State and Local News.

STRANGERS IN THE CITY. AND ALL OTHERS. wishing to while away an hour in pleasant and agreeable amusement, should not fail to visit the magnificent

WINANT BILLIARD ROOM! Two doors North of the Nell House. IT CONTAINS TEN SPLENDID TABLES!

JOHN RILEY, of this city, died suddenly on Wednesday evening. He leaves a family.

The Zanesville Courier announces the death of Policeman Joseph Johnson, from wounds received in the market house disaster on Saturday morning.

There are stated to be one thousand three hundred and sixty sick and wounded soldiers in the hospital at Camp Dennison.

ARRIVAL OF REBEL OFFICERS.—Three hundred and twenty rebel officers, captured at Murfreesboro, arrived last night, and were taken to Camp Chase for safe-keeping.

HENRY BROWN, a former resident of this city, died at Groveport yesterday morning, at the age of seventy-four. His funeral will take place at eleven o'clock A. M. to-day (Friday), from the First Presbyterian Church in this city.

Rev. HECKER'S LECTURES.—Naughton Hall was again filled last night at the Rev. Hecker's lecture on "Confession and its Necessity."

THE ATHENIUM.—Let everybody remember that to-night the grand complimentary and farewell benefit of Miss Sallie St. Clair takes place in recognition of her transcendent qualities as an artist and her estimable character as a lady.

It is to be a grand comedy occasion where and when Momus is to hold his carnival. First upon the programme is the famous But nian comedy of The Serious Family, with the eminent comedian Mr. Charles Barras, in his great characterization of Amindab Steek—a part in which he is acknowledged to be unsurpassable.

GRANVILLE FEMALE COLLEGE.—The Twenty-ninth Semi-annual Examination closed on the 28th inst., having continued four days. It will be gratifying to the friends of this institution to learn that the attendance during the past session has been larger than usual; that the examination just closed has been one of the most satisfactory to all that it has ever enjoyed.

The paintings and drawings that adorned the walls of the Seminary hall were, as a whole, superior to anything we have ever seen in this institution, and it has justly been celebrated as superior to most others in this department.

The music, under the care of Mr. S. B. Hamlen and Miss Mary I. Abbott, was in better taste and more artistic than ever before. Mr. Hamlen and Miss Abbott have both been thoroughly drilled by Bossini in his method, and hence have been able to achieve remarkable success in developing the musical talent of pupils. Indeed, it is but truthful to say that they have accomplished wonders in the development of the voice in their pupils.

Those who wish to accomplish themselves in the higher departments of music, will find this one of the very best institutions in the country.

Passion.—The man who gets into a passion is said to forget himself, but the fact is, he forgets other people. The man or woman who buys another's Salaria but forgets Allen's Gold Medal, not only forgets other people and themselves, but runs the risk of getting broadcast dyspepsia, and many other evils naturally attending the human system. As you

THE FIGHT ON THE TEXAS RIVER. New York, Jan. 29.—The following is just received from New Orleans 14th inst. A force of cavalry and artillery left Brancher City yesterday for the Teche. The rebel gunboat Cotton was engaged by skirmishers and her guns silenced by sharpshooters picking off the gunners. A battery was also silenced. Lieut. Commanding Buchanan was killed by a shot from a rifle pit. Our loss was otherwise slight. Skirmishing is still going on, and the forces are advancing. LATER. New Orleans, Jan. 15.—Gen. Weisell has succeeded in destroying the rebel gunboat Cotton, and is recrossing the bay. The expedition was entirely successful.

INTERESTING TO PUBLISHERS. New York, Jan. 29.—The Associated Press are advised from Washington that the paper combination are active in endeavoring to prevent any legislation for our relief, either in obtaining a reduction or suspension of the duty on paper. We also believe the combination to put up the price of paper almost at will, and the fear of our getting foreign paper under the reduced duty only now prevents the exercise of this power. When the fear is relieved by the adjournment of Congress, we shall be forced to pay ruinous prices for paper. We therefore recommend every editor and proprietor to write to his members of Congress, Senator and Representatives urging speedy action for our relief.

LATEST FROM EUROPE. French Expedition—English Press on the Emancipation Proclamation. New York, Jan. 29.—The Edinburgh has arrived from Liverpool 15th inst. The French official documents explaining the foreign policy of the French Government were distributed among the Legislative corps. These documents say mediation in America is postponed in consequence of the refusal of England and Russia to join France, but the Emperor has refused to renounce the Cabinet at Washington that his government is still ready to mediate, provided the American Government desires that France should facilitate the task of peace either alone or collectively, in whatever form may be pointed out to her.
