Thursday, Aug. 7, 1908. For Clerk of the Court of Common Pleas, CASPAR LOWENSTEIN. For Prosecuting Attorney, EDWARD F. SHAW. For County Commissioner, ELLI M. LISLE. For Finance Director, FRED FORBES. For County Surveyor, WILLIAM P. BROWN.

White Boys in Blue, Attention. There will be a meeting of the White Boys in Blue at Thurman Hall, on Saturday evening, at 7 1/2 o'clock, for the purpose of hearing the report of the committee on Constitution and to effect a permanent organization. A full attendance is requested.

By order. I. H. MARROW, Col. Commanding.

There is talk of holding a mass convention of Sunday School children at the Rink shortly.

One reason why boys of the present day are anxious to leave the farm, is that they are not taught enough of the business to be certain that they can live by it.

Scratches in horses. It is asserted, can be cured by applying every morning a mixture composed of one dram of sulphate of zinc and two ounces of glycerine.

The only blisters before the Mayor yesterday, were John Konnager, who paid \$4 for a drunk, and Richard Allison who paid \$5 and costs, for indulging in the same amusement.

Thick Gold Chains, with a variety of lockets on them, are all the rage; something must be worn on the neck to be in the fashion; some young girls wear tiny rosebuds on black velvet, and tie the ribbon close around the neck.

IMPORTANT TO TAVEN KEEPERS. It is not generally understood, but such is the fact, that under the new revenue bill all tavern keepers selling cigars and tobacco are required to take out a special license as though regularly engaged in the tobacco trade.

The meeting at Thurman Hall, tonight, means business.

EXTENSION OF CORPORATE LIMITS.—The incorporated village of Newcomerstown, Tuscarawas county, has filed the necessary certificates and plat with the Secretary of State, for an extension of its corporate limits. Newcomerstown is spreading herself.

A GADZ correspondent of the Ohio Statesman says the Democracy of the Sixteenth District are in "fine spirits." That's a new name for corn whisky—Zaneville Courier.

How well the Courier man knows what "fine spirits" means. Experience doost.

Business of great importance to officers of Seymour and Blair Clubs, attend the meeting at Thurman Hall tonight.

To FROGGS FRAGERS.—Wipe them, wash and stick into each one three or four cloves, and place in a crock, and prepare a pickle as follows: To one peck of peaches allow three pounds of sugar, and nearly one quart of vinegar. Soak and pour over three successive mornings.

EXAMINATION OF PLACING.—We are informed by E. E. White, Chairman City Board of School Examiners, that the next examination of applicants for a certificate to teach in the public schools of this city, will be held in the high school building, September 14, beginning at nine o'clock A. M.

Officers and Executive committees of Seymour and Blair Clubs, remember the meeting at Thurman Hall tonight.

NOTICE TO TOWNSHIP TREASURERS.—The County Auditor has completed his statement with the County Treasurer, and the funds for school, township, road and all other purposes of a local character will be ready for distribution on and after Saturday, August 22nd. The Auditor will require each treasurer to present the certificate required by law that his bond is in double the amount of the funds to be received by him at this settlement.

RECEIVED BY HIM NOT INTENTIONED WITH FACTS, as McNeill was. Exchange.

You're right, Judge. Flattery is too thin an art for Grant. He likes the regular old bull-head stink—something he can feel leaning up to his nose. It wasn't flattery that caused him to fall from his horse and nearly break his neck at New Orleans. At least it wasn't flattery that way.

Executive committees of the various Seymour and Blair Clubs, attend the meeting at Thurman Hall tonight.

NUISANCE.—A complaint was filed before the Mayor yesterday against the barn of K. Fisher, alleging that it was an annoyance to the neighborhood and a nuisance. Mr. Fisher was directed to remove all cause of offensive smell and pay the costs of the complaint. People cannot be too cautious with the cholera in the East and the yellow fever in the South we are between two fires, and it behooves us to be careful.

ANOTHER VAG AT LABOR.—Night before last officer Trainor captured a vagrant who gave his name as Charles A. Mellon. He is a bad fellow, this one. As we grazed upon him we could but exclaim "What a Mellon!" He had been on a heavy drunk some time when the rain was falling and was covered with the thick coating of mud. The Mayor fined him \$5 and costs and sent him to Singers' Rest to be scraped. He hampered.

Officers and Executive committees of Seymour and Blair Clubs must not fail to meet Thurman Hall tonight.

TRANSFERRED YESTERDAY.—The following transfers of real estate were left at the Recorder's office yesterday: Geo. H. Zehner, Master Commissioner, to W. H. Daniluk, Aug. 26th, part of outlot No. 12 in the city of Columbus, for \$534.

John K. Hughes and wife to George W. Darcy, July 23d, part of outlot No. 52 of the northwest addition to the city of Columbus, for \$1,125.

THE MARKETS.—There was an immense vegetable market yesterday, attracting large crowds of purchasers. Water melons and cantaloupes of fine quality never were more abundant than now, and yet dealers somehow manage to keep prices at an advance, which few purveyors are long enough to see. We noticed some very excellent peaches on exhibition, but this fruit is likely to be indulged in only by people with the biggest kind of nerves. Green corn, potatoes and tomatoes, and other vegetables, sold at fair prices.

THE CAPITOL GROUNDS.—We are pleased to know and see that our present efficient and popular Superintendent of the State House is fond of flowers. To be sure he does not hanker after exotics—flowers brought from foreign climes—not he. But along the South side of the Square we have had an opportunity to study his taste in floral treasures. There for all his native luxuriance and beauty, green, bloom and blossom the gentle and fragrant Gynopium weed, a rare plant, and one deserving the greatest care. There, too, are plants of the order of Syngonina, chief of which is the beautiful and prolific Canada Thistle. To be sure the Legislature has forbidden its propagation, but what know they about floriculture? In all their beauty, too, covering the unsightly fence, we find here and all others of the order of Stellaria, while towering above them and adding beauty and smell is the majestic dog-fennel. All honor to our noble State Florist who refuses to remove from along the fences these treasures of nature. To be sure some people don't like them, but they are persons devoid of taste, or of extravagant notions, who would send abroad for fuschias, or roses, or Violets. Rightly, when such plants as we have mentioned can be had at home.
