General News.

[From the Kansas Herald of Freedom, April 7.]

FROM KANSAS.

We understand the Governor has determined to submit the recent contested election cases in this territory to the Attorney-General of the United States for his opinion. Gov. Reeder claims that by the act of Congress organizing Kansas, the power was vested in the Executive of deciding who was lawfully elected as representatives to the Legislative Assembly...

STAGE DRIVERS' OCCUPATION GONE.

The main route from Wheeling via Cadiz, New Philadelphia, Dover, &c., to Wooster, Ohio has been discontinued. For the past twenty or thirty years, stages passed over tri-weekly or daily, over that road, with occasional intermissions. Much of the Southern travel for the North and New York, some years ago went over this route—but railroads like a common leveler, have opened up new and direct channels and afforded better and more expeditious facilities. Consequently that jovial, jockey, and, at that time, indispensable class, known as stage drivers, who possessed divers good, but more frequently bad traits of character, are no longer entrusted with the U. S. Mails, and the lives of the traveling community. Those who followed the occupation as a profession have followed the westward movements of the stage companies; others abandoned the calling and have engaged in other occupations, as theirs in this particular region had, by the progress of the age, passed away.—(See Herald.)

THE LEBANON STAR A VERY RABID K. N.

and Whig paper, declares that among the issues to be decided by the people of Ohio at the ensuing election, will be an amendment to the State Constitution to the effect that no foreigner shall be allowed after 1855, to vote in the state until he has been here 14 or 21 years. It adds that "the Know Nothing party will never support any ticket unless it is right (that is in favor of proscription) on the suffrage question."

THE ARIZONA CASE.

The District Court of Cincinnati has granted a writ of error in the case of Arizona. The case is therefore suspended till the points involved are decided. The public now-days take great delight in sympathizing with culprits. If Arizona had murdered five or ten persons instead of blowing up but two by an infernal machine, it's doubtful whether he would have, even been put on trial.

ANOTHER SMASH OF THE CENTRAL OHIO RAILROAD.

From the Wheeling Intelligencer we learn that the eastern and western bound trains on the Central Ohio Railroad came in collision between Burnsville and Cambridge on last Wednesday night. It appears that the collision occurred while both trains were endeavoring to run on the same track at the same time. The locomotives, tenders, &c., of each train were badly smashed, and some of the passengers considerably injured. One man, whose name we did not learn, had his head severely cut.

MICHIGAN REDEMPTION.

From the returns of the spring elections from all parts of the State of Michigan, that the Detroit Free Press continues to publish, there seems to be no doubt that the Know Nothings are badly routed—a complete revolution since the election triumph of last fall. It is not to be wondered at after the monstrous silly conduct of the Know Nothing Legislature of last winter. It was as silly though not as well as the Legislature of Massachusetts now in session.

ROBERT.—Mr. Jacob Fees, a highly respectable farmer, of Davis county, Iowa, was robbed on the night of the 31 of April, of \$800 in gold. It was effected in this way: The window was raised, and small rolls of paper saturated with chloroform or opium thrown into the room, by which the house was filled with smoke, and a deep sleep came over all the inmates, and a man entered between the straw and feather beds in which Mr. F. and wife were sleeping. Linen cloth wet with chloroform, were placed over the faces of the old lady and gentleman, and thus they were kept unconscious while the money was taken from under them. There were five persons in the house, and all slept till an unusually late hour the next morning.

FIRE.—The paper mill of H. J. Cox & Co., at Zanesville, took fire on Thursday evening last, from it is supposed, sparks blown from a passing locomotive. The upper stories were much damaged, and a large stock of rags and paper consumed before the flames were extinguished. Estimated loss, \$3,000; no insurance.

HARD HIT AT GREENLEY.—Greene, of the Boston Post says: "Greenley has gone to England. He is always so 'much abroad' in his politics and 'philosophy,' it is not surprising the man should stray a little now and then. When Horace sets his face towards the east we always wish him a long and pleasant journey. It is lucky that, notwithstanding his tendency to extremes, for once he can't go 'too far.'"

PENNSYLVANIA TAKING POSSESSION OF KANSAS.—W. Y. ROBERTS, Esq., from Fayette county Pennsylvania, arrived in this city on Wednesday evening last, with a company of about fifty persons, who will locate at some point near here in this territory. They come with their families and teams, and have with them an ample stock of provisions and all the implements necessary for engaging at once in agriculture. They were in excellent spirits, and appeared the best qualified of any company which has yet arrived in Kansas to contend with old nature, and contribute their portion in making
