patient? That plan of procedure would be most absurd. So in the case of Dr. Hance's remedy, every one who has this should try it for a reasonable length of time. It will not cure in a day or week, anything worth doing can be accomplished at once. What is easily done. The growth of time is enduring. From the most respectable testimony we have examined, we feel assured that by a proper perseverance in this remedy, nine cases of Epilepsy out of ten may be cured. The Pills are sent by mail free of postage to any part of the world. Price: one box \$3; two \$5; three \$7. You will find the address above.

LIVER COMPLAINT, DYSPEPSIA and PILES.

PHILADELPHIA, March 1, 1853. Dr. C. M. JACKSON - Dear Sir - For the past two years I have been severely afflicted with the Liver Complaint, Dyspepsia and Piles, suffering constantly the pains and inconvenience attending such complaints, without energy, being scarcely able to attend to my business. I used a great deal of medicine, with no apparent change, until I used your "Hoffland German Bitters." They have entirely cured me. I am now entirely free from pain and ache of any kind, and feel like a new man in every respect, and unhesitatingly recommend your Bitters to all invalids.

Yours, respectfully, JOHN R. COBY, No. 12 Lagrange Place.

IF FEVER and AGUE cured without using Quinine, Arsenic, Mercury, Opium, or any of the poisonous drugs, or dangerous compounds, generally resorted to by sufferers from this long drawn, most afflictive, and annoying of all diseases, by resorting to Carter's Spanish Mixture, which cuts the nose of the above deleterious substances, but cures effectively and fully by acting specifically on the Liver and Skin, Purifying the Blood, and expelling the remains of old medicines with which the system has been clogged, opening the pores of the body, and allowing nature to assist itself in breaking up the disease, and recuperating its energies.

See the note of Mr. John Longdon, of Va.; he had fixed and chronic Ague and Fever; chills twice a day for three years. Nothing permanently cured him until he tried Carter's Spanish Mixture; 3 bottles of which perfectly restored him to health; nor has he had a chill since. He is only one out of a thousand who has experienced the life renewing effects of this valuable purifier of the blood.
