AYER'S
Ague Cure,
FOR THE SPEEDY CURE OF
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Hilarious Fevers, instead for the whole class of diseases, originating in malarial decomposition, caused by the malaria of miasmatic countries. Do not remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.
That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run of disease, and of a baleful distemper. This "Cure" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the development of the disease, if taken on the first approach of its promontory symptoms. It is not only the best remedy for the disease, but the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinine or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.
Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of diseases arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysteria, Pain in the Bowels, Colic, &c. In the malarious districts, it produces, in addition to the above, a general debility, which will be exerted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few ever suffer from the disease, who avail themselves of the protection this remedy affords.

ROXBURY, MASS.
DEAR MADAM—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother.
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper never fails to be restored, and you are freed from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but cancer on the stomach, then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even that you only eat does not get half the nourishment it contains. In the morning, the food of the cancerer exits it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed, and the action of the brain diseased, which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain in the hip joint when you retire, irregularity of the bowels, and also, that most excruciating disease of
PILES.
How many thousands of poor women are suffering from this disease and pining away in miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventive and the cure. With this Great and good quality, that will never under any circumstances, do you any injury.
No change of diet ever necessary—eat the best you get and enough of it.
DIRECTION FOR USE—Adults one table spoonful per day—Children over ten years dessert spoonful—children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, taken sufficient to operate on the bowels twice a day.
Yours truly,
DONALD KENNEDY,
Price \$1.00 per bottle.

WOMAN, KNOW THYSELF!
The following is the title of a new and peculiarly valuable book, just from the press—
WOMAN: Her Diseases and their Treatment.
BY JOHN KING, M. D., Professor of Obstetrics and Diseases of Women and Children, in the Eclectic College of Medicine, Cincinnati; Author of the American Eclectic Dispensary, the American Eclectic Obstetrics, the AMERICAN PHYSICIAN.
This work was undertaken by the author only at the repeated and urgent solicitation of those who have listened to his lectures for the past six or seven years; and from his own well-grounded convictions that the health and happiness of the whole country demanded a reliable and scientific treatise on the subject. The women of America are far too ignorant of their peculiar organization, and of the diseases to which they are liable; and the consequence of which is, that the sex is becoming proverbial for poor health, wretched existence and shortness of life. Physicians cannot remedy this state of things, self-knowledge, on the part of women themselves, in regard to the healthy action of their peculiar functions, the early symptoms of derangement, and the best methods of cure, can alone arrest the fatal tide of female mortality. Let the voice of warning be heeded. In the composition of the present work, several objects have been held in view;—to give a thorough account of the history, symptoms, causes, &c., of the various diseases referred to, in as condensed a manner as possible, so as to retain it within certain limits, and place it at a price within the reach of every mother and daughter in America; to state fully the treatment pursued in these affections by the most successful practitioners, as well as that which the author adopts in his own practice;—and to accomplish this in his own views, and the most carefully examined. The language of the author is chaste, and yet capable of being understood by any intelligent person. The text is well illustrated with new and appropriate engravings, of chaste and inoffensive design. The volume contains 268 large octavo pages—the print is clear, new type, and on the best white paper—and is substantially bound. Price, \$2.25.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSICIAN, as so composed that disease within the range of the action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organization, creating, in the action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy so fine and so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The following are named: Pleasid to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Headaches, Biliousness, Stomachic, Stomach, Nausea, Indigestion, Pains in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from the derangement of the bowels, and the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.
Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, &c., and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of our abundant in persons, public knowledge, who have been restored from alarming and even desperate diseases of the lungs. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and whose virtues are known, the public no longer hesitate to purchase it. It has gained friends by every trial, conferred benefits on the afflicted that can never be forgotten, and produced cures too numerous and too remarkable to be forgotten.
